

**LIFE AND FIRE INSURANCE.** The Under-signed has been appointed Agent for the **TRENTON MUTUAL LIFE INSURANCE COMPANY** of TRENTON, United States, and having previously to taking the Agency, received satisfactory proof of the good standing and respectability of the Institution, he begs to inform the public generally that he is now prepared to issue Policies for eligible risks at moderate rates of premium, and to receive proposals for Life Policies, which will be forwarded to the Directors, and if accepted, Policies will be immediately returned. The Capital Stock of the Trenton Mutual is now \$200,000, well secured in good productive Stocks, Mortgages on Real Estate, and Cash in Banks—and is doing a very large and as yet from its commencement in 1847, a very successful business.

In the Life Department they issued the first year, ending 1st October, 1849, 967 Policies—a number which very few Companies of long standing ever reached in the same time. The benefit of the mutual system in Life Assurance is very apparent, and is most favourable to all Policy holders in this Society, inasmuch as they receive a portion of each year's profits yearly, being deducted from the Premiums then payable, which are lower than any of the English Companies and not subject to stamp duty—all the particulars of which are fully set forth in the Pamphlets which the Agent has for distribution, who furnishes all Blank and every necessary information, together with the Medical Examiner's Certificate gratis. All persons intending to insure are invited to call on the Agent, who will give them every information.

HENRY S. BLACK, Esq., M. D. is Medical Examiner for the Company. DANIEL STARR, Agent.

**IMPROVED OBLIQUE INGUINAL TRUSSES.**

M. HERBERT respectfully informs Medical Gentlemen and the public generally, that he manufactures and has now on hand **IMPROVED OBLIQUE INGUINAL TRUSSES**, according to the construction of T. P. Toole, Esq., F. R. S., Surgeon to the Leeds General Infirmary, and which are so highly spoken of in the *Medical Gazette*, February 1, 1850. For the information of those who cannot refer to the above work, it may be stated that these Trusses consist of an *elastic steel girder*, of a pad of varying form, according to kind of hernia, and a *spring* acting directly on the pad, elements which, acting in various trusses heretofore known, are here combined in the construction of one. The mode of attachment between the spiral and the pad renders any other fastening unnecessary. An uniform pressure throughout the whole extent of the pad is thus obtained, and the spring acting as a universal joint, allows the girder to adapt itself to the varying movements of the body without disturbing the pad.

A full description of these invaluable Trusses cannot be given in an advertisement, but it may be stated that they have been shown to several of the most distinguished Medical Practitioners of this City, who have expressed their unqualified approval of them.

For sale at low prices at M. Herbert's Establishment, No. 6 Argyle Street. A liberal discount made to Wholesale purchasers. Oct. 26, 1850.

**HAZOR ROW.**

Moses, in days of old, his pen employed,  
showing how men their lengthy lives enjoyed,  
Who lived three hundred years ere they began,  
The joys or cares of married life to scan.

The Muse, in later times, the song indites,  
Of heroes' quavels and of lovers' fights;  
Of mighty conquerors with couraers' pain;  
Of valiant deeds achieved in coats of mail;  
Of shepherds, maids, nymphs by lake and bower,  
Whose sports and pastimes filled each happy hour.

Observing well the progress of events,  
The Muse, improving, makes some sage comments;  
Utilitarian grown, her songs are sweet,  
That useful soil has made the motions blest,  
She sees the rattle of the steamship's side,  
The rail-car flying as the rays of light,  
And views the telegraph with lightning send,  
The words of man to earth's remotest end.

Free trade does greatly help mankind to bless,  
By making cheap what tends to happiness;  
And vendors truly benevolent are,  
Supplying articles both choice and rare,  
The Muse, most graciously their merits owns,  
And sends her thanks to Bennett & Brown's;  
Whose varied stock, and cheap, to suit the times,  
Is briefly now set forth in Iron Rhymes.

Here's *Tacks*, and *Brads*, and *Spirks*, and *Nails*  
And *Planks*, and *Scythes*, and pointed *Paits*;  
Here's *Knives* for pocket, pen, and table,  
With handles white, and black, and sable.  
And *Belgian Glass*, four hundred boxes,  
Some *English too*—and *Traps*, for foxes,  
Here's *Saws* and *Planes*, *Bevels* and *Squares*,  
And send her thanks to Bennett & Brown's;  
*Sheet Iron*, *ZINC*, and *Copper* too,  
*Paints*, *White*, *Green*, *Yellow*, *Black*, and *Blue*;  
With *Ochers*, *Glue*, and *OIL*, and *PATTY*,  
*VARNISH COPAL*, and *LAMPBLACK*, *emutty*,  
*IRON*, in *bars*, and *bolts*, and *Plates*,  
*MILL SAWS*, and *AXLES*—from the States,  
*Shovels*, and *Spades* and *Rakes*, and *Hoes*,  
And *SPARROWBILLS*, for *heels* and *Toes*,  
With *CARDS*, for *cotton* and for *wool*,  
And *Tea Kettles*—(O! fill them full,  
For well it is that men of life  
Seek ease and rest, and *inches*.)  
BLACKING, for *harness* and for *shoes*,  
*FRUITS*, which *maide* and *painter* use,  
*Mountings* for *Harness* and for *Saddles*,  
And *Churns* that work like *steamboat* paddles,  
*GUNPOWDER*, *SHOT*, *PERCUSSION CARBS*,  
And many other things, *perhaps*, *Sheet Lead*,  
*Sax Yankee Axes*, *Grinding-Stones*,  
Or *RAZOR STRAPES*, or *RAZOR HOSES*,  
Too trifling at this time to mention,  
But every one a great invention.

Think of all these, and come and see,  
Produce your Cash, your *Money* strong,  
And *HARDWARE*, good and lasting too,  
Shall cheaply be transferred to you  
To *Razor* Rose come quickly down  
And ask for *HERBERT & BROWN*.

HERBERT'S ORIGINAL MANUFACTURE.

THE very favourable manner in which the CHEST EXPANDING BRACES, manufactured by the Subscriber, have been received, and the benefits many persons have stated they have derived from their use, has induced him to give much attention to remove one inconvenience occasionally alleged by Ladies to the BRACES, that they were insufficient to make their dresses sit well, and he has well endeavored to remove this objection altogether.
