DISRESPECT TO LEGISLATURE

Members Complain of Press Publishing Central Road Report Before House Got It

A SHORT SESSION

Local House Adjourns Till Tonight Out of Respect to Late Thomas Robinson, M. P. P.—Likely to Attend Funeral in a Body—Debate on Address Resumes This Evening.

Special to The Telegraph. St. John, N. B., March 6.—Great surprise was expressed here tonight among the members of the legislature, when it was found that the report of the Central railway commissioners had been published in tonight's Globe and Standard. As the report had not been presented to the lieutenant-governor-council and the legislature, its publication beforehand was considered a breach of parliamentary etiquette. The members were equally surprised at the enormous deficit of the road.

Special to The Telegraph. St. John, N. B., March 6.—The house met at 3 o'clock. Hon. Mr. Hazen introduced a bill to amend the County Court Act, and explained that it made it time for appearance in County Court cases ten days and that the same should be in harmony with the present practice. The bill was passed.

DR. DANIEL STIRS PARLIAMENT

Wants to Know Why Flag Wasn't Flown, St. David's Day, on St. John P. O.

OTHER "OUTRAGES"

Military Buildings and Railway Station Were Also Bare of Bunting on the Same Day—Dr. Pugsley Soothes the Irate Member and Sir Frederick Borden Helps.

Special to The Telegraph. Ottawa, March 6.—Dr. Daniel wanted to know why the flag had not been flown on the St. John post office on St. David's day. Hon. Mr. Pugsley said that the flag was new, and while it was undestroyed by those in charge of the customs house, who had flown the flag, the order had apparently not been understood by those in charge of the post office. He would be glad to have the flag flown on public buildings was a good one, and he desired to congratulate the minister of public works in having made the regulation. However, he wanted to know why the flag had not been flown from the railway station and the military buildings.

Special to The Telegraph. London, March 7.—The Times says editorially: "We cannot tell how far the sporadic Canadian opinion but there is no reason to suppose that the reciprocity agreement would produce any tendency in that direction. On the contrary, the United States might tend to foster rather than diminish the self-reliance and independence of the Canadian people."

BORDEN WOULD CALL OFF RECIPROCITY DEBATE

Gives Notice That He Will Move Tomorrow That Matter Be Dropped

Sir Wilfrid Laurier Will Resume Debate on Trade Agreement Today—Lord Morley Defends Bryce in the Trade Negotiations in House of Lords—Democrats Plan to Pass Reciprocity Bill, and There is Talk of Revising Other Articles Downward—Sifton Condemned by Constituents.

Special to The Telegraph. Ottawa, March 6.—Mr. Borden gave notice of a motion today in parliament, that as the pending reciprocity proposals have not been carried into effect by congress at the sitting which has just terminated, he intends to move on Wednesday next for the postponement of the further consideration of these proposals in the parliament of Canada.

VESSEL THOUGHT LOST SIGHTED?

Schooner Ella M. Goodwin in Grip of St. Lawrence Ice Floes

LONG SEIGE LIKELY.

Fisherman Will Probably Not Get Clear Before Middle of April—Captain and Bulk of Crew Are Nova Scotians.

Canadian Press. Curling, Nfld., March 6.—A fishing schooner, now thought to have been the missing Gloucester vessel, Ella M. Goodwin, was sighted in the ice off Bay of Islands several days ago after the Gloucester fishing fleet sailed for home on Jan. 21. At that time the ice-bound craft was believed to be either the Aloha or the Bohemia, but as both of these vessels have reached port and the Goodwin is the only missing craft, the vessel is now believed to be the Goodwin. The ice in which the vessel was imprisoned was taken off shore on the night of Feb. 6, before a strong southeast breeze.

Canadian Press. New York, March 6.—W. J. Roman, a telephone boy in the office of J. R. Keene, made \$30,000 in Wall street speculation, according to his testimony today at the hearing in the bankruptcy proceedings of Lathrop, Haskins & Co., one of three stock exchange firms caught in the collapse of the Hocking pool.

Canadian Press. Toronto, March 6.—The Canadian Northern railway has so far this year placed orders for 90,000 tons of steel rails for delivery this year. These will cost above \$3,000,000. A great proportion of the rails came from Sydney (C. B.). These will be laid in Ontario and the prairie provinces.

BLONDIN STAKES SEAT IN HOUSE

Torv-Nationalist Member Prefers Charges Against Lanctot

INQUIRY ORDERED

Accused Man Denies Allegations and Courts Full Investigation—Minister of Militia Denies That Politics Influenced Selection of Coronation Contingent Officers.

Special to The Telegraph. Ottawa, March 6.—The parliamentary seat either for Champlain or for Richelieu may shortly be vacated as the result of serious charges preferred when the house of commons met this afternoon. Immediately following prayers, Mr. Blondin, the Conservative-Nationalist member for Champlain, rose and accepted full responsibility for his action, preferring charges against Adelard Lanctot, Liberal member for Richelieu. These were briefly repudiated and denied by the latter and both members quitted the house at the conclusion, awaiting the deliberations and decision of the standing committee on privileges and immunities.
