

WE TREAT THE HAIR AND SCALP

What about *your* "crown of glory"? Is it all that you could wish? Is your scalp free from dandruff or irritation? Is your hair falling, fading or turning grey? For all these we have safe, reliable and satisfactory

HOME TREATMENTS

All that is necessary to do is to write us describing your case fully and be sure to tell us about your health at the same time. We will advise you, without expense, only what you require to correct the objectionable condition. We have had almost twenty-three years' experience and are constantly treating hair and scalp troubles in our offices here.

There is no home treatment that will permanently remove a growth of

SUPERFLUOUS HAIR

Electrolysis is positively the only treatment that will destroy this offensive blemish. Moles, Warts, Red Veins, etc., also entirely eradicated. Satisfaction assured always.

Booklet "G" mailed on request.
