The seats of the Collegiate Insti

tute Assembly Hall have been sold to the Amherstiourg Opera House and were shipped to-day on the "Ireland." The city solicitor has been instructed to take action against the C. P. R. and train crew who delayed the passing of a funeral with freight train blockade yesterday. The City Council are acting in the matter.

At the meeting of the Council of the Board of Trade Tuesday night, regarding freight grievances, Mr. Waddell pointed out that beans suffered from discrimination in as much as they are classed apart from "Grain and Grain Products," and it was an injustice to the producers, as railroads. by this discrimination got much higher. rates on them than otherwise. He contends for the producers, beans should class with "Grain and Grain Products.qq which they would have same treatment. He also complains that car lot rates, and less than car lot rates are disproportionate, that the latter are excessive and should be reduced to be in some reasonable pro-portion, like as is the case of their treatment by the railroads in the States. Mr. Waddell claims that these redresses given to the producers of beans in the county of Kent and the province generally, would save a considerable sum, possibly \$8,000 to \$10,000 on the whole crop. Mr. Waddell will fight this issue with the carriers in the interest of the producers who

in the interests of the producers, who are the greatest sufferes by it, recog-nizing what is a benefit to them is good for the whole community.

# THREE MONTHS

British House of Lords Settled Earl Russell's Case in London Very Quickly.

Nobleman Pleaded Guilty to Bigamy Charge, but Kicked on the Court.

London, July 18 .- Earl Russell, arraigned at the bar of the house of lords to-day on the charge of bigamy, pleaded guilty after lengthy arguments against the jurisdiction of the court.

The peers reached their decision after consideration of the case lasting 20 minutes.

Earl Russell was sentenced to three months' imprisonment as a first-class misdemeanant.

The trial was carried on with all the quaint middle age ceremonies. The arguments lasted one hour. Both the Earl and Countess Russell (Mrs. Somerville) through their counsel pleaded they did not know they were doing wrong, but had acted on the best legal advice obtainable in Nevada.

#### A SUSTAINING DIET.

These are the enervating days when, as somebody has said, men drop by the sunstroke as if the Day of Fire had dawned. They are fraught with danger to people whose systems are poorly sustained; and this leads us to say, in the interest of the less rob of our readers, that the full effect of Hood's Sarsaparilla is such as to sug-gest the propriety of calling this med-icine something besides a blood purifier and tonic,-say, a sustaining It makes it much easier to bear the heat, assures refreshing sleep, and will without any doubt avert much sickness at this time of year.

### The Probabilities

Are, that your temper will improve and you will enjoy walking and skating in real earnest once that sore corr is removed. Putnam's Painless Corn Extractor never fails, givs no pain and will relieve you in twenty-four hours. Give Putnam's Corn Extractor a trial and be happy.

### DELIGHTFUL HONEYMOON

Mr. and Mrs. Waker had Most Pleasurable Tr p.

The Excursion Cown the St. Lawrence Long to be Remembered

John Ross Walker was highly de-lighted with his trip to the Atlantic coast. Speaking of his pleasure voyage this morning he said: "It was really the finest trip of my life, and I couldn't ask for a

pleasanter tour.
"At Hamilton Mrs. Walker and myself took the Richelieu and Ontario Navigation Co.'s steamer "Hamil-ton" bound for Montreal. The boat is a real floating palace and we enjoyed the voyage very much. We went through the Thousand Islands by daylight. The scenery is something magnificent. At Montreal, we were the guests of the Atlantic Steam Navigation Co. and here we Steam Navigation Co., and here we boarded their boat the Atlantic for our trip to the Coast. The Atlantic is a beautiful twim screw steamer complete in every appointment and

equipment. "Mr. and Mrs. Wester joined us at Quebec. Mr. Webster is president of the Atlantic Navigation Company. Our party now numbered four, and this added much to the pleasure of the trip. This route was only open-ed up last year, but already is proving very popular, especially with Americans. Any wishing a trip to the Coast can have none micer than by going by water from Hamilton.

The boats of the Atlantic Navigation Co., stop at all the quaint and interesting places. The scenery is magnificent, especially Purcie Rock, 600 miles from Quebec. The rock stands in bold profile out from the coast, chise'ed in solid stone. It is 300 feet high, 600 feet long and 100 feet wide. The storms and waves have washed an archway through the centre. The rock seems to be the home of sea gulls. The air was thick with of sea guils. The air was thick with them, and the rock was covered with these birds in all stages of growth from nestlings to the old birds. There is apparently millions of these feath-ered denizens of the lone rock, and you may hear the nous they make for two or three miles. We arrived off the rock just as the sun was set-ting. The captain stopped the boat and gave all an opportunity to enjoy the magnificent scene, the rock, the gulls, the sea lashing the base, the set-

ting sun, truly a scene of indescrib-Arrived at Grand River Basin, N. B. we spent a couple of days. Mrs. Wal-ker and myself induiged in the novelty to us of a bathe in the sea, and we enjoyed it thoroughly. Grand River Basin is a beautiful and natural har-bor. The fishing villages around it are very pretty. The houses are all whitewashed and the fisher folks all,

look healthy, happy and rugged.
We were taken by the manager of a large cod fishing establishment down to see ho ed and cured for market. They are all air dried. First they are cleaned and washed. Then they are spread out in the sun on stones and rocks covering acres of ground. A force of men and boys are kept turning the fish over. The cured fish is packed in large casks called quintos. They are packed in by hydraulic pressure. The arge fish are all shipped to the Brazils, the small fish to the Mediterranean points and to Spain, and the medium sized fish are shipped to the Barbadoes. Last year the catch was phenomenal and the establishment visited had 06,000 quintos left over. The people at Grand Basin are good

natured and bright, and are kindness tself to strangers. We returned by the same steamer to Montreal and from there took the Algerian to Hamilton. We also spent a couple of days at Buffalo, where we met Consul Webster. He vished to be remembered to all his where we met Consul old Chatham friends and said that he had a warm spot in his heart for old

#### FOREST FIRES

Feared That the Losses Will be the Heaviest in Years-Companies Send out Men.

Ottawa, July 17 .- The continued dry weather has made the task of fighting the forest fires in Northern Ontario, along the line of the C. P. R., a difficult one. Monday and yesterday gangs of men were despatched to the scene from Ottawa and vicinity by the W. C. Edwards Co., J. R. Booth, and the Hull Lumber Co. The fire is either on or threatening the limits longing to the above firms. Mr. Alex. den, M. P. P., will be a heavy loser by the fire, which, according to late reports, was threatening serious loss on the Hawkesbury Lumber Co.'s

Mr. Lumsden telegraphed that the fire had spread, and was eating its way through the W. C. Edwards Company's extensive limits. Men who were sent forward to fight it, how ever, stated that the firm's territory had not yet been attacked, and a light rain was falling. On the Kippewaw, Petawawa, Temiscamingue, and other rivers and lakes great loss has already been occasioned, and unless an early and heavy rain checks the fires the losses will be the greatest experi-enced in years. The heaviest losers so far are Alex. Lumsden, M. P. P., and the Hull Lumber Co.

### ROSEBERY

The English Peer's Manifesto Discusse by Leading Liberals.

London, July 17. - Lord Rosebery's letter dealing with the present position of the Liberal party is the leading topic of conversation, but its ultimate effect cannot yet be gauged. The Liberal Imperialists appear to be embarrassed and disinclined to adopt Lord Rosebery's implied advice to break away from the remainder of the party. On the other hand, the antiwar Liberals, aithough criticising the letter as mischievous, are generally pleased, because they believe Lord Rosebery has excluded himself from future leadership. The ex-Prime Minister's friends do not share the latter view, believing that he is willing to would not reassume the leadership of the Liberal party under the old

The letter is universally regarded as making the position of Mr. Herbert Asquith more difficult when he speaks

Sir Edward Gray, who is one of th strongest vertebrae of the Liberal Imperialists, made an important speech this evening. He frankly, but not bitterly, declared that Lord Rosebery's attinude was attended to the control of the control o attitude was dangerous if not an impossible one. If he wished unity in the party, he ought to use his influence to achieve it, a view, which Sir Edward's audience loudly applauded. DECISION.

The Men for Ment

The decision of a New York State judge that the anti-scalping act, York Legislature, is unconstitutional, is decideddly opposite to the view taken by the Supreme Court of Pennander of the sylvania on a similar act of the Pennsylvania Legislature. The Court of Appeals, the highest court in New York State, has yet to pass on the act declared unconstitutional by a judge of the lower court, though a somewhat similar act was, a year or more ago, declared unconstitutional by the higher court. The people gain nothing as a result of "scalping," The experience of Pennsylvania is a proof of that fact. The disappearance of the scalpers from this State has been a gain instead of a loss, particularly as the railroad redeems all unused tickets. Scalpers are nothing more or less than parasites, producing nothing but living off the substance of others, while often promoting theft and forgery.—Editorial from the Philadelphia Press, May 29, 1901.
