

Witness, No. B75760 Sgt. Buxton, J.A. is duly sworn in.

Question by the
President to
the Witness.

Q1. The accused has stated that you will act as a character witness, giving evidence as to his good military character. Will you state in your own words what you think of the accused as a soldier?

A1. I did not know Pte. Strachan before we joined the Army but since he joined the Toronto Scottish Regiment, I always found him clean-cut, of neat appearance, and not inclined to cause trouble as far as I know.

I do not know of any trouble he has caused before, but otherwise I have found him to be a good soldier any time I have dealt with him.

Q2. What experience have you had with the prisoner?

A2. He was in my platoon (I am a Section Commander) but he was not in my section and I have not had any dealings with him there, but any parades he was on in the Platoon, I cannot recall having had any cause to check up on him or deal with him for any offence.

Q3. That is all you have to say?

A3. That is all.
