It has been customary to introduc throughout the performance of "The Devil's Austion" a number of special vandeville features, whose "act" while not strictly identified with the plot of this popular spectacle, is by clever stage management and costuming, made a most interesting part of the

In the past Manager Chas. H. Yale has been fortunate in securing at all times uncommion special features or rather novelties, and in the 20th edition of this production, there will be no deviation from the rule. A splen-did novelty has been secured in the odd psecialty of Fox and Foxie, which will have to be seen to be appreciated. Another novelty will be seen in Bush

and Gordon, comedy acrobats, who not only excel in great acrobatic feats, but

are immensely funny besides. Richard T. Brown a very clever mimic and comedian, Victoria Walters the pretty singing and dancing come-dienne, are also specialty artists of high order, and those combined with the new scenic effects, costumes, tricks and transformations, the new sensation, "The Dance to the Moon," the electric novelty, the "Dance of the Elements," and other exclusive fea-tures, bright ballets, pretty women, very funny men, clever dancers, male and female acrobats, gymnasts and pantomimists will all go towards the 20th edition of the Everlasting Devil's Auction without question the

"Camille," that ever-popular play, taken from the younger Dumas' immortal masterpiece, "La Dame aux Camejias," will be presented in this city, by Eugenue Blair, and her strong supporting company at the Grand on Thursday, Feb. 27th. Thursday, Feb. 27th.

As "Camille" is so familiar to the theatre-goers of the present day, lengthy description would be super-fluous, but it may be mentioned, in passing that this very play has proved to be the vehicle that carried many a stage "star" to the pinnacle of dramatic fame. In the role of the unfors tunate heroine, "Margaret Gauthier,, Miss Blair has received the unanimous praise of the leading critics of the country, thereby enhancing her reputation and earning the deserved distinction of being the leading emotional actress of America. Miss Blair's conception of the character is a soulful ne, and so impressive that a leading critic of the Denver press wrote that her interpretation of this role compared favorably to that of the only

Bernhardt. In Miss Blair's support will be seen Miss Eleanor Montell, the beautiful and talented leading woman, while that clever romantic actor, Mr. Vaughan Glasser, will essay the role of "Armand Duval", a part to which he is ideally fitted. The remainder of the cast is exceptionally strong and well selected. Miss Blair will, as usual, wear a number of superb gowns, the creation of such masters as Worth, Felix and Meinoir, while the costum. of the other ladies in the cast will be well in keeping with the sartoria splendor of the star.
