PLANS.

The following plans were approved

on the recommendation, of the City

Engineer at whose office permits may

hotel now in course of erection.

day for here via Charlottetown.

The application of the City Inspectors for the usual uniforms was granted, and tenders are to be called for Attention was called to a circular

now being distributed by the Avalon Telephone Company, informing suberibers of an increase in the rates for service rental of instruments. Considerable discussion ensued, and the Council placed itself on record as protesting strongly against such an action on the part of the Company. According to the circular the rates are ncreased twenty per cent. over the

schedule attached to their Agreement with the Government, dated September, 1919. Reference was made to the fact that the water from' the brook, upper

Southside, used by the people as drinking water, has become somewhat polluted. It was decided that the Engineer would have the matter attended to and have a few iron plates placed there to facilitate matters for the residents. At the same time neces-

if that be little. The steamer Cari, Oct. .....
