This week the contract, which was for 150 cars, will be completed.

restaraunt on Monday evening, a large the present agricultural collections and exparty of young men gathered for the purpose of giving to their friend William Mitchell, formerly of the Western Union Teleleft on Wednesday for St. Paul accompanied by the good wishes of his many friends.

Broke Out. - On Sunday morning last, "Bun" Gough who was run in by the police on Saturdy night for being intoxicat. ed, decided that he had enough of durance vile. He began to make active preparations for escape, which he affected after a little delay. This speaks well for the safety of the lockup, as well as for the vigilance of North-West for many years.

Coming Again. - Peck aud Fursman's mammoth Uncle Tom's Cabin Co., with military brass band and orchestra, are to appear in the city hall on Tuesday. On the last appearance of this company in this city wet weater prevented a large number from attending, and doubtless the company will have a bumper house. There will be a street parade on arrival of the train. Tickets York, in connection with that fine instituat Davis, Staples & Co's. drug store.

SERIOUS ACCIDENT. - While visiting her daughter, Mrs. Fisher, of Woodstock, Mrs. Scott Emery had the misfortune to fall down a flight of stairs, breaking her right wrist and badly spraining the left, besides being severely injured about the head and body. Mrs. Emery, who is a sister of Mrs. Fleming, of this city, was alone in the house, and she remained unconscious for some time. When consciousness returned, she managed to attract the attention of Mrs. Neales who was passing.

STANLEY TO THE FRONT.-In his inspection of the troops at Sussex camp last week, general Herbert, the commander in chief, was especially struck with the general physique and drill of captain Howe's captain Howe was the best informed company officer he had yet met in Canada, and that his company was the finest that had country.

merchants in the vicinity of Wilmot's alley were attracted by the screams of a woman and the cursing of a man. On investigating If it had not been for the p artial destructhe cause, it transpired that a man named Charles Calvin who it will be remembered with truth be said that there had not been Rept a den on Regent street until raided by a year since this country was settled when the police, was beating a French woman so abundant and bountiful a harvest was upon whom he was forcing his company. The police were quickly on the scene and after a little manoeuvring succeeded in the occasion exists for deep gratitude on the capturing Calvin and escorting him to the lockup. The woman presented a ghastly that we not only have peace in our lrnd but through his advisers, but in this instance I appearance her face being a mass of blood where she had been hit. Calvin was sent to

from every agriculturist in this province. tion of the potato crop, I think I could part of the Dominion, and therefore I think part of the people of this section of Canada abundance in our borders.

You have referred, Mr. President, to my long residence, extending over 21 years sincerely give.

A Great Obligation to the Local

one to be the fact, that the improvement in the stock, when its effect comes to be fully realized by the farmers of New Brunswick, will increase the value of their products all the way from 25 to 100 per cent, I think it will be conceded that no small benefit has of our Province. The recent importation of highly beneficial as well horned cattle and sheep, too, is an indicaproved character of our cattle will increase the earnings of the agriculturist one-third even, or one-half, or in some cases double

which has Seldom Been Extended to the People of New Brunswick to make a selection of that description of

cattle and to enter upon a new era as it and our dairy products. The dominion government have also expended a very considerable sum of money established in the different parts of the dominion, and the information obtained through the expenditure thus made, cannot help but be of the greatest value to our peoshown that the cost of feeding an animal grounds, and proceeded immediately to the it has very frequently or quite generally can be reduced one third at least from what cost our people in raising their animals or feeding them for the market. If that is the case, a very great advantage has been gained by our farmers and agriculturists throughout the country. The efforts that to extend our dairy operations and improve the character of our dairy products in this province, through the agents of the dominion government as well, is entitled to our best consideration. Under these circumstances, knowing as I do how wonderful a change has taken place since I visited England some years ago, I feel that we have people, I found that our Canadian cheese
