COMMERCE RAIDER OUT.

Fabre L liner Reports Being Chased by German Craft.

NEW YORK, May 8.—The arrival here Sunday of the steamship Venezia, of the Fabre Line, with the news that she had been chased and fired upon by a German commerce destroyer caused considerable uneasiness in shipping circles.
The Venezia was formerly a passenger steamship plying between Marseilles and New York, but since the war she has been converted into a freight vessel, and runs between Bordeaux and New York.
While the commander of the Venezia, Captain Boniface, refuses to discuss the pursuit of his ship by the commerce destroyer, one of the crew volunteered the information that the enemy appeared suddenly while they were off the Azores and about three days out from Bordeaux. He says the strange vessel loomed up without any flag showing, and bore down on the Venezia.
The raiding craft kept up with the apparent intention of getting closer to the Venezia, but the absence of her flag made Captain Boniface suspicious, and he made preparations for a sudden dash. The approaching steamship signaled to the Venezia to slow down, but Captain Boniface made out several guns on her deck and was convinced she was a German commerce destroyer and signaled for full speed.
As the Venezia started to bear away a shot passed over her. This was followed by another, which dropped close to the Venezia. Before a third shot was fired the Venezia had increased the distance between her and the commerce destroyer, so that the efforts to overhaul her proved unsuccessful.
For several hours the commerce destroyer pursued the Venezia, but the French steamship had the superior speed an managed to leave the pursuer far behind, not sighting nor hearing from her on the remainder of the voyage.
It was learned that the raider was evidently a merchantman which had been converted into an auxiliary cruiser.

NEW MILITARY CAMP.
Twenty Thousand Acres Purchased at Pine Plain, Near Barric.

TORONTO, May 8.—Ontario is to have a new military camp that will far surpass Valcartier in every respect as an ideal place for the training of troops for overseas service. It will supersede Niagara and other camps in the western part of the Province. The new camp will be at Pine Plain, in Simcoe County, some ten miles from Barric, where the Government has acquired a site of 20,000 acres, approximately 28 square miles. Construction work is to be started immediately and rushed with all possible speed. Everything must be completed and ready for the reception of 25,000 troops by June 1 next. This was the definite announcement made by General Sir Sam Hughes, Minister of Militia, Sunday night on his return to the city after making an inspection of the property.
It is about equidistant from Barric and Alliston, west and south from the village of Angus. The soil is of a sandy nature, and was formerly heavily timbered with pine. It has good natural drainage and two rivers, the Dam and Pine, and Bear Creek, run through it. It is approached by the Grand Trunk Railway, Colliwood branch, and the company will construct additional tracks and sidings into the camp. There are a number of farms on the site, but it is not anticipated there will be any difficulty in getting the owners to vacate immediately. The new camp may also be reached by the C. P. R., which is not far from its western boundary, but, according to the present arrangements, the Grand Trunk will be the only company having direct access to it.

TWO AEROPLANES LOST.
Naval Air Craft Are Missing, Says British Government.

LONDON, May 8.—The German Admiralty reports: "British submarine E-31 was sunk west of Horn Reefs (on the Danish coast) by artillery fire of a German ship on May 5."
This is untrue, the British Admiralty reports, the E-31 having returned safely to its base. The claim of the German Admiralty that one British aeroplane was destroyed and another captured by torpedo boats off the Flanders coast is admitted by the British.
The Germans admit that the Zeppelin L-7, which has been reported by the British as destroyed in the North Sea, failed to return from a reconnoitring trip.
The British communication says: "With reference to the official German report published Sunday, it is a fact two naval aeroplanes are missing. The body of Flight Sub-Lieut. H. R. Simms has been picked up at sea and Observer Sub-Lieut. C. J. Mullen is missing. A lifebelt has been picked up in the vicinity."
"Regarding the aeroplane reported captured by the Germans, the names of the officers concerned are Flight Sub-Lieut. Arthur T. N. Cowley and Sub-Lieut. Ronald Minge."
"The German claim that British submarine E-31 was sunk by gunfire is untrue, the vessel having returned safely to her base.

Sick Arrive From Kut-el-Amara.
LONDON, May 8.—The War Office issued the following statement Sunday night:
"General Sir Percy Lake, commander-in-chief of the British forces in Mesopotamia, reports that the second and third parties, composed of 453 sick and wounded, from Kut-el-Amara reached the British headquarters of the Tigris corps (Thursday and Friday).

Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.
We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Halls Catarrh Cure. Send for circulars, free.
