BAPTISTS HEAR ABLE SPEAKERS

Men's Societies Subject Discussed

The Laymen's Missionary Movement, Church Brotherhoods and Men's Church Societies in general were the subjects discussed last evening at a largely attended meeting held in the vestry of the German street Baptist church. Rev. G. A. Lawson occupied the chair. The audience was largely composed of delegates to the United Baptist Maritime Convention, which opens this morning. Several addresses of great interest were delivered. That of Dr. DeBols of Chicago was a particularly good one, its author on account of his experience being eminently qualified to speak on the organization of men's societies in the church.

At the close of the regular meeting a special aftermeeting was held, at which many of the gentlemen interested in men's work in the church exchanged views on the matter. The result was the appointment of a committee of six to look into the matter of organizing a general association with the various brotherhoods and men's societies in the United Baptist churches of the Maritime Provinces.

Among those who addressed the public meeting were Dr. A. K. DeBols of Chicago, Dr. J. G. Brown of Toronto, Rev. W. V. Higgins, Rev. W. T. Blackhouse and Rev. S. W. Cummings. In the meeting following the public meeting Rev. W. Dockrill was the first speaker. He referred to the great success which had attended the organization of the brotherhood in the First Baptist church of Moncton. He advocated that body undertaking missionary work among the five or six hundred foreigners engaged in railway construction near Moncton.

W. G. Cross of St. John suggested that a convention of men's societies be held at the same time that the annual convention of the church took place.

Mr. Davis and T. S. Simms of the German street church also spoke. The latter thought that there might be brought about a union of the men's societies of the Maritime Provinces and the brotherhoods. He drew attention to the fact that the name of the movement, not an organization, was a movement, not an organization.

Rev. Mr. Ross of Yarmouth favored amalgamation. On motion the following committee was elected to see what could be done to effect a general organization of men's societies: Rev. G. A. Lawson, N. B. Smith, T. S. Simms, Rev. C. W. Rose, Rev. S. W. Cummings.

Dr. DeBols then gave a brief address, in which he gave an account of the successful steps taken in the district in which he lived and worked to bring about a general organization of men's societies.

PUBLIC PLAYGROUNDS CLOSED YESTERDAY

The free public playground which has been conducted during the summer on the grounds of the Every Day Club was closed yesterday afternoon for the season. The closing exercises were largely attended. The women's committee, composed of Mrs. McCallan, Miss Peters, Miss Leavitt and others, was present. Mrs. Arthur of Detroit was also present. Many of the visitors expressed themselves as being highly pleased with the display of work in the pavilion.

The prizes for the sports were won as follows:

Girls' hoop race—Annie McDonald, 1st; Pearl Lunn, 2nd.

Running broad jump—Manford McNutt, 1st; James Cooper, 2nd.

Edgar Walden, a boy of about ten years, gave a remarkable exhibition of skill in the game "Le diable."

The prizes were presented by Miss Robertson.

A CRIME THAT IS NOT PUNISHABLE.

How many people reading this article have gone into a drug store and asked for some well known and highly tried medicine and some unscrupulous druggist has said, "Yes! we have that, but have you ever tried this remedy, it is just as good and costs less." Any druggist doing this has not the interest of your health at heart, but the interest of his pocket, as he can make more profit out of the cheap substitute.

For the protection and benefit of the public, we wish to say that Dr. Fowles' Extract of Wild Strawberry has been used in thousands of homes for the past sixty-three years and has never failed to give prompt relief and cure in all cases of Diarrhoea, Dysentery, Colic, Stomach Cramps, Summer Complaint, Sickness, Cholera Infantum, Cholera Morbus and all Fluxes of the Bowels. Witness you by Dr. Fowles' you are not experimenting with a new and untried remedy, but are getting one that has stood the test of time.

Miss Lettie Reid, Vivian, Ont., writes: "Last year I suffered untold agony from cramps in the stomach and did not know what to do until a friend suggested I should try Dr. Fowles' Extract of Wild Strawberry and as I was glad to try anything I purchased a bottle.

"When I had taken four doses I found relief and since then I never fail to keep a bottle in the house."

ACADIA SELECTS PROFESSOR COIT

Harvard Man for Va
cant Chair

Dr. Hutchinson, president of Acadia University, who is in attendance at the United Baptist Convention, says that the exterior Acadia's new science building will be completed by the time the college year begins. Dr. Hutchinson also declares that the new building when entirely complete will be the finest science building in the Maritime Provinces. The report on education, which will deal with matters connected with Acadia, will be presented to the convention on Monday.

Concerning changes in the university faculty, Dr. Hutchinson informed The Sun that W. A. Coit, M. A., a graduate of Acadia, most highly recommended. For seven years he has been assistant professor in the University of Vermont. A professor of English is to be appointed within the next few days. In the department of chemistry, which is to be considerably strengthened, Principal DeWolfe of the Seminary is to give instruction.

In Horton Collegiate Academy, which is one of the Writville institutions, there will be an entirely new teaching staff. Ernest Robinson will be the head. Mr. Robinson has been for some time the principal of a school in Dartmouth, N. S. Joseph Howe of Sussex is to be house master of the Academy. Mr. Howe has been principal of the Sussex High School, and is well known throughout New Brunswick as a teacher. Arthur Foster of Falmouth, N. B., is to be a new member of the teaching staff.

In the Seminary there will be few changes in staff. A larger attendance of students is looked for.

Concerning the finances of Acadia, Dr. Hutchinson said the last year was excellent. The deficit had been practically nothing and \$100,000 had been added to the endowment fund. The interest from this amount will be available next year.

ANGUS AND STEWART LAND CHAMPIONSHIP

The New Brunswick Tennis Association resumed play in the annual tournament at Rousesay yesterday. A good many of the matches are down to the finals and it is hoped to complete the tournament today. The final round in the men's doubles was played yesterday, when Angus and Stewart landed the championship by defeating Wood and Landry. These gentlemen will receive two handsome cups awarded by the association.

In the ladies' doubles Mrs. Babbitt will play the Misses Madge and Muriel Robertson in the semi-finals and the winners will meet the Misses K. and F. Hazen for the championship. In the men's singles McAvity and W. Wood will play in the semi-finals, and the winner will play Peters in the finals.

The presentation of all the prizes will take place this afternoon. Cups will be awarded to the champions in each event and other suitable prizes for second place.

Yesterday's play was very exciting. The match between Mrs. Babbitt and Miss Muriel Robertson in the ladies' singles proved most exciting. Following is a summary of the play:

Alfred Doubles—Third Round.

Miss Hazen and Stewart, 6-3, 6-4.

The present tournament has been a most successful one.

The association held its annual meeting last evening. The following officers were elected for the ensuing year: Frank R. Fairweather, president; R. Triggs, secretary; vice-president; Cyrus F. Inches, secretary.

Next year's tournament will take place in this city.

A quiet but pretty event took place on Thursday evening in the Portland Methodist parlour, when Rev. Mr. McLaughlin united in marriage Fred Wilson to Miss Thelma G. Little, daughter of Mr. and Mrs. Joshua Little. Miss Annie May Homan was the bridesmaid, while Charles Logue was best man. The happy couple will reside in this city for the present at least.

The work of removing the Johnson street from Spring to Summer street is being rushed along. Men are working both night and day and much progress is being made. A newspaper stated recently that the building was blocking the traffic but this is not true. The building is now near Summer street. It is moved about a yard in a quarter of an hour. The building was moved to permit the erection of the Winter street annex. The excavation is now going on.

"What is the gloomiest spot on earth?"
"A summer resort when it's raining!"

MADE A SECOND ATTEMPT TO TAKE HER OWN LIFE

CHICAGO, Aug. 21.—Mrs. Mary Cassidy, who last Monday shot and killed her husband, John Cassidy, and then shot and wounded herself, made another attempt to end her life today by jumping from a second story window of the Passavant Hospital. She suffered internal injuries in the fall which may prove fatal. The woman is believed to be mentally deranged.
