## Skin Disease is Blood Disease

"Fruit-a-tives" clean the blood of all  
impurities and clear the complexion.

Pimples and blotches—  
Redness—Boils—Eczema and  
other inflammations of the  
skin—mean impure blood.

A person with a bad com-  
plexion always suffers from poor  
digestion—non-action of the bowels  
(or constipation) and often the  
kidneys are weak.

These unhealthy  
organs cannot rid  
the system of  
waste matter. It  
is this waste—taken  
up by the blood and carried to  
the skin—that ruins the  
complexion.

"Fruit-a-tives" cure all skin  
troubles because they cure the  
kidneys and bowels.

"Fruit-a-tives" cause the  
eliminating organs to do their  
proper share of the  
work of ridding the  
system of waste.  
This purifies the  
blood—and in-  
stead of the pimples  
and blotches  
disappear, and the  
complexion clears.

"Fruit-a-tives"  
are a  
wonderful  
cure for Pimples  
and blotches  
on the skin.

They are without doubt the greatest  
blood purifier in the world. 50c  
a box—6 for \$2.50. At all druggists.

NEW IRISH BILL  
IS STORM CENTRE

NATIONALISTS ARE NOT SATIS-  
FIED WITH THE MEASURE  
IN ITS PRESENT FORM

LONDON, April 25.—Discussions  
are still going on between the Govern-  
ment and John Redmond, chair-  
man of the Irish Parliamentary  
party, in the House of Commons re-  
specting the Irish bill, which will be  
introduced on May 7.

There are wide divergences be-  
tween the government and the na-  
tionalists as to the bill, but they  
have agreed to have the measure in-  
troduced on the day set by the Sec-  
retary for Ireland. It is stated that  
the bill provides for the formation  
of an Irish council, partly elective  
and partly nominative, which shall  
administer the domestic affairs of  
Ireland, exclusive of the army and  
navy, but will have no legislative  
powers. This is far from what the  
Nationalists desire and they will  
carry on the fight on the floor of the  
House. It is said that many mem-  
bers of the Imperial cabinet are  
willing to concede to the demands  
of the Nationalists, but a majority  
favor a measure far short of  
what Mr. Redmond is striving  
for. There have been conferences  
on the subject many of which  
have been stormy.

**TORONTO PROTESTANTS.**  
Powerful Secret Organization  
Launched in Queen City.

TORONTO, April 25.—The star-  
tling news of the formation of a  
secret organization, the P. A. of  
ancient memory and surrounded  
by a thick veil of mystery, has  
been the subject of much talk in  
this city. The organization is said  
to have been founded in Canada.

Only Protestants of the standpoint  
type are admitted into membership.  
It will be a political organization, giv-  
ing allegiance to no political party,  
and will endeavor to support any  
candidate who approves of the Protestant  
cause.

The name of the new society and the  
names of its members have not been  
made known. Only those who have  
been accepted as members are made  
acquainted with the place of meeting.  
Several public men in high position  
in this city have allied themselves  
with the organization, and are among  
its most energetic workers. One pub-  
lic man is authorized to state that  
the society will have 10,000 mem-  
bers inside of a year, and will wield  
a powerful influence in the next Provincial  
and Federal elections.

What inspired the organization of  
the new society has only been hinted,  
but it is said the U. S. is a factor in  
the matter. The organization was  
made by the Whitney Govern-  
ment have not satisfied those who are  
at the back of the new movement. It  
is claimed that the U. S. is a factor  
in the matter, and that too much  
consideration is being given to those  
of that religious faith by the present  
Conservative administration.

**Killed While Walking on the Tracks.**  
LONDON, Ont., April 25.—Con-  
ductor A. Burleigh, of Sarnia, was in-  
stantly killed in the local yards late  
last night. While walking on the  
tracks he was struck by the yard en-  
gine.

**How the U. S. Cream Separator Starts Itself**

At the right is a photograph of a  
number 7 U. S. Cream Separator. Some-  
one raised the crank to the height  
shown and had just let go the  
photograph was taken. Now if other  
photographs had been taken at in-  
tervals of a minute later the crank  
would have been in the position shown  
by the dotted lines. In other words,  
the slight weight of the crank is enough  
to start the gears and bowl of the U. S.  
separator turning. This would take  
time and would be a waste of power  
if you had an idea of how light and  
easy the U. S. Separator runs.

Other separators are advertised as  
"easy running." When the weight of  
the crank will run a U. S. it certainly  
can take much power on the part of  
the operator to do it.

We haven't room here to tell you  
more about the U. S. Separator, but  
if you want we'll be glad to mail you  
a copy of our big, interesting, new  
separator catalogue. It tells all about  
the U. S. just as it is. Write it on a  
postcard, and address it to

## DOES MUNICIPAL OWNERSHIP PAY?

INTERESTING DISCUSSION BY  
KNOX CHURCH BROTHER-  
HOOD ON QUESTION.

From Friday Morning's Leader.

There was more than the usual at-  
tendance at the meeting of Knox Church  
Brotherhood on Tuesday evening,  
when the subject came up for  
debate. "Resolved, that national  
municipal ownership of public utilities  
is in the best interests of all people."

Mr. Clemens opened in the af-  
firmative. He held with Plato, that  
the greatest justice is the greatest  
good for the greatest number. The  
competitive system of doing our busi-  
ness, said the speaker had proved a  
miserable failure both morally and  
commercially. There were a few  
men of such fabulous wealth, that  
the majority must stand with grate-  
ful astonishment while those few  
pompously returned in the form of  
libraries, picture galleries and so  
forth the money that they and their  
systems are gradually stealing from  
the people. But along with these  
libraries came an increase in the  
number of the unemployed; a steady  
raise each year in the price of the  
products of the land, of the mines,  
of the sea, and of the forests, of com-  
modities, and physically imperfect,  
and a general lowering of the physi-  
cal condition of the people. From  
the sweat shops of New York and  
London, while in Germany Austria  
it was even worse. From the  
came the same tale of woe and mis-  
ery. National ownership would  
gradually change the conditions,  
and a general lowering of the physi-  
cal condition of the people. From
