## "Corona" Dry Arsenate of Lead

for  
Spraying Orchards and Potato Plants.  
"CORONA" dry is not an experiment, it has been used by many of our leading farmers for years.  
One pound of "CORONA" will do the work of from two to three pounds of Arsenate Paste, and be more effective because:—  
It is a perfect, dry, fine white powder, and does not contain 50 per cent water.  
It is pure, and contains nothing but Lead Oxide and Arsenate Oxide, the only two chemicals essential of an Arsenate of Lead. It gives an even application, covers more thoroughly, and sticks to foliage longer.  
It mixes easily and readily in water, no working up to prepare for the spray tank. No straining. It is only necessary to shake the proportional amount into the spray tank.  
By using the same weight each time you spray, your mixture is always the same strength.  
No sediment, no lumps, no water, never clogs spray nozzles.

### G. W. PARKER, SECRETARY OF THE LIBERAL-CONSERVATIVE CLUB OF WARD ONE SPEAKS.

To Editor of The Advertiser:  
Dear Sir:—It is most certainly a matter of deep regret to every right thinking man or woman in Kings County, be they Conservative or Liberal, that any man would attempt to bring in or use liquor at any time but at this particular time above all others. As Secretary of the Liberal-Conservative Club of Ward 1, I must deny the charge that the Western Chronicle publishes in large type, as far as it relates to, or bears upon the Club or any of its committees. And no member can be found who had the least suspicion of the dastardly business reported.

The story of the seizure came alike to all—as a clap of thunder from a clear sky. To all our people this statement would seem unnecessary as every one should believe that in this County above all others the majority of its people are sober living people who look forward to a day that this great curse of the rum traffic will be banished, and that the Conservative Party are no more responsible for the liquor carried by the motor boat that is used for towing and freight carrying than the Liberal Party is for the jugs seized at the Railway Station last week from one of its party workers, or of other seizures that have been made in this County within ten days.

G. W. PARKER...

### NOTICE

Mrs. Noble Crandall and Miss Grace Crandall spent the week end in Wolfville.

Mrs. Harry Robblee and Mrs. (Rev.) Russell are guests of Mrs. C. S. Neary, for some weeks, Mr. Robblee and Rev. Mr. Russell being in Camp at Aldershot, in the 219th Battalion, N. S. H.

### INDIANAPOLIS MOTOR RACE MAY 31st.

(From Boston American, June 11th, 1916, Page 5)

By winning the 300-mile Indianapolis speedway race on Tuesday last Resta clearly established his right to the title of premier driver of America. He led his nearest competitor over two minutes and proved himself one of the most consistent winners of long distance races in this country.

He drove a heady, clever race throughout at Indianapolis and never once was even induced to attain high bursts of speed, not even in the first twenty miles, when Rickenbacker, his Maxwell, was doing phenomenal work, clocking the distance at an average of over ninety-one miles an hour, which, by the way, was the highest rate of speed attained throughout the contest.

Two accidents occurred to Jack LeCain and Tom Rooney—and although being put out of the running early in the game, Rickenbacker and his Maxwell might be considered as the stars of the race. He showed the greater speed of the day, and after his own car was down and out, Rickenbacker came back as a relief driver and forced the second Maxwell across the finish line in the prize money.

The Maxwell Cars are sold in Kings and Hants by G. W. Parker at Kentville and Canaling. Write or Phone for particulars.
