## Saint Pats Believe They Can Bump The Champs Into Defeat By Using Tactics That Beat the Newman Halls The Saints Expect To Win

**Game sure to Be Rough Affair**  
If weight and body checking just as hard as the law allows will do the trick here on Friday night the St. Pats will be Toronto's representatives in the final O.H.A. games. The Saints won a hard game from the Newman Halls last night, and to use the words of a local fan who saw the battle—"The Saints simply bumped the Newman's into submission."

The game in Toronto when the Kitchener defeated the Saints by a narrow margin was no kid glove affair, but, according to all reports, it might have been a "pink tea" when compared with last night's affair. It had all the hallmarks of a "Donnybrook," and there were wigs on the green for sixty minutes.

In commenting on the game the Mail and Empire says "It has given the St. Pats a real chance for group honors, for they are in a position to go after Kitchener, and with the team they used last night the Allan Cup holders will have to step all the way to secure a victory right in their own back yard."

The M. & E. also had this to say regarding the nature of the play—"Although there were no broken heads there was nearly everything else inserted into the game that outside of a rough and tumble scrap could not be allowed."

.....Neither team spared the other, and the harder they bumped the better they seemed to like it, and the harder they went the harder they bumped. Every player on both teams will sport many bruises for days to come.

Local fans who saw the game here

between the Champions and Newman Halls at once realize that any team that can bump Jerry's aggregation into an 8 to 5 defeat are not to be sneezed at. The Newman were a big husky lot, and the team that can bump those boys off their feet and out of O.H.A. running must be built of whalebone.

They will be here on Friday night fresh as paint from their victory over Jerry's six and as sore as a flock of Polar Bears in a lean winter after their defeat at the hands of the Kitchener squad in the opening game. On that occasion the issue was in doubt until the final minutes of play when Mousse Hiller slipped two across putting the game on ice.

The Pats are of the opinion on the smaller ice here they will have a better opportunity of using their bodies to slow up the Champs. In other words they think our boys won't have room to escape their deadly attacks. There has been some hitch in agreeing upon a referee but it is expected this difficulty will be overcome today.

The Rink company is making arrangements for the better handling of the crowds, consequently the inconvenience of being bumped and jostled as they were at the last game will not again occur.

The plan opens at E.O. Ritz Drug store on Wednesday morning and those desirous of getting good seats would be well advised to call early.

**Seen or Heard On And Off The Ice**  
An effort is being made to bring the Hamilton Tigers up here for an exhibition game. Hamilton has asked for a flutter with the Champs and in all probability it will be arranged.

**JUNIORS HAD WORKOUT**  
Last evening saw the juniors work out with the senior, when a good hours practice was put in by both teams. House was a new boy for the juniors and showed good promise. Gilder

## SUFFERED TERRIBLE AGONY

"Fruit-a-tives" Alone Gave Him Quick Relief

Buckingham, Que., May 3rd, 1918.  
"For seven years, I suffered terribly from Severe Headaches and Indigestion. I had belching gas from the stomach, and I had chronic Constipation. I tried many remedies but nothing did me good. Finally, a friend advised 'Fruit-a-tives'. I took this grand fruit medicine and it made me well. To everyone who has miserable health with Constipation, Indigestion and Bad Stomach, I say take 'Fruit-a-tives', and you will get well!"

sure lines up like a senior man and it was hard to classify him as a junior when the seniors were out. He did not stay on long last evening, however, for one thing Oldies is not in need of a great deal of practice.

With Galt beating Preston last evening the big boys will come here more confident than ever.

By the way not one Galt boy will be eligible for next year junior O.H.A.

The Ottawa Hockey Club has written President Frank Calder of the National League insisting that the Toronto and Canadian clubs carry out their agreement to cut down to the player limit of nine. Toronto, with Memery included, now have ten first class puck chasers while Canadiens have eleven or twelve on their string.

Secretary T.G.M. Jamieson of St. Thomas, wires as follows to O.H.A. headquarters: "Owing to influenza and three regular players leaving city we are forced to default balance of schedule. We have notified the group convenor at Ingersoll."

Jack Marks, the veteran pro. hockey who has been with the Quebec team for a number of years has been engaged to coach the Whitby Military Hospital team in the O.H.A. intermediate series.

**Laugh When People Step On Your Feet**  
Try this yourself then pass it along to others. It works!

Ouch! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezone when applied to a tender, aching corn stops soreness at once and soon the corn dries up and falls right out without pain.

He says freezone is an ether compound which dries immediately and never inflames or even irritates the surrounding tissue or skin. A quarter of an ounce of freezone will cost very little at any drug store, but is sufficient to remove every hard or soft corn or callus from one foot. Millions of American women will welcome this announcement since the inauguration of the high heels.

## BEGIN HOT WATER DRINKING IF YOU DON'T FEEL RIGHT

Says glass of hot water with phosphate before breakfast washes out poisons.

If you wake up with a bad taste, bad breath and tongue is coated; if your head is dull or aching; if what you eat sours and forms gas and acid in stomach, or you are bilious, constipated, nervous, sallow and can't get feeling just right, begin inside bathing. Drink before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it. This will flush the poisons and toxins from stomach, liver, kidneys and bowels and cleanse, sweeten and purify the entire alimentary tract. Do your inside bathing immediately upon arising in the morning to wash out of the system all the previous day's poisonous waste, gases and sour bile before putting more food into the stomach.

To feel like young folks feel; like you felt before your blood, nerves and muscles became loaded with body impurities, get from your pharmacist a quarter pound of limestone phosphate, which is inexpensive and almost tasteless, except for a sourish twinge which is not unpleasant.

Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels. Men and women who are usually constipated, bilious, headachy or have any stomach disorder should begin this inside bathing before breakfast. They are assured they will become real cranks on the subject shortly.

## Comb Sage Tea in Faded or Gray Hair

It Mixed with Sulphur it Darkens so Naturally Nobody Can Tell  
Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it is so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the faded hair disappears, and after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

As readers already know this film version of the famous Bainsfather play, "The Better Ole," is the first completed production of the British firm of Welsh, Pearson & Co., Ltd. Skillfully produced by Mr. George Pearson, "The Better Ole," is a delightfully entertaining picture, full of quaint humor and at times real pathos. It is admirably acted by a cast which includes Charles Rook as Old Bill, Arthur Cleave, as Bert, and Hugh E. Wright as Alf. The story begins with a prologue in which Alf asks the soldier poet what the war is all about. And he tells him—while Bill is shot off his box—how one day a whisper went around the world that "Der tag" had come from quiet village and teeming shop men had run to join up. In France we see the legions marching; in England we also hear the sound

**Uric Acid in Meat Brings Rheumatism**  
Says a Little Salt in Water May Save You From Dread Attack.  
Rheumatism is easier to avoid than to cure, states a well-known authority. We are advised to dress warmly; keep the feet dry; avoid eating too much meat, but drink plenty of good water.

Rheumatism is a direct result of eating too much meat and other rich foods that produce uric acid which is absorbed into the blood. It is the function of the kidneys to filter this acid from the blood, and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly cold weather the skin pores are closed thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate the uric acid which keeps circulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism, get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism.

of Drake's drum.  
So ends the prologue.  
Then to the land of plum and apple jam—the happy warriors' great complaint, the dog-out, the pathos and humor of the Ritz all the humorously-burly and dirt and mud that go to make up modern war.  
We see Bert telling the tale to successive birds-of the human genre—and always being spoiled at the interesting moment and then drama! Old Bill discovers a spy and, in course of time absconds from the trenches and saves a French battalion by blowing up a bridge in advance of time. This is a genuine thriller. Incidentally he does the spy in.

Then Bill is guard-roomed almost punished, until veterans arrived to get him degraded. See his stupid look as the French general pins on the cross and kiss him.  
Th "Hoon Sw t Hoon" and Maggie, his wife and the little pub, she had bought with the spy banknotes and the inoffensive poison, and—But there! But there! the audience laughed and roared at the humor of it all, almost cried at the pathos.

The photography? Top notch; Enough said. No one should fail to see "The Better Ole" at the Algon Theatre at a date to be announced.
