

# DESERTED BY SOLDIERS SULTAN DECIDES THAT HE MUST ABDICATE

Abdication of Sick Man  
Expected at Any  
Hour

Young Turks Choose His  
Successor—Advance  
Upon City

Constitutional Army at  
City's Gates Without  
Meeting Opposition

Death List at Adana Num-  
bers 400—Murder of  
Missionaries

THE SULTAN OF TURKEY.

**BULLETIN**—Abdication of the Sultan likely—His Successor Named—Constitutional Forces Reach Gates of City Without Encountering Resistance—Further Advance Withheld Until Force Increased—Deaths at Adana Number 400.

CONSTANTINOPLE, April 19.—The most important feature of the situation in the Turkish capital today was the report that Sultan Abdul Hamid had abdicated. It caused the greatest excitement in the lobbies of parliament and spread with lightning-like rapidity throughout the city. A rumor of the flight of the sultan on a warship followed closely on that of his abdication, but neither could be confirmed. Large crowds gathered at the British embassy, where other reports had it the sultan had taken refuge and there were also scores of inquiring the truth of the rumor that his majesty was under the protection of Russia on one of the guardships.

## KNOWLEDGE DENIED.

At both of these embassies all knowledge of the sultan's movements was denied, and the Turkish foreign office also gave a strong denial to one and all of these rumors. The abdication of Abdul Hamid, however, appears not to be improbable, and it is believed that within a day or two the Constitutionalists may accept as his successor Prince late sultan, who is second in line. They are strongly displeased with Abdul Hamid's attitude. The palace today was under strong guard and even high officials were not permitted to enter.

The advance of the Constitutional forces began this afternoon. Small parties were sent out to reconnoitre and at seven o'clock in the evening they were within sight of the gates of Constantinople. They encountered no resistance, nor does any resistance seem likely unless at the palace. The headquarters of the Constitutional army are at Dedekastir, and General Huseini Pasha's forces, which now number between 20,000 and 30,000, occupy a range of hills about 20 miles from the capital. Every hour reinforcements are adding to their numbers.

## SECRET SITTING.

At a secret sitting of the chamber today, the deputies refused to act on a vote of confidence in the government, and it was unanimously decided to postpone the discussion of the government's programme until Saturday, which gives the government a fresh lease of life until then. It was apparent that the chamber was hostile towards the cabinet, owing to the fact that many of the Ministers were identified with the old regime.

The grand vizier, Tewfik Pasha, read a declaration explaining that he had assumed office from patriotic motives at the moment of a crisis, to save the country and constitution, which every one believed to be endangered by recent events. He had been unable to prepare a programme, he said, but was doing his utmost to cope with the situation. He counted upon the support of the deputies and was ready to withdraw if their confidence were withheld. He concluded by announcing the signing of the Turkish-Bulgarian protocol.

## WITHHOLD ADVANCE.

It is not likely that the entire army will reach the capital for some little time, as Huseini Pasha and his military associates deem it advisable to withhold their advance until they are strong enough to win success by overwhelming numbers. They hope that the so-called reactionary opposition will yield without fighting. The bringing up of the reinforcements is under the direction of Nisai Bey and Enver Bey. The civil direction of affairs continues at Saloniki, at which place constant communication is maintained with Constantinople.

The new government at the capital has been conducting the administration for the past week with few or no changes in personnel. There have been practically no preparations, so far as can be observed, to resist the advance of the Saloniki troops. The city appears very quiet and European and American women are driving about the streets as usual.

## DEATHS NUMBER 400.

It is announced officially that the deaths at Adana during the rioting numbered 400, among the killed being many Turks. The telegraph lines to the provinces, however, are badly interrupted, and details of the massacres at Adana, Tarsus and other places are lacking. Even though the rumors of the Sultan's abdication are unconfirmed they seem to produce a feeling of distinct relief in Constantinople and the advance of the Saloniki army, which is slow but steady, makes the settlement of the question of administration a matter of hours. The general belief is held that the enveloping movement will be completed by tomorrow night or early Wednesday morning. The soldiers of the garrison appear to be thoroughly cowed by the advance of the third army corps, and the only cause for apprehension is the attitude of the fleet, which is held to be doubtful.

Izzet Pasha and other government delegates who were sent to confer with the Salonikians returned here today. All that is known of the result of the negotiations is that the Salonikians reiterated their demands already made and threatened to send five battalions into the city for the purpose of assisting the authorities in maintaining order. Business of all kinds is practically suspended and the civil and military officials appear paralyzed, waiting for the outcome of events.

The consensus of opinion is that if the abdication of the sultan is brought about his overthrow and the proclamation of his successor will be accomplished peacefully. Many Turkish families in the Istanbul quarter are moving to suburbs of greater safety, but in general the people, though fearful of coming events, are awaiting them philosophically and with resignation.

## GIVEN TO 10 TO ABDICATE.

PARIS, April 19.—A special dispatch from Constantinople says that the Young Turks have given the sultan until 10 p. m. to abdicate. According to the dispatch Mr. Zivieroff, the Russian ambassador, is conducting the negotiations and the Russian cruiser Admiral Greig, from Athens, is lying in the Bosphorus ready to take off the sultan.

Further proof of the unlikelihood of resistance to the Young Turks army and of the desire of the authorities to appease the Saloniki army is found in the orders issued today for the preparation of military trains for the transport of the six thousand troops of the Constantinople garrison to Anatolia. This will mean the removal from the capital of all participants in Tuesday's revolt.

It is expected that the invading troops will enter the city on Wednesday or Thursday, the right wing by way of Stamboul, seizing the war office, the ports and parliament; the left wing crossing the Sweetwaters to secure the heights above the Yildiz, Pera and the Bosphorus, while the centre will devote itself to maintaining order and preventing any attempt at pillage.

The House adjourned at six o'clock.

## WOULD NULLIFY COURT'S ACTION

MONTREAL, April 19.—None of the seven aldermen unseated on Saturday by the court of review attempted to take their seats at today's meeting of the City Council, though most of them were in attendance in the ante-room, and from that point of vantage listened to their former fellow members debate on an application to the legislature for an act nullifying the decision of the court restoring the aldermen to their former position and regularizing the objectionable expenditure.

This resolution was passed unanimously. In the meantime the civic funds remained tied up. The approval of the finance committee is necessary before the council can pass the expenditure, and as there is no finance committee this approval cannot be secured. It is hoped the legislature will send a willing ear to the cry of distress and place the unseated aldermen once more in good standing and thus enable the city to meet its obligations.

## GOVERNMENT TOO LIBERAL WITH THE DRUMMONDS

Royalty Provisions Lasting for 80 Years  
Severely Criticized—Company Also Gets Big Water Privileges—Game Act Passed.

FREDERICTON, April 19.—Replies were given to a number of inquiries. The house went into committee and considered the bill in aid of the development of the Gloucester iron deposits. Mr. Byrne said he wished to correct an impression that seemed to have gone abroad that he was opposed to giving assistance to the Drummond Iron Company. He was at all times desirous that the company should have every encouragement, but he did object to the clause of the bill which fixed a royalty of five cents a ton for a term of 80 years. He thought the provision was altogether too liberal. In other mining leases issued by the government there was no such provision. He thought the royalty could be increased or diminished at the will of the government, and he thought such provision should have been retained in the leases issued to the Drummond Company.

Mr. Byrne said he wished to correct an impression that seemed to have gone abroad that he was opposed to giving assistance to the Drummond Iron Company. He was at all times desirous that the company should have every encouragement, but he did object to the clause of the bill which fixed a royalty of five cents a ton for a term of 80 years. He thought the provision was altogether too liberal. In other mining leases issued by the government there was no such provision. He thought the royalty could be increased or diminished at the will of the government, and he thought such provision should have been retained in the leases issued to the Drummond Company.

Mr. Tweedie said that the history of iron mining in the province showed it was not a speculative enterprise, and there was no doubt that the iron deposits in this province were superior in both quantity and quality. It was very desirable that the company be given every encouragement and assistance for the establishing of this industry, but there was a possibility of going too far, and he thought the same royalty could be extended for a further period of twenty years.

He thought also that a provision should be put in the bill that the company should erect smelting works and coke ovens.

Mr. Tweedie said that the history of iron mining in the province showed it was not a speculative enterprise, and there was no doubt that the iron deposits in this province were superior in both quantity and quality. It was very desirable that the company be given every encouragement and assistance for the establishing of this industry, but there was a possibility of going too far, and he thought the same royalty could be extended for a further period of twenty years.

It was very desirable that the company be given every encouragement and assistance for the establishing of this industry, but there was a possibility of going too far, and he thought the same royalty could be extended for a further period of twenty years.

## ABOUT NINETY BILLS SO FAR

FREDERICTON, April 19.—Up to the present time about ninety bills have been presented to the house, and as tomorrow is the last day fixed for the acceptance of private bills it is estimated that all are now pretty well in. Last year there were a few over a hundred before the house, so this year is about an average one. The public accounts committee up to the present time have held but three of their meetings, but it will not take more than that number to complete the examination. There is little doubt that the prorogation will take place at the end of next week.

The river continues to fall, and the weather remains cold. The steamer Elaine arrived from St. John at six o'clock this evening and reports little difficulty in the run. She returns in the morning. The washout on the I. C. R. formerly known as the Canada Eastern, still remains. At McNamers it is found necessary to continue to the passengers and freight by train some three miles. The trains, however, are running as usual, and there is little delay as far as time is concerned.

## DEFENCE ONE OF INSANITY

Trial of Captain  
Hains Begins

NO ALIENISTS

McIntyre to Leave Question  
Sanity With the  
Jury

FLUSHING, L. I., April 19.—That the "unwritten law" will not figure in the trial of Captain Peter C. Hains, Jr., U. S. A., for the murder of William E. Annis, at the Bayside Yacht Club last August, was the positive statement made today by John F. McIntyre, chief counsel for the defense, at the opening of the trial before Justice Garretson in the supreme court.

"Our defense is one of insanity, pure and simple," said Mr. McIntyre. "Mr. McIntyre said that he would not call any alienists to show that his client was insane, but would leave it to the jury to decide as to his mental condition at the time of the shooting."

District Attorney Dewitt of Queens County, who is prosecuting the case, announced that he had retained three alienists to combat any testimony of insanity which the defense might offer. The first day's session closed after some testimony had been examined, with only two jurors in the jury box. Justice Garretson ordered that the jury be kept under close surveillance during the trial and accommodations were secured for them at a hotel four miles out of town. An extra panel of 150 talesmen was drawn today for Thursday in order to meet any emergency. A prisoner appeared nervous and weary after his first day's experience in court.

The first jurymen accepted today was August Sandling, a tailor of Corona, L. I. George H. Higgins, a real estate dealer of Springfield, L. I., took the second seat in the jury box.

## NOMINATIONS FOR BOARD OF REGENTS

S. D. Scott and W. B. Tennant Among Those Named  
for Position

SACKVILLE, N. B., April 19.—Two St. John men, S. D. Scott and W. B. Tennant, have been nominated to fill vacancies which will be created this spring among representatives of the Alumni Society of Mount Allison Board of Regents. Both are former students of the university. Others nominated are Hon. C. W. Robinson, '86, of Moncton; C. C. Ayard, '88, of Sackville; Rev. A. S. Rogers, '97, and Mayor Picard, Sackville, former students of the institution. From these two are to be elected at the meeting of the society in June. E. R. Machum is already one of the society's representatives on the board.

Tomorrow sees civic election here. There will be two contests, one for the majority, with Mayor Picard and S. W. Cooke as opponents, the other in West Ward, where two aldermen are to be chosen from three candidates, Aldermen Anderson and Esterbrook and Mr. C. E. Lund. Other aldermen have been elected as follows: North ward, Charles W. Fawcett, Fred B. Doncaster; East ward, Robert Duncan, Woodford Turner; South ward, John Johnson, Henderson.

The election of officers for Mount Allison Amateur Athletic Association for the next collegiate year has resulted as follows: President, R. A. Patterson, '10, Hortonville, N. S.; vice-president, W. A. Pickup, '11, Grandville Ferry, N. S.; secretary, F. Ferguson, '11, Moncton; treasurer, R. K. Blois, '12, foot ball captain, Captain J. R. McWilliam, '10, Ford's Mills, N. B.; second captain, Cyril North, '11, Hantsport, N. S.; business manager football team, R. St. C. Hayes, '10, St. John; hockey captain, C. G. McDougall, '11, Moncton; Professor S. W. Hutton is honorary president. McWilliam, football captain, has played quarterback on the university team for two seasons. North, second captain, is also a quarterback. McDougall has played on the university hockey team during the past two seasons, filling centre position. He was also full back of the football fifteen last fall.

The washout on the I. C. R. formerly known as the Canada Eastern, still remains. At McNamers it is found necessary to continue to the passengers and freight by train some three miles. The trains, however, are running as usual, and there is little delay as far as time is concerned.

## MANY CHARTERS GRANTED ROADS

OTTAWA, Ont., April 19.—A return tabled in the commons this afternoon shows the liberal way in which parliament has granted railway charters in the past twenty years. In the two decades from 1888 to 1908 exclusive charters granted to the Canadian Pacific, Grand Trunk, Grand Trunk Pacific and Canadian Northern, two hundred and three charters have been granted to railway companies, authorizing an aggregate construction of 69,809 miles. Of the total number of com-

## IS CONFIDENT NOW ROAD WILL BE BUILT

W. E. Foster, Back From  
Ottawa, Optimistic Over  
Project

W. E. Foster, the local Board of Trade representative at Ottawa in the matter of the Valley Railway project, returned to the city yesterday afternoon. When seen by The Sun last night, Mr. Foster stated that the reception accorded the delegation at the city was an extremely cordial one, and that he with all the other members of the visiting deputation believed a "Y" road would be built.

Mr. Foster stated that the delegation interviewed Sir Wilfrid Laurier, the Minister of Railways and the Minister of Public Works. From all three were received expressions of sympathy for the movement and the deputation feel that the government is very willing to favorably consider the proposition. The delegation was particularly honored, he thought, in having with them at the dinner given by the Hon. Dr. Pugsley four of the Ministers of the crown.

## SIX ITALIANS WILL TESTIFY FOR DEFENSE

Have Arrived at  
Andover

TRIAL STARTS TODAY

Altogether Likely Hanging of  
Italians Will be  
Postponed

ANDOVER, April 19.—Much interest is being displayed in the trial of Sandy Murray and the two Hatches, charged with being accessories to the murder of Edward Green. The opening session of the trial took place in the court house with Justice McLeod presiding at 11 o'clock tomorrow morning. The first two witnesses called will in all probability be Tony Arosia and Leon Seppell, who are now awaiting the fulfillment of the death sentence. There will also be six Italian witnesses for the defense, who reached here today.

The legal talent employed in the case have reached Andover. T. J. Carter will prosecute for the crown, while Hon. H. A. McKeown, F. B. Carvell and Hon. W. P. Jones are here and will represent the accused at the trial. Messrs Louis and Michael Murray of Maine are also here for the trial.

The general opinion expressed here is that the execution of Tony Arosia and probably Leon Seppell will be deferred for a few weeks.

## OPENS A MARKET IN CAPE BRETON

New South Shore  
Service

STARTS MAY 3

Ald. E. C. Elkin is Likely  
to be Local  
Agent

George C. Cooke, the Halifax representative of the steamship company which is to operate the South Shore route in place of the Senlac Company, is in the city a guest at the Royal Hotel.

When seen by The Sun last night Mr. Cooke stated that the Amelias would leave Halifax on their first trip May 2. A new port has been added to the route, that of Clark's Harbor, and the service in many other ways will be improved. On account of the company's docking facilities, Halifax close connection will be made with a line of steamers flying the Gaysboro shore route of Nova Scotia and new markets extending as far as Cape Breton will thus be opened to St. John business houses that owing to freight charges were impossible of being exploited before.

The Amelias, a freighter before all else, is a strangely enough a boat of considerable speed and at least seventeen hours will be saved, it is estimated, in the trip to Halifax over the old Senlac route. The Amelias has a commodious accommodation for about twenty first class passengers.

While there have been no definite arrangements made as yet regarding docking facilities at this port, it is understood that Ald. E. C. Elkin is to be the local representative of the company.

Mr. Cooke stated last night that with the present federal and provincial subsidies the route may be operated to advantage by the Amelias.

## NOVA SCOTIA HOUSE

AGAINST PROHIBITION

HALIFAX, April 19.—The prohibition resolution introduced in the provincial legislature ten days ago, and which has been the subject of almost continuous debate since, was put to vote this afternoon and lost, 23 to 8. The five members of the opposition voted for the resolution and three members of the government came over, making eight all told.

The resolution not only asked for a local prohibitory law, but that the machinery for its enforcement be enacted and that the federal government be memorialized to amend its legislation to prevent the importation of liquor in the province.

## NOVA SCOTIA ESTIMATES.

HALIFAX, April 19.—The provincial estimates were brought down in the legislature today. The receipts are estimated at \$1,642,944 and the expenditure at \$1,634,004. Royalty from mines is expected to yield \$645,000; succession duties, \$75,000; subsidies from the dominion, \$610,464, and interest on Halifax and Southwestern Railway mortgage, \$162,730.

Chief items of expenditure are: Education, \$316,000; public charities, \$212,250; debenture interest, \$206,476; roads, \$175,000; Nova Scotia Technical College, \$35,000; agriculture, \$26,000.

## IF FIGHTING OCCURS IN CITY LOSS OF LIFE WILL BE GREAT

This is the Opinion of Army Officers Who  
Witnessed the Revolutionary Outbreak  
in Turkish Capital Last Tuesday--Foreign Opinion Favorable to Young Turks

Continuing, the officer said that foreigners moved about the streets of Constantinople without the slightest interference by the soldiers or the popu-

LONDON, April 19.—"Should fighting occur on the streets of Constantinople the loss of life among the civilians would be enormous," is the opinion of an American army officer who witnessed the revolutionary outbreak at the Turkish capital of last Tuesday. "As an instance," the officer continued, "there was a clash Tuesday night between two small sections of soldiers. Three soldiers were killed and seven were wounded, whereas, the casualties among civilians amounted to sixty. This is accounted for by the fact that the populace apparently without fear mingled freely with the troops and received a large number of the bullets intended for the rebels."

This officer estimates that at least 1,000,000 rounds of ball cartridges were fired Tuesday night to celebrate the success of the revolt and he believes that many women and children must have been killed or wounded in their homes as the walls of the houses have no more resisting power than so much paper.

Foreign public opinion in Turkey is strongly favorable to the Young Turks contention that the revolt of Tuesday was engineered by the reactionaries, but it is not believed that the sultan has any knowledge of their intentions. The Liberal Union, which was supposed to be the head of the movement, is without great influence. The reactionaries used the name of the union and under its banner they hoped to abolish the constitution and restore the old regime. Their momentary success might have been averted had the government taken a firm stand.
