#### How Nervous Men Get Most Out of Life [From "Successful Men."]

Every normal-minded man wishes to get all he can out of life—but many a man knows that he is falling far short. The successful man works, eats, and plays with the keenest enjoyment, because his nerves are keen.

ment, because his nerves are keenly sensitive. He tastes, hears, sees and feels all with the highest emotions of vigorous healthy nerves. As a consequence he has stamina, endurance and personal magnetism which makes those near and dear to him, worship his manliness, Without keen, sensitive, well-

nourished nerves, such a man would be an object of pity, and not the brilliant success he is. All men should have well-nourished nerves, but if the blood and vital organs do not supply the chemical or substance known as nerve fluid, then the waste of the nerves is newed daily and hourly as it be. The nerves become exshould be. The herves become exhausted, giving rise to such symptoms as trembling hands and limbs, cold feet and hands, melancholia, timidity. nervousness sleeplessness dizziness heart pal pitation, pains in the back, head-ache, languor and weariness at all times. A most valuable nerve treatfrom a brilliant and successful specialist on nervous ailments.

The treatment can be prepared in the privacy of home, and thus causes no one any embarrassment. First get three ounces of syrup of sarsaparilla compound in a six-ounce bottle. To this add one ounce of compound fluid balmwort, shake well and let stand two hours. Then add one ounce of tincture cadomene compound (not cardamom) and one ounce of compound essence cardiol. Mix. Shake well and take a teaspoonful after each meal and one when retiring.

It is astonishing to feel the new nerve force the steadled nerves, and the control of every muscle in the body after using this. Over-worked office men, and the many victims of society's late hours and dissipation will surely find in this the restorative, rejuvenating

force they are sorely in need of. The ingredients are used in various prescriptions and any good

druggist can supply them.

#### Household Economy

How to Have the Best Cough Syrup and Save \$2, by Making It at Home.

OKOKOKOKOKOKOKOKOKOKOKOKOKO

Cough medicines, as a rule, contain a large quantity of plain syrup. If you take two cups of granulated two cups of granulated you take two cups of granulated sugar, add one cup of warm water, and stir about two minutes, you have as good syrup as money could buy.

If you will then put 2½ ounces of Pinex (fifty cents' worth), in a 16-oz. bottle, and fill it up with the Sugar Syrup, you will have as much cough syrup as you could buy ready-made for \$2 50. It keeps perfectly.

And you will find it the best cough syrup you ever used—even in whooping cough. You can feel it take hold—usually stops the most severe cough -usually stops the most severe cough in 24 hours. It is just laxative enough, has a good tonic effect, and taste is pleasant. Take a teaspoonful every

one, two or three hours.

It is a splendid remedy, too, for hourseness eathers. parseness, asthma, chest pains, etc.
Pinex is the most valuable concentrated compound of Norway white pine extract, rich in guiaicol and all the healing pine elements. No other preparation will work in this formula. This recipe for making cough remedy with Pinex and Sugar Syrup is now used and prized in thousands of homes in the United States and Canada. The plan has often been imitat-

ed, but never successfully.

A guarantee of absolute satisfaction. or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Toronto, Ont.
