

important Resolutions, which demand the serious attention of the Denomination at large. They relate to the appointment of a Professor of the Greek and Latin Languages and Literature, with a view to enable the President to devote more time and attention to the Theological Department; to the opening of the College to Students who may be desirous of joining any of the Classes, and passing through partial courses of study, whether Secular or Theological; and to the desirableness of creating Scholarships by individual benevolence, and thus laying the foundation of a College endowment. These Resolutions have been published in the *Christian Visitor*. Your Committee commend them to the serious consideration of the Baptists of New Brunswick.

The Committee are of opinion that the time is now come to make a vigorous effort in order to place Acadia College in such a position as the state of Society and the wants of the Churches demand. This cannot be effected without an enlarged annual income. They earnestly entreat the Members of this Association to meet the demand with corresponding liberality.

They most cordially approve of the recent appointment of Dr. Cramp to the Presidency of the Institution, and they rejoice to know that in this connection the rising Ministry of the Churches will be favoured with the instructions of one so thoroughly competent to aid them in their researches after Spiritual truth, and to furnish them with such stores of useful knowledge as may, with the Divine blessing, qualify them to be able Ministers of the New Testament. All of which is respectfully submitted.

I. E. BILL, *Chairman*.

[D.]

THE CHRISTIAN VISITOR.

The Committee on the Christian Visitor beg to Report:

That they have heard, with much satisfaction, of the increasing circulation of that paper. They learn that Brother I. Wallace's Agency on its behalf has been so successful, that, in the space of two months, nearly 300 additional subscribers have been obtained; so encouraging a result is highly gratifying. The Committee recommend the continuance of Brother Wallace's Agency.

With reference to the Editorial management of the *Christian Visitor*, the Committee have great pleasure in stating, that they contemplate it with unmingled approval. The *Visitor* always contains valuable information, wise suggestions, selections of useful reading matter, and abstracts of general and scientific intelligence; the whole constituting a weekly record of great interest and importance. As a Denominational Periodical, it commands entire confidence, and fully deserves it.

Your Committee recommend, therefore, that the Members of our Churches and Congregations be earnestly solicited to exert their best efforts for the extension of the subscription list of the *Christian Visitor*. They regard its increase as essential to the true welfare and advancing prosperity of the Denomination.

DAVID CRANDAL, *Chairman*.
