## PROTECTION—SAVINGS—INVESTMENT

"3 in 1" All the three features of savings, protection and investment are combined in the participating endowment policies issued by The Mutual Life of Canada.

**Savings.** Many who would save little or nothing under any other system have succeeded with the help of an endowment policy in securing "the first thousand."

**Investment.** No other security is more safe than a Mutual Life endowment policy, and as to profit, these policies return from \$120 to \$210 for every hundred invested in them. In addition to the protection afforded.

**Protection.** In addition to the savings and investment features, the home of the policyholder is absolutely protected throughout the endowment term for the amount of the contract—which is therefore the best security a man can hold.
