The Moncton lighting department today practically completed the work of installing new machinery and improving power engine and a large generator, equal to the capacity of all the other generators in the station. The new machinery started up today for the first time. The new engine and generator are capable of carrying the entire load of city electric lighting.

Moncton, N. B., June 24—Provincial Constable Belyea returned last night from Bayfield, where he has been taking a hand in the search for the Cremona children. He agrees with Police Officer Chappell that the children are not dead, but will yet be found. Belyea says he will return with the children, and he is confident of the mystery. He accuses the theory that the children strayed into the woods and were lost.

The horse races billed for yesterday on the Moncton track have been postponed until next Tuesday afternoon, on account of rain. Many horsemen were here to take the races, and we had many disappointed.

In the course of a stirring sermon to the Independent Order of Foresters this evening, Rev. J. B. Dawson, who is attending the conference at Marystown, spoke in strong denunciation of the United States meat revelations. This was a day of awful disclosures, he said, but he thought it was for the good of the people. The insurance investigations also came in for comment.
