UPPER CANADA: Bonds, Licences & Certificates
1801-1867

Volumes 1-78 6 m

Correspondence relating to the issuance of licences and the fees paid, accounts and returns of licences issued, bonds and certificates submitted by persons applying for licences and certain related documents, 1801-1867, form a composite series. They have been sorted into sub-series according to type of licence or activity and within those either alphabetically by name of applicant or numerically by the sequence of the bond or licence.

The Collector of Customs issued certain types of licences -- notably to auctioneers, hawkers and pedlars. His returns of licences issued rarely give names of individuals.

Certain sub-series have been indexed. The indexes are available in the Reference Room.

MARRIAGE BONDS (volumes 13-44) - in a separate index, microfilmed in 1981

Medical licence certificates (vols. 61-68)

- in the General Index

Bonds of public officials (vols. 71-78)

- in the General Index

The marriage bonds are also available on microfilm, as noted in the Shelf List.
