Although living in villages, the Mennonites, unlike the Doukhobors, are not confinunists, but, while exchanging labor and assisting each other in many ways, each family owns its land, houses, cattle, etc.

These villages were first established in this province about eight years ago, by the surplus of Mennonites which were crowded out of the Manitoba settlements at Gretna, and many of them bear similar names to those of them bear similar names to those used in Manitoba, such as Osterwick. Blumendahl, and a number of others. Each village is composed of from eight to twelve homes, built in a construction, and invariably facing south. The houses and barns, which are uniform in construction, are built together, the house being a little small? gether, the house being a little smallof the living room opens into the Owen of Oklahoma followed.
