

The support of the Directory has fallen off this year, no doubt owing to the depression in trade and the failure of banking institutions. It is only a wonder St. John holds on under such circumstances, but we still hope for something better turning up by the time our canvass will commence on the Directory for 1888-89.

In conclusion the publishers thank those who have supported the work so heartily, and those who in any way have given information to the work.
