Last session there were but forty five applications for private bills This year there are already one hundred and forty, chiefly for acts to incorporate Railway, banking and insurance companies. There are two applications for divorce one by Mayor Allen of Cornwall. Premier returned yesterday. Tilley re turns from Montreal to day. Cartier was waited on at his Montreal residence yesterday by a deputation of his constituents to ascertain his views respecting the northern colonization railroad. In reply he spoke in English and French, stating he was favorable to the work, and would use his influence to promote it. He hoped they would use their best efforts to secure the adoption of the million dollar grant by the City, and stated there was little doubt the terminus would be at the East End of the City.
