Ottawa, 15th July, 1908.

Sir,

I enclose herewith the invoice (in duplicate) of drugs ordered by the Department from Mr J.A. Musgrove of this city for use in Treaty 9. Mr Musgrove has already made shipment to you. It will be necessary for you to have Dr Terrington certify as to the receipt of the articles charged for and also with respect to the charges made. His certificate should appear on the foot of the invoice, and should be to the effect (provided of course that he can so certify) that the charges are fair and just. The accounts should then be returned to the Department by you before leaving on payment.

Your obedient servant.

Secretary.

H.A. West, Esqr,

Indian Agent,
