From George Hibbard, Esq., of the Famous Cumberland (4rindstone Quarries. Cumberland, N.S., Sep., 26 1881. MESSES HURSTIS BROTAERS. Windsor, N. S.

Gentlemen ;- In answer to your enquiry as to the merits of the "Miller" Piano which I have had in use during the past six years, I have to say that I employed a thorough judge of such instruments, who had served in Steinway's em ploy, (besides being a graduate of Leipsic Con servatory) to select the best instrument he could procure, without respect to maker. The result was a "Miller," which I have found all that can be desired in a Piano. The tone is more like the human voice, than any I ever heard and has great volume and force, and what is more important than many other exce lencies it requires tuning less often than any instrument I have ever known,

I therefore assure you that had I occasion for anoth r piano I should certainly get a "Mider" believing it to be the best among the hundreds of other instruments of its kind, when all its excellencies are considered. I am your obedient servent

Its tone is unsurpassed and in every way it pleases. In making this statement we do not rely so much upon our ownjudgment as upon the judgment and taste of Professors of music who have used it and pronounce it a superb instrument. We have had in our fa nily two Pianos from New York houses of high repute, but neither of them pleased as does the
