Chairman Charteris Starts Board of Health on Right Policy For New Year

The first meeting of the new Board of Health for 1906 was held yesterday in the City Clerk's office, Harrison Hall.

The members present were Mayor Marshall, Mrs. Charteris, Hall and Bray, W. R. Baxter, W. S. Richards and J. C. Wainwright.

A motion was moved by Dr. Bray and seconded by Mayor Marshall, that Dr. Charteris be re-elected chairman. This was unanimously passed. The minutes of the special meeting held last week were read by the City Clerk.

Dr. Charteris then addressed the Board asking for better and more regular attendance in the future. He hoped for even better work this year than had ever been done in the past and pointed out that these good results could only be obtained by regular attendance and attention.

He then suggested that in view of his valuable services to the city, the salary of Dr. H. H. McCall Health Officer, be raised from \$300 to \$500 per annum, the former sum being wholly inadequate as remuneration for such unceasing devotion to duty.

A resolution was accordingly passed, that the Board recommend the Council to raise the salary of the Medical Health Officer from \$300 to \$500 a year.

The report of the Medical Health Officer was then read and adopted. City Clerk Merritt drew attention to the following accounts:

J. M. Massey, \$8.26.
Mr. Sheffield, \$10.00.
W. Turner, \$2.90.
Fleming & Tillson, \$2.25.
K. T. Munroe, \$1.00.
W. D. McPherson, \$8.00.

Dr. Hall brought forward some details of a new scheme for an isolation hospital for contagious diseases and plans were submitted to the members present. The doctor explained the technical details of the proposed building and his ideas met with the approval of the Board.

It was then moved that the Council be asked to appoint a committee to confer with the Board of Health to take up the matter of an isolation hospital for this city and that the two committees be asked to make reports at their respective meetings two weeks hence.

The proceedings terminated at 3.45 p. m.

KISSED MR. M'MASTER

Ladies' Candidate, However, Was Downed by Labor Vote.

Former Montreal King's Counsel Defeated in the Leigh Division of Lancaster by 2,006—Chamberlain Admits Surprise—Realizes Now That a Political Revolution Is in Progress—Only Two of Monday's Returns In.

London, Jan. 23.—(C. A. P.)—Donald McMaster, K. C., lately of Montreal, has failed in his effort to wrest the Leigh division of Lancaster from the Liberal column and was defeated yesterday by J. J. Brunner, the Liberal candidate, by 2,006, the vote being 7,175 to 5,169. The constituency has been Liberal for over 20 years by majorities ranging in the neighborhood of a thousand. At last election the majority was reduced to 120. The riding includes large mining interests and the Labor vote is considerable.

Appealing for the Labor vote the Liberal candidate pointed out in a recent speech that Mr. McMaster had spoken against Labor candidates in the previous election, while he had shown friendship for Labor by loaning his motor car to three Labor candidates, and each of them won.

But the campaign has not been entirely in vain for the Conservative candidate, as a report from the riding says after his meetings several ladies insisted on kissing Mr. McMaster.

Only Two Returns of Monday's Polling. Only two other returns were received last night out of 22 pollings yesterday.

Sir J. P. Leese retains the Association division of Lancashire for the Liberals by 2,557 over a Unionist and Independent Socialist. The Gorton division of Lancashire goes to the Labor candidate, John Hodge, defeating S. W. Royce, Conservative, by 4,225. The seat was won for the Conservatives by Ernest Hatch, whose majority was 320, in 1900, but Mr. Hatch went over to the Liberals last year and did not seek re-election.

In the short race for the biggest majority Rutherford bids fair to be second. Sir Edward Clarke, Conservative, with 16,706, in the City of London, is still at the top, but Rutherford yesterday disclosed a Liberal majority of 8,858, a change from a Conservative majority of 3,062 last time.

John Sinclair, who was elected for Perthshire, Scotland, is the Secretary for Scotland, and son-in-law of Lord Aberdeen.

The score to date is: Liberals, 274; Labor, 37; Conservatives, 115; Nationalists, 80.

Party gains: Liberals, 150; Labor, 30; Conservatives, 9; Nationalists, 2.

Worse Than Expected. In a campaign speech last night Mr. Chamberlain admitted the majority against him was much larger than he expected, and recognized that a political revolution had been in progress.

"But," he affirmed, "I want, once more, now at the end of the election, to put on record my determination to pursue to the end the policy which I believe to be demanded in the interest of the population."

"Tariff reform not dead. When the calamities which have for the moment overwhelmed it have come home to roost; when all the side issues are forgotten, tariff reform will remain as the only practical remedy for the distress with which our English trade and workmen are confronted. It will come back, and meanwhile our duty is to keep the lamp alive."

LATE MR. PREFONTAINE. Remains of Dead Minister Arrive At Halifax and Are Received With Honor—The Funeral Procession.

Halifax, N. S., Jan. 23.—The body of the late Hon. Mr. Prefontaine was landed at 11.30 yesterday from H.M.S. Dominion, and the funeral procession passed from the dockyard to the station between lines of soldiers.

The funeral was a striking one. About 400 bluejackets and marines from H. M. S. Dominion were in line, as well as the Canadian soldiers and marines. It was one of the most spectacular funerals ever seen here.

The order of the funeral procession was as follows: Band; guard 100 men; gun carriage drawn by Canadian marine detachment; member of family of deceased Minister; Marine Department; A. D. C.'s to Governor General; Lieut. Governor and staff; Archbishop of Halifax, Roman Catholic; Bishop of Nova Scotia, Episcopal; representatives of other denominations; members of Federal Cabinet; Chief Justice of Nova Scotia; members of Privy Council not in Cabinet; senior naval officer and staff; members of Senate; judges Supreme Court Canada; judges Supreme Court Nova Scotia; Federal members of Parliament; members of Provincial Government; Mayor of Halifax; members Legislative Council; members House of Assembly; Mayor of Town of Dartmouth; Halifax City Council; Dartmouth Town Council; Mayors, Wardens and Councilors of other municipalities; naval and military officers; citizens.

TWO CHILDREN BURNED.

Elder Sister Caught Fire While Cleaning Ruff With Gasoline.

Ottawa, Jan. 23.—Two children, aged 1 and 3 years, a boy and girl, of Fablen Sayer, of Hintonburg, were burned to death in a fire which destroyed the home last evening.

An older daughter, aged 23 years, was cleaning a neck ruff with gasoline. She was near the stove when the gasoline ignited, the flames leaping up into her face and arms. In agony Miss Sayer ran to the door to throw herself into the snow, and in doing so scattered the fire through the house. The two little girls who perished were sleeping in a corner of the room, one in a cradle and the other in a swinging bed.

Left \$1,000,000.

St. Catharines, Jan. 23.—The late Thomas R. Merritt left an estate valued at about \$1,000,000, principally in stocks in the Imperial Bank, of which he was president, the Suspension Bridge Co., Security Loan & Savings Co. of St. Catharines, and the St. Catharines and Welland Canal Gas Co. Beyond a few of the small legacies the estate will not be divided until the death of Mrs. Merritt.

Distilled Sunshine

Did you ever have a headache that made Sunday feel like wash-day?

Perhaps you have been drinking inferior teas.

No, you don't need medicine—all you need is a package of Grand Mogul Tea.

This tea combs the kinks out of the nerves. Why? Because it is rich in theine (the flavoring essence) which is just concentrated sunbeams. Grown on the high table lands of Ceylon, this tea contains the elements of a pure nerve-food.

A STORY OF HARDSHIPS

One of Party of Three G.T.P. Surveyors Reaches Civilization.

Two Companions From Expedition, Who Started With Him Dec. 13, Ill and Maimed, Are Lying In the Woods of New Ontario Without Food—Little Hope of Rescue—A Tramp to Civilization.

Port Arthur, Ont., Jan. 23.—Isolated from the world, ill and without food, Charles Hawkins, an Englishman, lies alone in a fragile little shack in the Lake Nepigon district, awaiting food, medicine and a rescue party which are being hurried to him from the Nepigon headquarters of the Transcontinental Survey. A hundred or more miles to the northwest, in a lonely trapper's shanty, separated by many days' travel from friends and medical aid, J. Beemer lies battling with what must prove a fatal attack of typhoid fever.

Left Camp Dec. 13. Both men until three weeks ago were members of the Grand Trunk Pacific Railroad survey, and owing to a quarrel with the engineer in charge decided to walk down to civilization, so left the camp on December 13th in company with a man named Wilson. For the first day everything went as it should, but on the afternoon of the second day the ice gave way as they were crossing a creek which empties into Lake Wawona.

After struggling about in the icy water for some minutes they managed to reach the shore and there collected a quantity of dry sticks with which to build a fire. Then they discovered that their matches had been spoiled by the water, so they were obliged to wring the water from their clothes and continue their journey as rapidly as possible to prevent freezing.

Ten Hours of Agony. After ten hours of agony they reached a trapper's shanty, and the exile inhabitant of that lone hut received them with open arms. The following morning they were too stiff to move, but on the next day Hawkins and Wilson were able to continue their journey, leaving Beemer in the trapper's care raving in delirium. For three night Hawkins and Wilson wandered about in the bush trying to find their way, each night taking turns to sit up to keep the fire burning.

On the tenth day from camp Hawkins slipped, going down a steep bank, and injured himself so badly that he could not move. For several miles Wilson carried the injured man and at last came to a deserted shanty, where he made Hawkins comfortable as possible, and again set out for assistance, and in two days met a survey party, whom he directed to the two lone stanties. Small hopes are entertained of finding either of the men alive.

CHRISTIAN SCIENTISTS WIN. Verdict of the Court Below Quashed In the Court of Appeal.

Toronto, Jan. 23.—The conviction of the four Christian Scientists for conspiracy in connection with the death of Wallace Goodfellow was quashed by the Court of Appeal yesterday.

The court held that the charge was wrongly worded and did not come under the head of any indictable offence known by law.

Justice Ooster's written judgment reads in part: "It seems to be a mere experiment not to charge the defendants with a conspiracy to commit any indictable offence as described therein, known to the law. It would have been just as sensible to have indicted them for conspiracy 'to deprive him' of a loaf of bread, whereby, etc. The wide field over which the evidence wandered will illustrate the vagueness and uncertainty of the charge. It is very probable, I should say from reading it, that some of the defendants had laid themselves open to prosecution under section 209 or section 212 of the criminal code."

Justice Meredith rebuked the prosecution, saying that the charge was a "cover all," made with an evident desire to obtain a conviction. "Fairness to the accused should characterize all prosecutions in the name of the sovereign," he stated.

Carl Dodds Drowned. Mitchell, Jan. 23.—A bad drowning accident happened at Mitchell about 5 o'clock last evening, when Carl, the 7-year-old son of Thomas Dodds, fell into the mill-dam above the flood gates. The little fellow was last seen going over with the tremendous flow of water and carried into the Thames River, where his sight was lost of him. The water where he fell in is 22 feet deep.

Nabbed at North Bay. North Bay, Jan. 23.—The police authorities of Stokoe, Trent, England, issued a circular on the 8th inst., offering \$50 for the arrest of Albert Bassett for embezzlement of a large sum of money. On Jan. 17 Chief Mitchell received one of the circulars, and a few hours afterwards spotted the man and made the arrest yesterday and lodged the absconder behind the bars.

Suspect Foul Play. Brantford, Jan. 23.—Foul play is now suspected in the death of James Leonard, the farmer from Bright, who was killed by a locomotive here on Saturday night. It is said that Leonard had over \$50 on him during the afternoon, while only \$10 was found on the body. The police are investigating, and a coroner's jury viewed the remains yesterday morning and adjourned.

Burned Herself to Death. Ithaca, N. Y., Jan. 23.—Dependent over the recent death of her mother Miss Katie Van Valkenburg, aged 25, of Van Etten, burned herself to death yesterday. She saturated her clothing with kerosene oil, and set fire to herself with a match.

Russell House Fined \$100. Ottawa, Jan. 23.—Mulligan Bros. of the Russell House has pleaded guilty to the charge of serving ruffed grouse at the forestry convention dinner, and paid a fine of one hundred dollars. The charge was laid by the game warden, acting on instructions from Toronto.

WHY THE AUDIT?

Wallaceburg, Jan. 23.—Though there is no appearance of there being anything particularly out of place in the decision of the Council, some here are wondering why it is that, at their meeting on Friday night, they determined to have a Government audit.

So far as can be learned, there is no reason to suspect that the books are in anything but good shape, and it appears that they only so decided in order to prepare the way for a year's hard work, with a full knowledge of their state.
