## Many Times Better Than Hand Milking

Carp, Ont.,  
Jan. 5, 1917.

Dear Sirs:—

My experience with the Empire Milking Machine has been satisfaction in every detail. The cows as well as the men seem to realize that it is many times better than hand milking, and as soon as they become accustomed to the machine the milk flow increases. With one double unit one man milks my ten cows in twenty minutes. If I could not get another "Empire" I would not sell my machine at any price.

E. H. GRAHAM.
