Encourage House-Owning

From time to time there has appeared articles in the daily papers advocating the orginization of a company for the construction of houses for working men. So far as Brantford is concerned, the S. G. Read agency has supplied 73 homes within the last few years to working men from their own capital, and hundreds other houses have been sold through the same agency and the agreements of purchase carried by private friends and clients of this agency. About 8 years ago this agency became a limited liability company, principally for the purpose of furnishing homes to those who required to purchase on the easypayment plan, and our business has grown year by year, until we now have so many applications for homes that we find it necessary to offer some thirty or fourty thousand dollars' worth of our Pieferred Shares to the general public, These shares are \$100 each, par value, and pay 6 per cent, per annum, regularly, dividends payable half yearly. The present shareholders, who have been in our Company since its inception would not sell their shares for \$140, because of the splendid secur-

The Company desires to continue to be able to sell their properties on payments to bear interest at no greater rate to the purchasers than six per cent. per annum. Therefore, we can appeal to all classes of people who have money to invest who desire to see our working men with comfortable homes without being oppressed by high rates of interest, to assist us in this good work by securing some of our shares with a guarantee divinend of six per cent. per annum, payable half-yearly.
