FORTRESS WILL BE STORMED MR. HISLOP DEFENDS MINISTRY

Cattle and Agricultural Industries-Grant to Railway.

[Special to The Advertiser.] Toronto, Feb. 11. - Today's debate on the budget was devoid of striking features. The speakers on the Government side were Mr. Pense, of Kingston, and Mr. Hislop, of East Huron. Both handled their themes well, and made some effective points. Mr. Kidd, of Carleton, the Conservative orator of the day also spoke.

DEFENDS "SOO" PAYMENT. Mr. Pense, in commenting congratulated the Premier on the satisfactory manner in which the affairs of the Pro-Opposition, he said, feel gratified with

The Opposition, Mr. Pense went on, had objected to the Government paying \$250,000 to the employes of the defunct Lake Superior Consolidated Company. All that money was for workvancing the money took every precaution to see that they were amply protected.

Objection had also been taken because some \$1,500,000 received from the sale of timber limits had been credited nothing improper in that. As for the opinion expressed that Toronto University should have a fixed income from the Government, and not, as at present, have their debts guaranteed, Mr. Pense said that that would be impossible, no matter how desirable it

might be. The Temiskaming Railway was one of the best, if not the best, asset that the Province possessed, and if the Government did nothing more than hand the line over to a company to operate they would have been rendering a great service to the country at large by opening up a rich and fertile district and by giving to the people one of the

best-constructed railway systems in the Dominion. MR. KIDD'S ARGUMENT. The pulp mills at the "Soo," and

Sturgeon Falls, were running, and the Spanish River mill would also start during this year. Mr. Kidd contended that before any more money was being spent on the Temiskaming Railway the Province should be assured that the Government had secured the proper railway As a representative of a rural con

stituency, he declared that the payment of \$250,000 to the people of the "Soo" was entirely out of proportion to the needs of the situation. He deh as to be hopeless, for if one thing clared it was simply made to purchase Mr. Kidd said that it was his firm nmands the Japanese fighting conviction that the Provincial Secretary had been made a target for the Government, and that there were other ministers in the cabinet who were equally guilty as he was in connec-

tion with the Gamey case. HISLOP DEFENDS MINISTERS. Mr. Hislop (East Huron), continued the debate for the Government. The election methods of the Government. he said, were cleaner than those of the Conservatives, because more of the latter had been unseated by the elec-

tion courts. He denied that the American cattle secured better prices in England than exports were 21/2 times as great as to get possession of a body to obtain the money found on it was suspected. Philadelphia, Feb. 12.—Following the meeting of the Moffly committee today it is expected that the plan of reorganization for the Consolidated Lake Superior Company will be made public. It is said the plan involves he formation of an underwriting synlicate with \$2,000,000.

It is claimed this syndicate will pay to Philadelphia institutions and others concerned in the \$5,050,000 loan, 10 per cent of the amounts due.

For the remaining 90 per cent it is said the syndicate will give threeyear 6 per cent notes, secured by a deposit with a trustee of a proportionate share of the Speyer collateral, to which those who are taking the notes are now entitled.
