## GOSSIP.

The Royal Agricultural Society of England has issued the prize-sheet for live stock, poultry, produce, implements, etc., at the show of the Society, to be held at Derby, from Wednesday, June 27th, to Saturday, June 30th next. The total value of the prizes offered (inclusive of champion prizes and medals given by breed societies), is £6,850, of which £797 are contributed by the Derby Local Committee, and £2,052 by various breed societies.

Mr. D. Milne, Ethel, Ont., writes: "The young Shorthorn bulls I am offering are a rare good lot. The dark roan, Golden Ray, a Marr Stamford, is blocky, smooth, stylish and full of quality, got by Scotland's Fame (imp.) =45225=, dam Roan Rose =51546=, is a grand show cow. Scottish Hero, a dark roan, by same sire, is a right good one, dam Lovely Bampton =30067=, by the great old Lovely bull, Perfection =9100=, one of the best show bulls in his day, grandam by the noted Bampton Hero =324=, Maitland King, a red, with little white, also by Scotland's Fame (imp.), dam Lovely Queen =40676=, by Perfection, is a very promising bull, as full of style as they make them. Canadian Victor, a rich dark roan, should make something extra. He is nine months old, was got by Sittytown Victor (imp.), one of the best bred bulls ever imported. This calf has for dam Countess 3rd (imp.), a Claret, a good cow and a grand milker. A few others of equal merit, also a number of females of excellent quality and breeding, will sell at rock-bottom prices, and on terms to suit purchaser."

HILL AND CENTRE VIEW HOLSTEINS

In Oxford County, Ontario, 4 miles south-east of Woodstock, lie Hill and Centre View Stock Farms, the home of about 95 head of Canada's choicest Holsteins, the property of Mr. P. D. Ede, a business man breeding Holsteins on business principles. Of the 50 head of milkers now in the herd, all but about half a dozen are in the Advanced Registry, the older ones with seven-day official butter records of from 15 to 22 1/2 lbs., and the heifers of from 10 to 15 lbs. A number of them belong to the noted Maud of Kent 2nd strain, a family noted for their perfect dairy form, large, faultless-shaped udders and wonderful producing qualities, others belong to the Winnie R and Aaggie Mechthilde strain, and among them is a daughter of the noted Beauty of Norval. Mr. Ede is, perhaps, a little in advance of most Holstein breeders, inasmuch as his ideas along the lines of yearly instead of seven-day tests is where the profit comes in from a herd of dairy cows, and to carry his ideas into practice has had several of his cows officially tested, as near as possible, eight months after calving, and the result is highly gratifying, those so tested showing an average of 10 lbs. of butter-fat in seven days, equivalent to about 12 lbs. of butter, and he is working along this line as rapidly as possible, and informs us that he will not be satisfied until he has the whole lot tested, and any that will not show up a profitable yearly producer will have to go. It is a great pity more breeders do not get to work along those lines. The present stock bulls are Baron Pieterle Posch, whose dam, besides being a great show cow, has an official two-year-old butter record of 15 lbs., and A. & G. De Kol Vaugh Burke (imp.), whose dam and eight of her sisters are in the Advanced Registry, with records of from 8 to 26 lbs. In young stuff, there are 20 bulls from 4 to 16 months of age, all sired by the above stock bulls, and all out of Advanced Registry dams, two of them being out of Maude of Kent dams, and one out of the daughter of Beauty of Norval, a choice lot of young bulls not excelled in any herd in the country. In females, there are for sale good things of all ages. Write Mr. Ede to Oxford Centre P. O., or, better, go and see them. By dropping him a card, he will meet you at Woodstock Station.

## USED MEN AT THE OFFICE UP AND TIRED OUT WOMEN IN THE HOME CHILDREN AT SCHOOL

Every day in the week and every week in the year men, women and children feel all used up and tired out. The strain of business, the cares of home and social life and the task of study cause terrible suffering from heart and nerve troubles. The efforts put forth to keep up to the modern "high pressure" mode of life in this age soon wear out the strongest system, shatters the nerves and weakens the heart. Thousands find life a burden and others an early grave. The strain on the system causes nervousness, palpitation of the heart, nervous prostration, sleeplessness, faint and dizzy spells, ship boats, weak and irregular pulse, smothering and sinking spells, etc. The blood becomes weak and watery and eventually causes decline.

## Milburn's Heart and Nerve Pills

are indicated for all diseases arising from a weak and debilitated condition of the heart or of the nerve centres. Mrs. Thos. Hall, Keldon, Ont., writes: "For the past two or three years I have been troubled with nervousness and heart failure, and the doctors failed to give me any relief. I decided at last to give Milburn's Heart and Nerve Pills a trial, and I would not now be without them if they cost twice as much. I have recommended them to my neighbors and friends."

Milburn's Heart and Nerve Pills 50 cts. per box or \$ for \$1.25, all dealers, or The T. Milburn Co., Limited, Toronto, Ont.
