## THE POLITICAL FIEND.

The political fiend is much in evidence
hroughout Canada and the United
tates. His mania effeets the hands to
high degree. Before election he not keep them off the voters, and after as a rule he cannot keep them out of the
public sack. Fiends without han no better. They will get an iron hook and reach out with that. This kind of a
fiend has a mania for lying and dropping feathers in his nest plucked from the public goose. His conscience becomes nises above the fleshpots. He is ever on the watch for pearls int the oysters, gold
ther in the soup and bank notes in his setters.
His brain is full of plots, His brain is full of plots, mainly as to
how he can keep his seat, and with the how he can beep his seat, and with the their mutual benefit. Many pinheads have sat in our legislative halls by day and at night have joined in noisy revelry and unwise drinking until the gray dawn
has crowded darkness off the formation and they have crept off, bleary-eyed and
wits befoggled to snatch an hour or with Morpheus ere again taking up
their position among their confren their position among their confreres and
legislating for King, Country and Ped ple. There are no doubt some goodme to thie glitter of gold and other cevil in fluences.
During the recent financial fiurry a German farmer went to the bank for
some money. He was the ber some money. Ae was told that the using cashier's cheques. He could not
understand this, and insisted on money. The officers took him in hand, one at
time with little effect." Finally the pres time with litlle effect. Finally the presiminute explanation some intelligence of the situation seemed to be dawning on the farmer's mind. Finally the presi-

## Lakelet.

There have been everything but balmy since last writing. The snow is feet deep in every corner and the roads are
almost impassable.
There are now about 4,000 bricks at
the school now. It will not be easy hauling anything like a heavy load for some time.
Mr. W. Huth, father of our smith, has been laid up for a week of our smith, has
blood poison. blood poison. White botichering his
knife came in contact with one of his
fingers and her a knif came in contact with one of bis
fingers g亠巾 wo a slight incision, henets
the trouble. The Jirectors of he Wisfeldt butter
factory for this division Wave been out, actory for this division Wave been out,
and the prospects are that a lot of cream will go from Howick to Alsfeldt next
summer. The directors are putting forth an honest effort to have expenses reduced to a minimun next summer.
The butter maker, a new man, a Mr. McLachlan, is hired to manufacture by the cwt.; the haulers thus far
engaged to haul by the pound. Teen two ited to haul by the p
twaction of for minor running expenses arest to po that
will be deducted. The patrons get the balance. Surely this should prove satisbad one for all the factories, but that was something over which human pow had no control. Should next summer be favorable for the growth of grass, the prospects are that satisfactory re-
sults will follow at the Alsfeldt butter factory.
