The Premier Cream Separator Co.

Winnipeg, Man.

TORONTO.

St. John, N. B.

Dr. C. Gordon Hewitt, Dominion Entomologist, says, referring to the infantile death rate from intestinal diseases and diarrhoea spread by the house fly, he believes that the so-called harmless fly is yearly causing the death of thousands of infants, as well as spreading the germs of typhoid fever.

## WILSON'S FLY PADS

are the best thing to rid your house of these dangerous pests.

261 Fort St., Winnipeg, Man.

10-12 Alice Street,  
Waterford, Ontario

## HAY-MAKING HELPERS BUILT JUST RIGHT FOR YOU

Hear the Dain story before you equip yourself with any hay-making implement. When you have heard it, you will buy more wisely than otherwise you could. For you, like every up-to-date farmer, want the kind of implements that cost least in the long run—and that kind bears the Dain trade-mark. Read here of three perfected hay-makers. Then ask for further facts that there is not room here to print.

### THIS MOWER WON'T FAIL YOU

Dain Mowers are so built that, in the rare event of a smash, an inexpensive part repairs them. Consider the value of this detail.

Every Dain Vertical Lift Mower comes to you only after a test so tremendous it would make scrap of any ordinary implement. For sixty minutes we run this machine at a speed your horses never could. We do our best to wreck it. If we can't, you can't. It has merits you should let us tell you all about.

### EASY DRAFT

The weight of the cutter bar is carried on the wheels, held down to its work by a giant-strength spring. The moment the horses move, the knife begins cutting, — not a motion wasted. Whole machine built with surplus strength in every part. You'll not be bothered by breakages if you get a Dain Vertical Lift Mower.

### YOU WOULD VALUE THIS RAKE

This Side Delivery Rake double-discounts any hay-tedder you ever saw. Its triple set of teeth, turning slowly, put the hay in shape for curing without injuring the leaves or stalks. Turns the swathes upside down in a loose windrow, open to sun and air, so it cures quickly and retains all its nutriment. Simple construction, and almost break-proof. Priced most reasonably, too.

### LEAST FRICTION

Dain Implements are built to reduce friction to the last degree; to withstand usage that would speedily wreck ordinary farm tools; and are designed for simplicity, strength and serviceability.

Your mind will be easier and your purse heavier if you study the Dain Line before you outfit yourself with hay-making implements.

### EXAMINE THIS LOADER

One man on the hay-rack, and this Loader easily handles a swath or windrow as fast as a team can walk. Its force-feed, and the side-sills narrowing toward the top, make it the easiest-loading machine of its kind. Oil-tempered teeth that won't get sprung; malleable one-piece ground-rake. Eleven other exclusive betterments. No bothersome chains nor cogs, and fewest parts possible. Get details.

Besides the Success Roller-Bearing Manure Spreader, we make Vertical Lift Mowers, Side-Delivery Rakes, Hay Loaders, Hay Presses and Ensilage Cutters. Each is ahead of all its kind. Ask for details about any of these you are interested in. Write to us today—NOW.

### Strictly New-laid Eggs and Spring Chickens

We are open to handle shipments of spring chickens from 3 pounds a pair upwards, also strictly new-laid eggs. Highest market prices, according to quality always paid.

Henry Gatehouse, 346-352 West Dorchester St., Montreal
