He finally punched a hole in the balloon with a knife and climbed back to his trapeze. Bennett missed by inches only being dashed to death against the roof of the Island House as the balloon descended. He was again close to death when the gas bag suddenly collapsed, throwing him into the water, enveloped in the silk. Boats put out from the shor and rescued him.

"That was pretty close." he marked to his rescuers, when he was pulled aboard. "Has anybody got a cigarette?" Then he directed the rescue of his balloon and parachute.
