

THE HAMILTON TIMES

WEDNESDAY, APRIL 14, 1909.

THE TURKISH REVOLT.

There is trouble at Constantinople. That city has been the place of incubation of many troubles in the past...

REFORM NEEDED.

The Monetary Times has been doing good work in impressing upon municipalities the need for better methods of business finance and bookkeeping.

bound of, Sir James Whitney to the contrary notwithstanding. And it is pretty bad when it proves too "high" for the Telegram stomach.

One hundred and fifty years ago today George Friedrich Handel, the great master of oratorio, born on Feb. 23, 1685, at Halle, Germany, died in London, England, and an appreciative nation honored his memory by giving him a sepulchre in Westminster Abbey.

"Ful Private."—The play about which you ask has been presented in New York, but created no sensation.

"An Englishman's Home" was written by a British army officer to glorify his country's professional soldiery and to ridicule its amateur militia.

The 1908 record of accidents in the United States is a startling one. Between 30,000 and 35,000 fatalities are recorded, while nearly 2,000,000 were injured.

The senior local Tory organ gives a clue to the Tory policy with regard to Hon. Mr. Pugsley. It says: "In fact, were he a statesman, instead of a politician, and of the New Brunswick school, we could easily imagine that his first act upon assuming his charge, would be to request from his leader temporary freedom from his position as Minister of Public Works, pending the taking of such proceedings as would result in his complete vindication."

EDITORIAL NOTES.

That railway purchase of property indicates confidence in Hamilton's future.

FOR GREATER THINGS.

The important property purchase by the T. H. & B. R., which was fully outlined and illustrated in yesterday's Times, seemed to fit in well with the idea of a great central station scheme to which so many of our people have hopefully looked forward.

THE EVIL IS FELT.

Already in Illinois, where the much-talked-of indeterminate sentence system is in force, the radical evil inherent in it has been so fully realized in practice that an effort to amend the law to get rid of it and to practically make it what our present system is now being made.

The Ontario Educational Association, which opened yesterday, W. H. Ballard, M. A., president, has taken up the question of military drill in the schools. There was quite a warm debate on the subject yesterday afternoon, considerable difference of opinion being expressed. The matter will probably come up later.

The end to be served is a good one. Under the indeterminate sentence system the prisoner's term is not fixed—not even its extreme limit—but by the court or jury, but by some appointed official or officials who are necessarily guided by the reports of the prison authorities and employees, or who otherwise act arbitrarily or on their own whims.

We are not sure that Illinois will do well to leave to juries the fixing of the terms of prison sentences. We willingly trust much to the jury in the matter of pronouncing on the guilt or innocence of an accused; but when it comes to fixing the term of punishment, we are inclined to think that the judge would probably deal with it best.

But Whitney cannot whitewash himself in the Cobalt Lake matter by inserting a falsehood in the Speech from the Throne. The case remains as black as ever so far as his conduct is concerned.

immigrants who ask Government officials to take charge for them of \$25,000 wads of greenbacks are not a bad kind of settlers to have.

Hon. Mr. Fielding states that there have been no negotiations with Germany in regard to trade relations. That disposes of a good many newspaper rumors which have been utilized for party political purposes in Great Britain.

At yesterday's meeting of the Ontario Educational Association the innovation of "approved" schools came in for some severe censure. The system is said to militate against the rural schools, while much of the material passed is very unworthy of approval.

May wheat reached \$1.28 in Chicago yesterday, closing prices being \$1.27 1/4. The rise was due to a sharp advance in the price of spot wheat over the Liverpool market. Patten, of Chicago, seems to be likely to emerge from his venture with vast profits.

Now, who should try to "knock" the Art School? If it is true that any member of the Board of Education is laying himself out to injure it or "put himself out of business," we should have his name, that he might be brought before the bar of public opinion and properly punished.

The Ontario Educational Association, which opened yesterday, W. H. Ballard, M. A., president, has taken up the question of military drill in the schools. There was quite a warm debate on the subject yesterday afternoon, considerable difference of opinion being expressed. The matter will probably come up later.

The Hon. Mr. Pugsley is a politician, not a statesman. This fact is worth mentioning lest, in view of certain recent happenings, some people in ignorance, might misunderstand. Speculate! Nonsense! No reader of the local Tory organ could make such a mistake as to regard any Liberal as a statesman. That is a term of distinction by divine right applied only to Tories.

The Public Library Board is not compelled to submit to being held up for exorbitant prices for a site for the new building. It is not yet thrown out upon the street, and it should take good care that it is not squeezed in any way. It has a large territory to choose from. Perhaps some rich Hamiltonian will immortalize himself by donating a site!

The United States Cement Combine is having its difficulties, and may be forced to dissolve. The trust was organized in January with the object of keeping up prices. It is now facing the difficulty of carrying 8,000,000 barrels of cement in stock. If the combine goes to pieces there will probably be a period of cheap cement.

The western physicians are organizing for a campaign in favor of a measure on the lines of the Roddick bill, which aimed at a uniform law and uniform examinations and medical registration for the Dominion. Such a measure must, of course, be reached by the agreement of the several Provinces, the matter being one within Provincial jurisdiction.

Even so devoted a lover of Whitney as the Toronto Telegram funks when it comes to praising him for that 2,000,000-acre land gift to a strong railway corporation, declaring that the deal "is far from being good enough for the Province of Ontario, and is, nothing to be

COLLS CURED IN ONE DAY

Munyon's Cold Remedy Relieves the head, throat and lungs almost immediately. Checks Fever, stops Discharges of the nose, takes away all mucus, cures Croup and Whooping Cough, and prevents Pneumonia.

IT IS TO LAUGH. (Winnipeg Free Press.) Geo. E. Foster, invoking the Parliamentary rule that no member can use language which is offensive to another member, is a subject for Homeric laughter.

HELP FOSTER OUT.

Once Hon. Geo. E. Foster was speaking at Sarnia. He had three chairs placed on the platform, one to represent Sir Wilfrid Laurier, one Sir Richard Cartwright and one Hon. William Paterson.

A SOCIALISTIC PERIL.

Imagine (in the light of affairs in France) what the situation would be if our own government were to take over the railroads of the country, which in 1907 employed 1,672,000 men. Under the government these employees would constitute a privileged class which every mischievous demagogue, every self-seeking politician and every political party would strive to extort with the promise of greater privileges.

In recent years we have seen the local employees maintaining a paid lobby at Washington and campaigning for and against candidates for Congress on the basis of their own interests. The women teachers have swarmed upon Albany, but hold members and intrigued at election time to have their own salaries raised. The political activity of the police of this city has been an unending scandal.

Whether it be the city, the state or the nation, that enlarges the field of its operations, the growth of the power of political influence must be such as to shift the public's responsibility until at last the public's servants turn squarely

TWO REMARKABLE CURES OF ECZEMA

Over Twenty-three Years Ago Baby had Severe Attack—Years Later Grandfather Suffered Torments with the Disease—Virulent Sores Developed from Knees to Toes.

BOTH OWER COMPLETE RECOVERY TO CUTICURA

"In 1884 my grandson, a babe, had an attack of eczema, and after trying all the remedies of that time, the extent of heavy itching and an increase of the disease and suffering. I recommended Cuticura and in a few weeks the child was cured. He is to-day a strong man and absolutely free from the disease."

A few years ago I contracted eczema, and became an invalid. I tried many of the remedies of that time, but all failed. I then used Cuticura Soap, Ointment, and Pills and in ten days I was cured. I am still well and strong. I am well known in my vicinity of Louisville and Cincinnati, and all this could be verified by witnesses, M. W. LaRue, 845 Seventh St., Louisville, Ky., April 23 and May 14, 1907."

The agonizing itching and burning of the skin, as in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of scalp, as in scalded head; the facial disfigurement, as in acne—all demand remedies of extraordinary virtues to successfully cope with them. That Cuticura Soap, Ointment, and Pills are such stands proven by testimonials of remarkable cures when many remedies and even physicians have failed. One set is often sufficient to cure.

Cuticura Soap to Cleanse the Skin, Cuticura Ointment to Heal the Skin, and Cuticura Pills for the Blood, Sold throughout the world. Beware of cheap imitations. Sole Preps: Boston, Mass. Read the Full Directions. Free, Cuticura Book on Skin Diseases.

50 women's hats, made of fine mohair braid in tailored styles. 8 designs to choose from. All most beautifully gotten up from latest New York ideas. Hats that \$5.95 is the price for in most stores, Special Thursday for...

LIBERAL RALLIES, THE LIEUT. GOVERNOR.

When his present Majesty King Edward visited Canada in 1861 as Prince of Wales he performed the important duty of opening the waterworks at Hamilton. Hon. Adam Brown, the present postmaster of the thriving mountain municipality, who has now passed his 83rd birthday, was at that time commissioner.

THE LIEUT. GOVERNOR.

When his present Majesty King Edward visited Canada in 1861 as Prince of Wales he performed the important duty of opening the waterworks at Hamilton. Hon. Adam Brown, the present postmaster of the thriving mountain municipality, who has now passed his 83rd birthday, was at that time commissioner.

These brave words, as several dramatists observe at critical moments. But his honor has always been distinguished for a notable combination of ability and good fortune. He has achieved the highest distinction in political life the province can bestow. In the military service of his country he has won all the honor possible in a peaceful community.

AT BRANTFORD Ontario Railway vs. Webb to be Tried There.

Mr. Justice Latchford has allowed, with costs to plaintiff in any event of the action, the appeal from the order of the Master in Chambers in the action brought by the St. Mary's & Western Ontario Railway Company against George F. Webb, contractor of Hamilton, to recover \$335.70 for goods and chattels which they alleged he took from their premises and converted to his own use.

RYERSON. Fine Easter Entertainment Given by the Sunday School.

The inclement weather did not interfere with the attendance at the Easter concert of Ryerson Methodist Sunday School in the church last evening. By the time the chairman, Mr. Yeates called for the first number not only was the basement well filled but the balcony also had its share of listeners. The programme was as follows:

Chorus, school; instrumental solo, Miss Grace Gage; vocal solo, Hazel Cope; recitation, Alda Vannere; duet, Misses Helene Treman and Dorothy Lewington; recitation, Miss Edith Hegan; chorus and solo; recitation, Bruce Arey; instrumental duet, Misses Gladys Cope and Ethel Guy; recitation, Miss Mary Austin; vocal solo, Miss Maggie Inman; recitation, Hazel Cope; vocal solo, Ethel Stevenson; recitation, Millie Webb; duet, Alda Vannere and Hazel Cope; recitation, Elsie Cope; chorus, "Victory, school; instrumental solo Miss Cunningham; vocal solo, Mr. Frank Lewington; violin solo, Miss Irene Swazie; solo, Miss Ward; selection, Mrs. E. Taylor; violin solo, Mr. Alan Yeates; vocal solo, Miss Blake Cline; selection, Mrs. Faulkner; violin solo, Miss Irene Swazie; vocal solo, Miss Olive Wilson; selection, Mrs. E. Taylor; violin solo, Mr. Alan Yeates; selection, Mrs. Faulkner. The meeting closed by singing the national anthem.

MORE NEW DRESS FABRICS. Beautiful Weaves From Across the Sea Arrive at the Right House.

Now is the time to select your goods for the new spring suit or summer dress. Fresh lots of fashion's favorite weaves have arrived at the Right House direct from the great manufacturers of France and England. Now is the time to get appointments made with your dressmaker, too. Easter is over and those women who get in orders this week will get ahead of the inevitable spring rush that always starts about April 15th.

THE READING FACE

Watch and you will find that eight readers out of ten are expending physical energy in useless face and eye contortions. Facial gymnastics may be "habit," but there is always a cause for "habit."

GLOBE OPTICAL CO.

111 King East. I. B. ROUSE, Proprietor.

FOR MISSIONS.

Wentworth Baptist Men Had an Enthusiastic Meeting. During the past few years the Laymen's Missionary Movement has received considerable attention, and the churches have readily supported it.

Mr. A. Fraser read the report of the Laymen's Committee of the church for the past quarter, which showed the receipts to be \$80.73.

Mr. C. W. Lang, of Knox Church, in giving his address, said that a noticeable feature of the Toronto convention was the enthusiastic feeling shown alike by all denominations. In speaking of the origin of the movement Mr. Lang said it dated back to 1896, when a number of young men were forced to take refuge from a storm between two hay stacks, and while there held what was afterward called the Hay Stack Prayer Meeting, from which the Laymen's movement originated. Last year the Baptists of Toronto decided to give \$50,000, and they raised altogether \$35,000. There are 13,000 missionaries abroad, and can probably evangelize 325,000,000 during this generation, leaving 675,000,000 uncared for. He explained that the Co-operating Committee is inter-denominational.

Mr. Hodd and Mr. James Ward, who attended the Toronto convention, also had some interesting facts to show of the advancement of the work.

The musical numbers were: Selection, male quartette; solo, Mr. John Ward; violin solo, Mr. C. Widdup. After the programme was completed refreshments were served, and the gathering dispersed.
