Sexton, of the famous Brown University battery of Sexton and Tenney of the early nineties, was tonight announced as next year's baseball coach at Harvard. FREDERICTON AD KILLED AT RACES

Little Alexander Robinson Run Over by Speeding Mare and Died from Injuries—Parish Changes Rumored.

Fredricton, N. B., Dec. 27.—The Christmas season did not pass by here without its tragedies. While the horse races were in progress on the ice in front of the city on Monday afternoon, Alexander Robinson, the thirty-year-old son of Howard Robinson, an I. C. R. employe residing at Gibson, fell on the track as he was trying to get out of the way of some rapidly approaching horses. The fast bay mare Kate Willard, 22 1/4 driven by her owner, Albert Smith, of the New Brunswick Foundry, ran over him and the sleigh struck the boy in the back, killing him almost instantly. He was badly bruised about the back and kidneys. The little fellow died a few hours later at his home from an internal hemorrhage caused by the accident. It was a sad ending of the Christmas celebration in the boy's home. A eulogy is to be appointed to assist Rev. Father J. J. Ryan, of St. Mary's. The territory in his parish includes a very large area, embracing St. Mary's, Marysville, Stanley, Tay Creek, Maugerville and other points. Rev. Walter Donague, who was ordained last week at Cork, will, it is believed, be appointed. It is rumored in Roman Catholic circles that certain other changes may take place in Sunbury county, and that the portion of the Rev. C. P. Carleton's parish, which includes Fredericton Junction, may come under other jurisdiction, owing to Father Carleton's parish being now too large.

MICHAEL KELLY SENDS GREETINGS TO N. B.

Temperance Worker Speaks of Purpose of His Campaign—Has General Cause as His Aim.

To the Editor of The Standard: Sir,—Allow me through your columns to greet my Christian and temperance co-workers in New Brunswick. Though residing in another province, I expect in a few days to resume my labors in New Brunswick. Though a member and officer of the Grand Lodge I. O. G. T. of N. B., and working under its auspices, I am also a member of the S. T., having joined that noble Order thirty-three years ago, and have been prominently identified with it ever since. I have several tours through the province, I have ever made it an invariable rule to speak in behalf of the local society, utterly regardless of its temperance appellation, and where I found dormant organizations affiliated with other temperance bodies, I have, in every case, strongly advocated their resuscitation. I have always been more deeply interested in the general cause than in any particular organization. I realize that like the Christian Church, though made up of different branches, and known by different names, our aim is one. Where no temperance body existed, I have always endeavored to found a Templars' Lodge, but where any other order had a footing I have always regarded, as a very detrimental to the general cause, the establishing of a second society. I purpose pursuing exactly the same course in the future, and in carrying out this plan I will not submit to any interference or dictation, prompted by a spirit of narrowness or bigotry. I labor for the mental, moral, and spiritual elevation of the people, and in this work I earnestly solicit the hearty sympathy and help of all. My aim is the immediate prohibition of the accursed liquor traffic, the reclamation of drunkards, the saving of women, and the preaching of the Gospel of Christ. My motto is "Labor with all for the good of all." The press and public have already done much, for which I feel profoundly grateful. Thanking all for past favors and soliciting your continued confidence and support, I am, with best wishes, Yours in the good work, MICHAEL KELLY, Digby, N. S., Dec. 26, 1910.

The Nickel was filled to overflowing last evening, and in the afternoon the children and ladies attended in unusually large numbers, evidencing an appreciation for the Yuletide good things put on. Today the picture will be changed with the following films as features: "Caught by Camera," a Mexican drama of an exceptionally clever quality; "Up the Bernese Alps," a mountain railway trip to a height of over a mile and a half. There will be a rough-and-tumble French comedy, and a strong drama. In addition, The Nickel's weekly tradition of already having shown Count Tolstoy's "Anna Karenina," "English Election Scenes and Portraits and the American and British Sailors on Parade in London." The Page & Moresby instrumental duo made an even greater impression upon yesterday's audiences than those of the crowded holiday. Their songs, with harp, mandolin, mandola, banjos, and xylophone, had a very catchy and classy. The holiday matinees are bumper these days—there's a reason. Emery White and the orchestra. Reflection from Engine. C. V. & J. T. Wilcox state that the alarm on Christmas night which brought the department to their corner was needless. There was no fire, and no smoke either in their place or in Mr. Coburn's establishment. The reflection from the big electric sign led someone to pull the hook and resulted in a certain amount of damage being done to the glass and doors in the building.

DEATH DRAWS HAND AND LOSES

Des Moines, Iowa, Dec. 27.—Death drew a hand and was defeated in the longest card game being played in the United States by four men whose combined ages are more than 270 years. The game of cribbage for a million points that had already lasted for 24 hours was suddenly interrupted a few weeks ago, when one of the players, Sam Neidig, was sent to the hospital dangerously ill. But death lost, and Mr. Neidig is back in his chair playing with his three friends the last 200,000 points of the score. At the rate the game has progressed it will require about two years more to finish. The players are all prominent Des Moines men. They are Mr. Ward, Mr. Neidig, Colonel J. C. Loper and W. N. Heaton. They meet and play once a week at the home of one of the players. "Though they have played eight years and run up a score of 80,000 none of the players has ever held the possible twenty-nine hand, though several twenty-eight hands have materialized. The players have ascertained that at the rate of playing the twenty-nine hand has a mathematical chance of appearing once in one hundred years. They have almost abandoned hope of seeing it played before their million points are finished in the novel contest. Mr. Ward and Mr. Heaton are playing against Mr. Neidig and Colonel Loper. There is a stake at the end of the game, but it is a storm secret. The threatened interruption by death caused the players some delay and they are planning to meet twice a week to make up time.

WILL PARDON BRITISH SPIES

Berlin, Dec. 27.—The Kaiser, in accordance with tradition, unquestionably will pardon Capt. Trench and Lieutenant Brandon, British spies, before they have served more than six months. King George's Coronation is regarded as the time the emperor will choose for the exercise of clemency. The Anglo-Phobe press, however, is already howling against shortening the period of the Englishmen's detention. The German Navy League and its highly placed backers are expected to seize upon the trial as a pretext for launching an agitation for a gigantic new naval program.

90,000 VOTE FOR STRIKE

Rome, Dec. 27.—More than 90,000 railway employes in this city have just completed the taking of a referendum to determine what attitude they should assume in order to bring an amelioration of their condition. By a great majority the men declared in favor of the instruments of strike and "sabotage." In France the term "sabotage" has come to indicate organized acts of violence, such as the destruction or crippling of machinery or other property in order to force a suspension of work. As adopted in Italy it is probable that the word is used in the sense of "to harass," the authorities in their efforts to restore communications over a railway line, the employes of which are on strike.

Presentations.

R. J. Armstrong, proprietor of the Queens Rink, has presented season tickets to the children of the Wiggins Male Orphanage, and the Protestant Orphan's Home. His thoughtful generosity is greatly appreciated. The altar boys of the Cathedral presented to Rev. A. W. Meahan, a purse of gold and a box of cigars on Christmas night. The presentation was made on behalf of the boys by Edward Powers, and Warren Nugent read an appropriate address.
