

CO., Limited St. John, N. B.

BREWING BIG CONCERNS

panies to Manufacture Rods on and Steel Co.—Maritime Ends—Mr. Pender Away on

tant. It was expected that this would be fully protected in such time as would permit of its being shown at the dominion exhibition.

The steel wire and nail manufacturing business in the dominion is now very much of an issue. A large merger has recently taken place by which four big concerns, such as the Montreal Rolling Mill, and others Toronto and London, have been made one. Max Aitken is the leading mover in this. Some time ago there was a tentative move on foot toward the including of St. John firms in this. Nothing of this kind has yet taken place, however, and it is stated on good authority that there is no likelihood of it.

The big fight now on is between the combine and the Dominion Iron & Steel Company. The merged companies have declared their intention to embark on the manufacture of rails in opposition to the Dominion Iron & Steel Co., and the latter, in retaliation, now plans to commence the manufacture of nails. It is planned to erect an addition to the Sydney plant for this purpose. In order to compete for the western trade with the combine, the Dominion Iron & Steel Co. is said to plan to send shipments of 25,000 packages at a time in its steamers, to Montreal, and thence through the great lakes to Fort William. In order to do this without transshipment, the company's steamers will be cut down so as to admit their passage through the canal locks.

The local companies are now apparently independent of any other. The Maritime Nail Works, until recently, held a large amount of stock in one of the western concerns, but this was lately sold.

stream silk tunic over white lace. Rev. Miss Traflet was the officiating clergyman, assisted by Rev. H. Smith. Many of the immediate friends and relatives of the contracting parties were present. Mr. and Mrs. Ellison will reside at 26 Summer street. The popularity of the young people was attested by the large number of beautiful and costly presents received.

Kincaid-Carney.

Thursday, June 16.

David W. Kincaid, of Cady's, Queens County, and Miss Sophie M. Carney, of McDonald's Corner, Queens county, were married yesterday morning at 10 o'clock at the Victoria street Baptist church parsonage, by Rev. B. H. Nobles. They were unattended. After the ceremony they left on the steamer Calvin Austin for Boston.

CHATHAM MAN SERIOUSLY HURT

Chatham, N. B., June 14.—(Special)—William McAusland, better known as "Scotty," was seriously injured this morning while working in a coal steamer at the plant of the Dominion Pulp Company. He was on a platform handling the bucket and stepped off the end of the platform.

He fell twenty feet, struck the side of the vessel on his head and fell into the water. He was rescued with a great deal of difficulty and taken on board the ship and Dr. Byrne found that the plate of his skull had been broken, he had been terribly cut on the head, had cuts on the chest and neck and that one shoulder was badly injured. He was unconscious for some hours. He is now at the Hotel Dieu, but his recovery is doubtful.

In a sporting exhibition last night, there were two preliminaries of three rounds each, after which Billy St. Clair ("Billy Rhodes") and a young fellow named Kirk Bristol, late of Moncton, battled against each other for one round. The bout ended in the fifth when Bristol, on the verge of a knockout, was obliged to give up, being unable to face a shower of uppercuts.

THREE NEW SAWMILLS ON THE MIRAMICHI

Chatham, June 14.—There will be three new mills on the Miramichi ready to begin sawing during the present month. J. H. Crandall, of Moncton, has secured a site about a mile above the town and has brought a portable mill to the town by rail. Mr. Crandall has about two millions of feet of lumber now in the river and he has a rotary and lathe machine and will give employment to twenty-five men.

W. & R. Walsh, of Chatham, have about completed the construction of their new mill on the waterfront. The firm is somewhat uncertain as to their future operations, as it is possible that the government may appropriate their wharf (upon which the new mill stands) to be used in connection with the new Nelson-Loggie building on the wharf. It should this not be done, the firm will shortly begin the removal of the machinery from their woodworking factory, which stands some distance from the waterfront, to the new building on the wharf. In addition to the machinery from the old plant they will install a rotary saw for sawing long lumber and a box shank machine. They have already put in a 2 1/2 inch machine and began sawing laths last week.

CANADA HAS FREE HAND IN TREATIES

British Government Has Assented Questions Answered in House of Commons Monday

Ian Hamilton Succeeds Kitchener in the Mediterranean Command—King and Queen Receive Earl Grey—Liberal Won Bye-Election Monday.

Canadian Associated Press

London, June 20.—The king and queen received Earl Grey in audience today.

Sir Ian Hamilton has been appointed to the Mediterranean inspector-generalship of the overseas forces. General French is now inspector-general of the home forces.

In the Commons Under Secretary Seely stated in respect to Canada's commercial treaties that they are made with the full knowledge and consent of the colonial office and said the same course would be adopted in respect to the other self-governing overseas dominions.

In the house of lords Lord Lucas stated that the overseas dominions would be asked at the next imperial conference whether they approved of the idea of an inspection of their forces by the commander-in-chief of the Mediterranean forces. Earl Grey emphasized there was no question of this country sending an officer, however eminent, to inspect the self-governing overseas dominion forces except at the request of the respective governments. The impression was formed at the last colonial conference that there was a "red line" drawn in the sand as to the character of the forces through the different parts of the empire, and the colonies would welcome such an inspection as a suggested. It would not necessarily be a periodical inspection.

In the House of Commons the vote was: Liberals, 6,159; Tories, 5,993.

Hamilton Succeeds Kitchener.

(Associated Press.)

London, June 20.—General Sir Ian Hamilton, adjutant of the forces, has been appointed to the post of inspector-general of the Mediterranean forces, to succeed Field Marshal Lord Kitchener, whose resignation was communicated officially to the house of commons by War Secretary Hal-dane on June 13.

Lord Kitchener was appointed to the Mediterranean command last August to succeed the Duke of Connaught. There was strong agitation to have Kitchener appointed to a more worthy place, and many protests against relegating the best organizer in the British army to such a post.

Lord Kitchener's resignation, therefore, occasioned no surprise. General Hamilton is second military member of the army and was chief of staff to Lord Kitchener in 1901-2 in the Boer war and was one of the defenders of Ladysmith. He served as military representative of Britain with the Japanese army in Manchuria in 1904-5.

The "STRENUOUS" ONE HAD TOUGH TIME BUYING A STRAW HAT

Roosevelt Led Crowd at His Heels as Merry Pace in His Rush to Get Rid of "Topper."

New York, June 20.—Theodore Roosevelt today the life he has chosen for himself as a private citizen. He has his own ideas of what the country shall do with its presidents, and after a single day of rest at Sagamore Hill took up his work today as a contributing editor of the Outlook.

Not even the fact that his son was in the city this afternoon detained him from his desk.

The dispatch boat Dolphin, on which Mr. Roosevelt left Oyster Bay late last night, was Secretary Meyer of the navy department as his host, brought him into New York early this morning. He went directly to his office and immediately plunged into the mountain of correspondence which has been accumulating for him. Two hours later he appeared on the street and was immediately recognized by the crowd. Before he had walked half a block westward toward Fifth avenue, he was followed by a throng that blocked the sidewalk.

The sun was beating down with an intensity that made a top hat unendurable. The colonel plunged for hatters at a speed that made the crowd behind him to keep back. He passed the offices of the publishing house that will bring out his forthcoming book on his hunting trip, he stopped a tall portrait of himself, framed in red, blue and gold.

"That's a pretty nice hat," was his comment. A handy isn't it?" was his comment. A handy isn't it?" was his comment. A handy isn't it?" was his comment.

He was close by. It took the crowd just two minutes to buy a wide-brimmed straw hat with a black band. Then he looked it at the same amazing speed as his new offices again.

TWO MEN DEAD IN CHIGNECTO MINE

Explosion Snuffed Out Lives of Colliery Inspector and Assistant

OPEN LAMP BLAMED

Bodies of Victims Found on 1900 Foot Level After All Day Search—Tragedy Likely Result of Violation of Rules.

(Special to The Telegraph.)

Amherst, N. S., June 20.—Two men, whose duty it was to see that the colliery of the Maritime Coal Railway & Power Company at Chignecto was safe, are dead as the result of an explosion in the mine at 3 o'clock this morning. Battered, bruised and disfigured by the force of this explosion the body of William Stevens, the explainer of the Chignecto mines, was found at 9 o'clock this evening in the east section of the 900 foot level.

Deceased, accompanied by a young lad named Wood, went into the mine about 2 o'clock this morning to test the different levels and balconies, before the first shift went to work. Shortly after they went down into the mine the muffled roar of an explosion was distinctly heard at the mouth of the pit and the alarm was at once sounded, which brought the men in force to the bank head buildings. It was not known in what part of the mine the explosion occurred and the presence of gas following the explosion made the work of rescue a slow process. Men and management labored together to clear the slopes and levels of the deadly gas and as fast as the gas receded the searching parties advanced. Late in the afternoon the body of Wood was found in the east section of the 1,900 foot level. His body was but slightly marked. Beyond the place where the body was found there was a heavy fall of coal and it was not until this evening that the body of Stevens was reached.

Wood's parents, residing at Chignecto, are Mr. and Mrs. J. S. Phinney, a man of about thirty-five years of age. He has been working at Chignecto for about three years and was generally liked. Last week he was at Springhill taking the examinations to qualify for the position of overman or foreman. His body will probably be taken to Springhill for interment.

There was no evidence of fire following the explosion, and work could probably be resumed at once, but out of respect for the memory of the men who lost their lives the colliery will be shut down for a few days.

It is thought that the examiners may have been using the open lamp, though the closed lamp is the type that should be employed. The men prefer the open lamp used at greater risk because of the better light it gives in their work. No special evidence of gas had previously been found in the mine, but this accident will probably mean that the use of the closed lamp will be enforced. If it is true, as supposed, that the open lamp was the cause of the explosion, it is noteworthy that the men who were the guardians of the mine's safety should be the only victims of this explosion.

Sector William Mitchell, of Montreal, is the president of the company. The directors were at the mines on Saturday making an inspection of the property and for the purpose of ordering the plant of the Canada Electric Company, which supplies light to the town of Amherst. The coal company also own the Joggins mines. The company has spent some \$400,000 in developing the mines in the last few years and the management has been aggressive and successful.

Principal Assessor Sterling has completed work on the city assessment roll and this morning handed out the statistics. The rate per \$100 is \$1.50, against \$1.43 last year. Real estate valuation is \$2,881,210; personal property, \$1,472,647, and income \$388,025, making a total of \$4,742,872. The number of polls is 1802, against 1760 last year.

Henry Morgan, father of Miss Morgan, milliner of this city, is dead in Ottawa. Miss Morgan went to Ottawa last Tuesday.

Aid. H. C. Jewett in endeavoring to stop a runaway horse at the trotting park this morning, was thrown to the ground and dragged some distance. He received a severe injury to his leg.

A. H. Borden, late of Halifax, is here today, conducting military examinations at the Normal school. All the student teachers are now required to pass in military drill and physical training.

The divorce court will meet here on July 5.

Louise Leach, of Kingsclere, and Miss Louise Webb, of this city, were married last night at Peter church, Springhill, this afternoon by Rev. Mr. Sheehan.

J. Brooks, B. A., who was this month graduated from the U. N. B., has accepted the position of principal of the Superior school at Fredericton Junction, and will enter upon his duties there at the commencement of the next school year.

TO DOUBLE OUTPUT OF VANCOUVER COLLIERIES

Halifax, N. S., June 20.—Premier Murray will leave for Sydney tomorrow in a special car for North Sydney where he will spend the summer.

Heat Prostrates Eleven in New York.

New York, June 20.—Eleven persons were prostrated by the heat in Manhattan and Brooklyn today, although the thermometer by official reading was only 83 degrees. None of the victims will die.

COLD JUSTICE IN ONTARIO COURT

Appeals of Two Murderers, Sentenced to Die, Are Refused

GAMBLERS HIT HARD

Fines of \$1400 and Costs Imposed on Nine Toronto Men for Making Hand-box—Cobalt Saloon Keeper, Who Bought One and Sold it Again, Must Serve Sentence.

(Special to The Telegraph.)

Toronto, June 20.—The court of appeal today confirmed the conviction of Barber, alias Neilson, the Cobalt saloon keeper found guilty of selling one, though he was not a mine owner or agent. Barber took the ore in over his shoulder, brought it to the J. E. Wilkinson Company, Toronto, who paid him for the amount of silver in it. He received over \$10,000.

"We do not think it would be merciful to the prisoner to direct a further trial," decided Chief Justice Ross in pronouncing the judgment of the court of appeal on Robert Henderson, found guilty of the murder of Miss Margaret MacPherson, near Peterborough.

The court decided that Pasquale Ventraci must look for no hope from the weaker permits, returning to Halifax September 1. The engineering staff, in charge of Mr. Parizeau, of Ottawa, will remain until the ice clears and then start overland for Winnipeg.

The government steamer Stanley is fitting out for Fort Churchill, and will depart for the ice fields and then start overland for Winnipeg.

The steamer Earl Grey will go to Picton in a few days and will proceed thence in August, to Behring to bring the governor general home from Hudson Bay to Quebec.

STIFF SENTENCE FOR ELECTION OFFICIAL

Gets Four-and-half Years for Making False Return of Primary Result.

Pottsville, Pa., June 20.—Four years and six months in prison, to pay the cost of prosecution and the cost of extradition from New York, and to be for ever barred from holding public office in Schuylkill county, was the sentence pronounced in the Schuylkill county court today on M. M. Cuff, an election officer in Shenandoah, convicted of a charge of making a false return at the primary elections in June last year. When warrants were sworn out for the arrest of certain Shenandoah men, Cuff left the state and was arrested in New York, where he resisted extradition.

REPORT NOW THAT NEVADA WILL BAR THE BIG FIGHT

San Francisco, June 20.—News that Governor Dickerson of Nevada, may declare himself against the holding of the Jeffries-Johnson fight in the sage brush state was received at the Johnson camp today. Johnson himself was the recipient, but he refused to divulge whence the information came.

It cast a noticeable gloom over the training quarters. Jack said that he intended to leave the beach Thursday evening for Reno, but that he would wait till he received word from Tex Rickard or Manager Flanagan that Governor Dickerson was of the bout.

As to the disposition of tickets purchased already under guarantee of the Metropolitan Trust and Savings Bank, the following statement was issued today by President Alfred Meyerstein:

"People who have purchased tickets with our guarantee will receive their money back in case they do not care to go to Nevada. As soon as the promoters officially give up, we will return the money. That, however, may not be until July 5."

Jack Gleason said: "There is no disposition to make people buy tickets they took with the understanding that the fight would be held in California. Those who desire can have the same seats in the Nevada arena."

PREMIER MURRAY GOING TO NORTH SYDNEY FOR THE SUMMER

Halifax, N. S., June 20.—Premier Murray will leave for Sydney tomorrow in a special car for North Sydney where he will spend the summer.

Heat Prostrates Eleven in New York.

New York, June 20.—Eleven persons were prostrated by the heat in Manhattan and Brooklyn today, although the thermometer by official reading was only 83 degrees. None of the victims will die.

ADMIRAL KINGSMILL FINDS HALIFAX DOCKYARD BUILDING SUITABLE

Will Be Turned Over to Canadian Government July 24—Schooner Fitting Out at Halifax for Exploring Expedition in Hudson Bay.

NIOBE READY SOON

Halifax, N. S., June 20.—Admiral Kingsmill is in Halifax in connection with dockyard arrangements here for naval and marine and fisheries requirements. He finds that there is ample room in the dockyard for both purposes, the marine and fisheries taking the southern portion, and the naval department the northern. The old naval hospital will be used for the cadet college.

The admiral says the Niobe will be turned over to the Canadian government on July 24, and in ten days thereafter will be ready to sail for Halifax.

Admiral Kingsmill will sail for England at the end of next week.

The schooner Chrissie G. Thomey, purchased by the Dominion government for an exploring expedition, will sail for Nelson River, Hudson Bay, next week. Her company will consist of six of a crew and an engineering staff of six. The vessel will remain in Hudson Bay as long as the weather permits, returning to Halifax September 1. The engineering staff, in charge of Mr. Parizeau, of Ottawa, will remain until the ice clears and then start overland for Winnipeg.

The government steamer Stanley is fitting out for Fort Churchill, and will depart for the ice fields and then start overland for Winnipeg.

The steamer Earl Grey will go to Picton in a few days and will proceed thence in August, to Behring to bring the governor general home from Hudson Bay to Quebec.

BILLION-DOLLAR TRADE IN SIGHT

TEDDY, JR., NOW A BENEDICT

Wedding Monday Witnessed by a Fashionable Crowd

Cordon Kept Army of Curiosity Seekers from Mobbing Church—Edifice a Floral Tower—Bride Got 600 Presents.

(Associated Press.)

New York, June 20.—Theodore Roosevelt, jr., and Miss Eleanor Butler Alexander were married at 4 o'clock this afternoon in the Fifth avenue Presbyterian church. Bride and groom knelt on white satin cushions for their responses. The bride's voice was inaudible but young Roosevelt said "I do" with an emphasis that brought many smiles among the guests.

Long before the hour set for the wedding, the neighborhood of the church was packed with crowds of the curious. A special detail of 100 police held them at a distance to prevent their peering through the texture of the dresses of guests. Over the shoulders of the officers peeped milliners and dressmakers, note books in hand.

Miss Alexander was escorted to the church by the same mounted officer, an old cavalryman of Spanish war days, who rode at the elbow of Theodore Roosevelt last Saturday in the land parade from the Battery to Central Park, and when she came out as Mrs. Theodore Roosevelt, jr., he saw her safely to the reception given after the ceremony at the home of Mrs. Charles B. Alexander, an aunt of the bride.

Conspicuous among the guests were forty-two rough riders in full uniform, who responded to an eleventh-hour hurly call by Col. Roosevelt. The troopers sat in the gallery. When the colonel had taken his place with dignity, he turned to look for them and, when they waved at him, waved back again with boyish freedom.

More beautiful floral decorations than those of the church today are not remembered at any of the brilliant weddings to which a sophisticated city has grown used. The bride walked to the altar down a lane lined with white roses and thence to the altar. Each pew was outlined with roses on a background of feathery ferns. Pink rambler roses almost hid the organ. The pillars were wreathed in roses.

Colonel Roosevelt sat with his wife and their children, Quentin and Archie. He hid them sat Mr. and Mrs. Nicholas Herriot and Janetta Alexander, cousins of the bride; Miss Jean W. Delano and Miss Jessie Millington-Drake. They wore leghorn hats trimmed with pink roses, white chiffon gowns with point d'esprit fichu, caught up with blue ribbons. Bouquets of pink rambler roses were in their arms. Kermit Roosevelt, a brother of the bridegroom, was the best man.

The wedding was witnessed by Mrs. Russell Sage, Mr. and Mrs. C. B. Alexander, John Burroughs, the naturalist; Rear Admiral and Mrs. Cowles (Mrs. Cowles is a sister of Theodore Roosevelt); Mr. and Mrs. Douglas Robinson, Mr. and Mrs. Joseph Alsop, Dr. and Mrs. J. A. Hartwell, Miss Jennie Crocker, of San Francisco; Dr. Samuel Alexander, Mr. and Mrs. Archibald S. Alexander, Mr. and Mrs. S. R. Bertrou, and Mrs. Meyer, of Boston; Mrs. Marjorie McCook, Mayor Gaynor and Mrs. Gaynor. Governor Hughes sent his regrets.

There were 600 presents to the bride, but her husband would not permit a list of them to be given out. Those acknowledged by the donors were a diamond medalion from Mrs. Russell Sage, a diamond tiara from C. B. Alexander, a dozen silver plates from Mr. and Mrs. Andrew Carnegie, an imposing silver water pitcher from President Taft, and a gold vanity mirror from Mrs. George J. Gould.

After the honeymoon is over the bride couple will take up their residence at San Francisco, where young Roosevelt is to assume the sales management for the carpet company by which he has been employed since his graduation from Harvard University.

Canada Will Reach It in Two Years

Volume This Year is Likely to Exceed \$800,000,000

Exports and Imports for Past Two Months 25 Per Cent. Greater Than Same Period Last Year—Some Startling Increases.

(Special to The Telegraph.)

Ottawa, June 20.—The figures of Canadian trade for May, issued today, show another record advance over last year. The total trade for the month was \$50,187,972, an increase of \$14,276,236, or more than thirty per cent, as compared with May of last year.

The imports totalled \$38,821,983, an increase of more than \$10,500,000, and the largest increase on record for any one month.

The exports of domestic products totalled \$18,347,432, an increase of \$2,837,225. The imports of foreign products totalled \$18,347,432, an increase of more than \$1,000,000.

Of the first two months of the current fiscal year the total trade of Canada was \$105,171,866, an increase of \$25,250,000, as compared with the corresponding months of last year.

At the present rate of increase, Canada's total trade will within two years reach the billion-dollar-a-year mark. For the current year indications point to a total trade of more than \$800,000,000.

The customs revenue for last month was \$5,618,490, an increase of \$1,576,170, as compared with the corresponding month of last year.

TWO DEAD AND ONE DYING IN KENTUCKY ROW

Jackson, Ky., June 20.—Another man and a woman are dead and a woman is perhaps fatally wounded, following a quarrel, which had its tragic end Sunday at Lett's Creek, Breathitt county.

News of the tragedy became public today. The alleged slayer is Asbury Spicer, who figured prominently in the Hargis and Mocker feud and in connection with the murder of Dr. Cox.

The victim yesterday's shooting are Spicer's nephew, Asbury Fugate, Mrs. Demit Johnson, who lived in Fugate's household, and Fugate's mother, the latter a sister of Spicer. The two former were killed.

The affray is alleged to have been the result of a business disagreement.

ARREST OF LEADERS NIPS REVOLUTION IN NORTHERN MEXICO

Cananea, Mex., June 20.—The premature discovery of smuggled arms and ammunition followed by the arrest of leaders of the discontented faction and the proclamation of martial law in Cananea and other border towns, probably has checked and discouraged a serious outbreak against the Mexican government, scheduled to take place on June 26, election day.

The revolutionary movement originated among young men in northern Mexico, followers, it is said, of General Bernardo Reyes, now in Europe, and of Senor Madero, candidate for president, now under arrest in Monterey on the charge of causing crowds to form. The discontented faction demands political liberty, free speech and the right to vote. They announce that they will go to the polls on election day prepared to fight if denied their constitutional rights.

Hudson Freighter Destroyed by Fire.

Hudson, N. Y., June 20.—The freight steamer W. D. Credell, owned by the Catskill and New York S. S. Company, was destroyed by fire this afternoon, while lying at Athens, across the river from Herk. Her crew escaped unharmed. The vessel was at her dock when the flames were discovered and buildings along the waterfront were endangered. A ferry boat towed the steamer onto the flats, where she burned to the water's edge.

Post Card Campaign Against Big Fight.

Columbus, Ohio, June 20.—The chairmen of the "Stop that fight" post card movement which claimed a share of the credit for removing the Jeffries-Johnson fight from California, announced tomorrow a similar movement of protest to Governor Dickerson of Nevada would be started against the holding of the contest in Nevada.
