Health Affairs Need Attention

Residents of Various Parts of the City Complain of Almost Unbearable Odors.

The Health Inspector would do well to pay a visit to the hotel foundation at the old railway station. The place is in a disgraceful condition with filth and the stench is unbearable.

The presence of a policeman in that section at night would have a good effect.

Complaint also reaches us of the disgraceful condition of Forest Road, near Llewellyn Place, where, owing to the fearful odour, respectable residents are afraid to raise their windows.

People who throw nuisance on the streets at night should be severely dealt with and the Municipal Council should direct their efforts to capture them.

C. C. C. CHURCH PARADE

The C.C.C. will attend mass at St. Patrick's Church Sunday next.

C. E. L. SMOKER

The members of the C.E.L. are holding a smoker at their rooms this evening.

A fine programme is being arranged.

SALMON IN RIVERS

From the West Coast we learn that salmon are making their appearance in the rivers.

Sea trout are also plentiful.

DOG BITES BOY

A boy named Stevenson, of Freshwater Road, made complaint to the police to-day that a dog owned by Willis Reid, bit his right leg. The owner of the canine will be summoned.

Const. O'Flaherty summoned three lads for loose and disorderly conduct. The defts. were fined \$2 or 7 days each.

One assault case was postponed sine die, and another was withdrawn.

A couple of drunks were discharged.

Annual Meeting Of Old Feildians

Held at Bishop Feild College Last Night—Election of Officers Takes Place

The annual meeting of the Old Feildian Club took place at the College last night, and was most successful.

The report of the Secretary, Mr. H. A. Winter, showed that the Club was in a very creditable condition. The general report, and those of the hockey and football secretaries, as well were received and adopted.

The election of officers then took place:

Patron—Hon. E. R. Bowring.
Hon. President—W. W. Blackall, Esq.
President—R. R. Wood, Esq.
Secretary—Treasurer—R. H. Tait, Esq.

The Football Club met immediately after and elected the following officers:
Captains—Mr. R. H. Tait.
Vice-Capt.—Mr. F. Rendell.
Secretary—Mr. Cliff Rendell.
League Delegate—Mr. J. A. Winter. Practices will begin without delay.

NICKEL'S SPLENDID SHOW

The attendance at the Nickel Theatre last evening was large, and all were delighted with the programme. There were six different pictures and each was of a high class. One of the funniest comedies ever seen was entitled "Bunny Buys a Baby." Our old friend John is one of the most popular actors of the "movies" and the fun he caused last night when he purchased a little colored girl kept the audience in roars of laughter.

Nothing so comical has ever been seen at the Nickel before and patrons were weak from laughing. The pictures will be repeated this evening and we strongly recommend our readers to attend and enjoy themselves.

Way of The World In Harbor Grace

What The Standard Has to Say About Local Events and Affairs Generally.

Our former fellow-citizen, Mr. Robert Badcock, Sr., who acts for Job Brothers at New York, who was in St. John's in connection with the McMartin Case, took a run over here on Tuesday to see his brother and sisters and other friends, all of whom were well pleased to see him looking so well.

Criticises Accommodation.

The Western Star criticizes the accommodation provided by the Port-a-port Company. It says that men should be lodged in houses not camps. The Manager of the Company has replied saying that the camps are clean, but he fears the men will not keep them so. We understand that some of the men here objected to go for the season, they say, that the accommodation they fear is poor. However that may be, and the agent tells us they are cleanly—it is certain, as The Star says, that it would pay the company to provide good lodging and we may add pay the men in health and vigor and self-respect to keep them so.

"By Leaps and Bounds."

In spite of the hard times at home and abroad so much talked of and felt this year, the Boot and Shoe Manufacturing firm of Archibald Brothers has been able to increase its output since January last to over 12 per cent., and now the demand is so great that it looks as if the firm will have no "slack season" at all. On the contrary, they commenced yesterday to increase their output in order to fill the "rush orders" that have poured in. They expect to be very busy at the increased business right up to the first of July. Then as usual it will be necessary to manufacture—but this year it appears on a much larger scale—a supply of surplus stock for the Fall trade.

Our Financial Condition.

The fiscal condition of the Colony is causing deep concern. The Premier has been unable to obtain the two million dollar loan at 3½ per cent. that he went home to raise. Money cannot be got at that figure.

He has secured, it is said, a temporary loan of a million or a million and a quarter at 4 or 4½ per cent. Bad enough to run up a big debt worse not to be able to raise the wherewithal to pay for it. The customs receipts are said, we know not with what truth, to be shorter than expected.

People are beginning to see that they made a great mistake—those of them that made it—in allowing themselves at the last election to be diverted from the real issues by false cries.

Too late! The only thing the public can do now is to pay the increased taxes, spend less, work harder, and see to it, as well as they can, that every dollar of public money spent is spent wisely—less sops to the well-to-do, more aid to the toiler.

ANOTHER FISHERMAN DROWNED

Deputy Minister of Justice Hutchings received the following wire from A. Cook, Foggo, to-day:

"James Elliott, Hare Bay, aged about 60, was drowned yesterday by the capsizing of his boat while hauling his herring net. The body has not yet been recovered."

What's Doing In Carbonear Town

Live Notes of News of Men and Events From This Busy Progressive Centre

We are pleased to see our genial station agent, Mr. A. Peach, back again, after his holiday. Hope he enjoyed himself.

Quite a few of our people are getting ready for Labrador now. Some are getting engines installed, among whom are Mr. P. Allen, P. Finn and A. Penney. We hope to see these boys running in a short time, as competition is high re engines.

The S.S. Kintail called here Saturday to deliver coal to the F.P.U. here. She left Sunday for North Shore.

Great excitement was caused and much merriment on Monday night when a party of our young people, left about 2 o'clock by Mr. Rowe's motor boat (to visit Carbonear Island). When 11 o'clock came and they did not return a volunteer crew in Mr. Finn's boat started to look for them, and we are sorry to say found Mr. R.'s boat with her propeller tangled in a trap mooring. Both boats had a poor time coming in, as both engines were out of working order. The weather was not very desirable for a party that night, but we hope to see better soon.

Mr. O'Neill, representing The Nantucket Rubber Co., and Mr. J. P. Orr, of Cleveland, Ohio, were in town this week.

We now have a telephone connection and electric light system with Bay Roberts, and shortly, we hope, with Brigus.

R. H. Richards, who is pleased to say, has reconsidered his resignation and will stay as Principal of the College for another term.

The F.P.U. is forging ahead here now under the Chairmanship of Capt. George Penney. We hope in the near future to see a new hall in course of erection. Lead on, Captain, and you will be sure to win. Coaker can't lose. We hope to see a Union parade before Labrador time.

RIDICULOUS IDEA

Our contemporaries are talking of holding the Regatta about the middle of July, because of the visit of the Duke of Connaught to Newfoundland.

The idea is too ridiculous for anything.

The first week in August is the proper time for the Derby.

The distinguished visitor, we feel sure, would prefer spending his time fishing.

The Bear Men Explain

Our advertising Rubbers at this season looks queer, doesn't it? But the reason is this:

Every order that goes to the factory from us is made up SPECIAL-
LY, from fresh, new stock. The Bear people will not give you any of last year's left-overs. Your order is packed and marked for you, and shipped to us. We pay duty and freight here, and goods are transhipped to you without having caused you one moment's trouble.
NOW ALL THIS TAKES TIME.
The factory people must have time to make up, pack, mark and ship your goods—paying closest attention to every detail of your instructions; and we must have time to attend to the goods when they arrive, and get them forward to you just at the time you want them. We will do everything possible in your interests. BUT WE MUST HAVE A SQUARE SHOW
So, Mr. Rubber Dealer, please give us your order NOW, no matter whether you want the goods next October or next January. The earlier you give it, the more satisfaction you will get.

LOOK FOR THE BEAR—'TIS ON EVERY PAIR.

COMMENCING NEXT MONDAY EDISON TALKING PICTURES.

The wonderful Edison Talking Pictures will be exhibited at the Casino for the first time locally when they appear on next Monday afternoon.

They are another of the marvels emanating from the brain of the wizard Thomas A. Edison. He makes the motion picture talk and laugh and sing, each in his own tone, which apparently is produced from the actor's or singer's mouth as if a wonderful illusion.

Let us suppose that it had been possible to reproduce the court scenes during the reign of Napoleon, who would not go far to see a talking picture when the voice and the personality of one of the mightiest figures that ever stormed across the world could be reproduced true to life?

In witnessing a performance of these truly marvelous Edison Talking Pictures one forgets that it is only a picture, but a thing of lights and shadows, more unstable than water and less material than air.

When it is all over one feels that one has been in another world. Skepticism gives way to amazement and then to enthusiastic pleasure, the illusion being so perfect that the actors and singers in the pictures themselves are very frequently applauded.

Chas. F. Snelgrove,
CATALINA, T.B.

The influence of artistic dress on the lives and character of men has been felt all through the ages, and as men gather power, dignity and influence they find a way of expressing it by the adoption of a higher standard of dress.

We respectfully request the attention of parents, guardians and the young lads of Newfoundland to this subject. The question of male clothing is a large item in a family budget, and be divided into three parts. FIRST: THE CHILDREN'S CLOTHING.—In this line we carry a large selection of fancy suits for little boys. These suits are made for us by the greatest specialists in children's clothing in Great Britain.

SECOND: BOYS' AND YOUTHS' CLOTHING.—Our experience in Boys' and Youths' clothing is that when boys leave school for work they want to get Custom Tailored suits; but their earnings are not sufficient to enable them to pay almost men's prices for their suits. We have gone into the question, and to meet this demand we have produced a high-grade Ready-made garment cut in the latest American style, made and trimmed well and of fine texture. These suits are miles ahead of an ordinary shop ready-made, in fact they are almost in the same class as a Custom Tailored Suit. They are not as cheap as the shop ready-made, but are perfect fitting and thoroughly reliable.

THIRD: MEN'S CLOTHING.—In our Custom Tailoring Department our cutter, Mr. W. J. Goss, is maintaining the high standard of cut and finish that specially marks a "JACKMAN" cut garment.
In our Men's ready-mades department we have hundreds of suits in prices from \$10.00 to \$15.00. These are not a cheap class of Ready-made. They are made of good cloth, well trimmed and cut in the very latest American style. Cuff buttoned and all extras.

Mail order patrons will please give the ages of Boys and Youths when ordering suits.
When buying clothing it is always well to remember "that the good article is never dear." It is the cheapest in the end.

THE BIG TREAT NEXT WEEK

The Edison Talking Pictures will be seen for the first time in St. John's at the Casino, next Monday afternoon. Though the wonder of the accomplishment of these Talking Pictures is not to be belittled, their chief value appears to be not the enhancement of the enjoyment of the average audience that goes to see moving pictures, which will possibly be as great without. It is rather the means they present of preserving things that would otherwise inevitably perish.

History can, through them, be made a living thing to generations that succeed us for the personality of history makers can be preserved, and the famous men and women of to-day appear before the men and women of to-morrow as real and vital.

The Edison Talking Pictures mark a new era in theatricals, furnish a world of thought for producers and managers and—in short—is a revelation that has come to stay.

PREPARE FOR THE WORST.
