

Whether you pay a quarter or five dollars for a razor, you are at constant expense for new blades unless you buy the only Safety Razor that strops itself—

AutoStrop SAFETY RAZOR

BECAUSE this razor strops itself, the blades last indefinitely, and you save constant expense for renewals. This is of importance to the poor man. What is of importance to every man, rich or poor, is that the stropped blade is always sharp and gives a better shave than is possible with an unstropped blade.

Because there is nothing to adjust, there is nothing to go wrong; because there is nothing to unscrew or take apart, there is a great saving of time and temper.

If you use an AutoStrop it takes only half the time to strop the blade and clean the razor that it does to change the blade in an ordinary "non-stropping" safety—and stropping blades sharp is much cheaper than buying new blades.

Sold everywhere in Canada on 30 days' trial. Consists of silver plated self stropping razor, 12 blades, and strop, in handsome leather case. Price \$5.00. Travelling sets \$6.50 up.

Easy Riding

The Stevens-Duryea is designed and built to make motoring a pleasure.

It is not a mere combination of mechanism and wheels, but is built on the tried-out principle of flexibly supported six-cylinder motor.

You enjoy your ride in a Stevens-Duryea — smooth, comfortable, quiet, and powerful.

The Stevens-Duryea mechanical features are clearly described in the 1912 catalogue

The Heavy Rubber Studs

on Republic Staggard Tread Tires give resiliency to forward motion and prevent skidding and slipping sidewise. Metal rivets become heated in service and rot the rubber. Detachable chains and other devices are expensive and troublesome.

REPUBLIC STAGGARD TREAD TIRES

are complete in themselves—they will not skid. They combine perfect safety with durability and because of their extreme thickness are seldom punctured.
