

Galt Steel Siding

THIS IS THE SHEET METAL AGE.

A building roofed with Galt "Sure-grip" Shingles, and with its sides protected with Galt Steel Siding, will come through a hurricane unharmed, while other buildings will be badly shattered, if not demolished. Galt "Sure-grip" Shingles are locked together so securely and lie so closely to the roof that they leave no opening for the wind to get under and rip them off.

Galt Steel Sidings are wind-proof, too. They don't shrink; leaving cracks for the wind to sneak in, as does lumber, particularly the unseasoned kind which we get nowadays.

Warmer than wood—and at no greater cost. Fire, wind, water and frost proof. Galvanized or painted. Handsome as brick or stone.

BOYS FOR FARM HELP

The managers of Dr. Bernardo's Homes invite applications from farmers, or others, for the boys who are arriving periodically from England to be placed in this country. The young immigrants are mostly between 12 and 15 years of age; all will have passed through a period of training in Dr. Bernardo's English Institutions, and will have been carefully selected with a view to their moral and physical suitability for Canadian life. Full particulars as to the terms and conditions upon which the boys are placed may be obtained upon application to Mr. Alfred B. Owen, Agent, Dr. Bernardo's Homes, 24 Farley Ave., Toronto.

No. 10 Piano Fox Buggy Price \$55.00.

Sirs.—Before writing to you about the wagon, Mikado buggy, and bob'sleigh, which you shipped to me in the fall, I wanted to thoroughly test them. Their appearance was fine, and I wished to see if they were as good as they looked. I am glad to say they are, and people who have asked me the prices of the sleighs and buggy have been astonished at the moderate prices named.

If I see anyone around thinking of buying a new carriage or wagon I will direct them where to go. Yours truly, A. T. ARNOLD-FORSTER.
