

## "Clarke's" Moccasins

The stamp "A. R. Clarke & Co., Limited," on a moccasin means that that particular moccasin is guaranteed to be worth every cent that you pay for it—that it will do all that is claimed for it.

We tan our own leather from the raw hide—do not buy it like other moccasin makers—and by doing so we save the tanner's big profit and give you the advantage in extra value.

"Clarke's" Bullhide moccasin is made from real bullhide—is thick and heavy, heat and wet proof, wears like iron, and will stand scalding, scorching, etc., without hardening.

Sold by enterprising dealers everywhere. Our catalogue tells all about our different kinds of moccasins, and is free for the asking. Write for it.

## "Hecla" Furnaces

Burn Hard and Soft Coal, Coke and Wood.

It's the unexpected that always happens. If there is another "coal famine," you will be alright with a HECLA FURNACE.

Every HECLA FURNACE has a special WOOD GRATE. It is put in place through the fire door—rests on top of the bar grate—makes the most effective wood and soft coal grate ever designed.

With this grate, a special appliance may be supplied which burns soft coal with a minimum amount of smoke and soot, making the HECLA a soft coal burner of the highest efficiency.

HECLA FIRE DOORS are big enough to admit large chunks of wood. And the smoke outlet is above the highest part of the door. Even when you open the door to add fuel, no smoke comes out. It all goes up the chimney.

HECLA FURNACES have dozens of just such conveniences—such helps—such improvements—over the ordinary furnaces.

Send us a rough sketch of your house, and we will send an estimate of the cost of installing a HECLA FURNACE in your home. Anyway, write for the HECLA Catalogue.

## The Pandora Reservoir

The Pandora is the only range with a reservoir stamped in one single piece of steel and enamelled. It is the only reservoir without seams, rivets or places to catch dirt. It has no sharp angles. All angles are made with rounding curves, and the whole reservoir is beautifully enamelled.

McClary's are the only range makers in Canada with a plant for making enamelled steel reservoirs, and that is why the Pandora is the only range that has a one-piece reservoir.

Estates Managed for Non-Residents.

We have lengthy lists of choice improved and wild lands in the Edmonton and Vermilion Valley districts that are rapidly rising in value with the advent of railways into Central Alberta. Many of these lands are situated near new C. N. R. town-sites. Money invested now will double in a few years.

We also handle city property extensively. The city is developing rapidly, but on a sound basis. Much property here has doubled in value within a year. It will likely do so again.
