## BROOKE FARMERS ARE

BUILDING FINE BARN

Rush of Spring Work Is Over and Big  
Crops Are Expected.

[Special to The Advertiser.]

Brooke, June 6.—Most of the farmers have finished seeding, and are spending the present slack time repairing buildings and doing odd jobs. No more busy season in this regard has been experienced. Last week's rain took place at James Pollock's, and at J. Bourke's on the 12th concession, and foundations are at present being built under the raised barns.

Mrs. Dodds, of Watford, has been spending a few days with her sister, Mrs. W. G. Willoughby, on the Navona. Nichol and Alex. McIntyre are engaged in moving and raising their barns to place a foundation under them.

Mrs. James Pollock, of the 12th concession, has been on the sick list again.

Dan McDonald is making preparation for his new barn. The foundation is being built, and it is expected that the raising will take place next week.

Mrs. Dan and Miss Belle McIntyre, of Strathroy, are at present visiting Mrs. Archie McIntyre on the 9th concession.

Mrs. Becker is here from the West at the home of her brother, Jas. Pollock.

Mrs. W. G. Willoughby spent the past couple of weeks with her daughter, Mrs. Joseph Chittick, of Dickerville, Mich.

Dr. McGillivray, of Watford, has been quite busy in this neighborhood owing to the illness of horses. Several have lost animals during the past few days. John Leitch's fine driver died the other day, also one of Mr. Willoughby's colts, one of Hugh McLaughlin's mares and foal, and Peter McGregor's fine black colt.

A NEW PIANO FOR \$250.00.  
The new style "O" Canada Piano, now being introduced to the Canadian public, is a most excellent instrument. The tone is pure and full of resonance. The action is light, with the correct amount of resistance for rapid technique. This piano has all the qualifications of a \$400 instrument. The introductory price is \$250, on terms of \$10 cash and \$6 monthly. The Williams Piano Company, Limited, 194 Dundas street.

The uniform success that has attended the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy has made it a favorite everywhere. It can always be depended upon. For sale by all dealers.

## LONDON AND DISTRICT

An Acknowledgment.

An acknowledgment is made by Mrs. (Mrs.) Kingsmill of a donation from Mrs. Jeffrey Hale of \$5 for the Sunday concert fund.

Struck From List.

At Osgoode Hall, Toronto, in single court, before Kelly, J., in the case of Wilcox vs. Ryan—A motion for injunction. No one appearing, motion struck from list.

Concert Repeated.

The concert that was given by the A. Y. P. A. of the Church of St. John the Evangelist on Tuesday evening, May 28, was repeated last night, before a large audience. Owing to the inability of Canon Craig to be present, Prof. Wright, of Huron College, occupied the chair. The proceeds of the two concerts will be applied to the interior decorations of the Sunday school room. After the concert last night the last meeting of the A. Y. P. A. before the summer vacation was held.

Purchased Grocery Stock.

R. G. Collins has purchased the grocery business conducted by E. J. Ryan, at 224 Dundas street. Mr. Collins has been for several years with Hockin Bros., and his experience will prove valuable to him in carrying out his intention of conducting a first-class grocery. He will cater to old and new customers with quality, service, and promptness.

\$1.50 to Detroit and return via Canadian Pacific Railway, going on 11:35 a.m. train, Saturday, June 8, returning on any train up to and including Monday, June 10. Secure tickets at City Ticket Office, corner Dundas and Richmond streets. 26u

Taxi Cabs and Carriages for every occasion. Hueston Livery.

There is one medicine that every family should be provided with and especially during the summer months; viz., Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed. It costs but a quarter. Can you afford to be without it? For sale by all dealers.

## CAPE MOUNTED RIFLES

## UNITE WITH POLICE

## Celebrated Corps Disappears

## Under New Arrangement

## in South Africa.

London, June 6.—One of the pathways of British adventure has been closed by the extinction, under the new scheme of South African defence, of the hardy old corps of frontiersmen, the Cape Mounted Rifles. It is merged now in the constabulary force, under the control of the Union Government, and in future the British islands will not be its recruiting-ground.

Some young men of roving minds will regret the loss of the opportunities it offered; many middle-aged men of different classes will hear of its abolition with a sigh. Its military history is for the most part a record of minor affairs, though of whatever big fighting there has been in South Africa it has had its full share. But it has made a man of many a young fellow whose best qualities did not develop under the conditions of life at home.

Its varied duties and the vast spaces in which it operated called for independence and initiative and responsibility, as well as courage, discipline and endurance. It offered to young Englishmen who had outgrown the constable or kicked over the traces at home the opportunity of making a fresh start in life. To some extent it was like the Legion Etrangere with the advantages of the British flag and the English language.

The bulk of its recruits had no past to forget. They joined the Cape Mounted Rifles because the life of the open veldt, with horse and rifle, attracted them, but there were not a few wearers of the blue uniform in the old days who had borne at some time better-known names than those under which they enlisted.

## FOSS' FATHER DEAD.

Boston, June 6.—George Edmund Foss, father of Governor Eugene Foss, of Illinois, died during the night at his home at Jamaica Plain, after an illness of several months, aged 82 years. Heart trouble and a complication of diseases were the cause of his death.

## GARDEN PARTY

Annual Event at Napier Promises To Be Bigger Than Ever.

Napier, June 6.—Napier's annual garden party will be held on Friday evening, June 28, on the beautiful lawn of Dr. Savers. Last year the programme was excellent, and there were in attendance in round numbers one thousand people. This year's programme will keep up the good record of the past, with the best of speakers, and entertainers.

MILLINERY PARLORS.

## A SUBSTANTIAL GRANT WILL

## LIKELY BE MADE TO DAY CLASSES

A London Deputation Talked Industrial Education to Dr. Pyne.

A deputation from the board of education composed of Messrs. John M. Gunn, the chairman, W. W. Gammage and Principal H. B. Beal, of the Industrial school, had an interview with Hon. Dr. Pyne, minister of education, in Toronto on Wednesday on the question of a grant for the day industrial school to be opened here in September. The members of the deputation were very pleasant as to the results of their trip, but they came home smiling. It is expected that a substantial grant will be made to carry on the work.

The visitors were introduced by Hon. Adam Beck. Dr. Seath was present with the minister, and both Mr. Gunn and Mr. Gammage explained the needs of the situation here, and asked that a substantial grant be made to the city.

Dr. Pyne, in response, stated that the whole question of industrial education would have to be met. The Provincial Government was waiting the report of the special committee named by the Dominion Government to investigate the matter. It was expected that a sum of a few hundred would be distributed among the various provinces to aid industrial schools. Until that was done, the Provincial Government could not settle the whole question. Grants had been made to the schools at Hamilton, Sudbury and Sault Ste. Marie. It would be possible to do the same for London, and he would take the matter into his most careful consideration.

Although no direct promise was made, the deputation are confident that something will be done. The money will be expended in equipment, etc.

## MANAGER H. W. MILLS

## IS DEAD AT SARNIA

For the Last Quarter of a Century Had Charge of Street Railway.

## BORN IN THE TOWNSHIP

And After Going With Company His Ability Won Him Rapid Promotion.

[Special to The Advertiser.]

Sarnia, June 6.—H. W. Mills, for 40 years a resident of Sarnia, and for the last quarter of a century manager of the Sarnia street railway, died at his home here at 3:30 this morning after an illness extending over some time. He was 64 years old, and was born in Sarnia Township. On coming to the town he at first worked in the furniture store of W. B. Clark. Thirty years ago he commenced his career on the street railway, and by his ability won rapid promotion.

To Mr. Mills belongs the credit of developing Lake Huron Park and making it such a splendid and popular resort. Deceased was an active member of the Baptist Church, and was prominent in fraternal societies, belonging to the Sons of Scotland, Macabees and the Masons.

Besides his wife, four sons, Fred and Edward, of Sarnia; Walter, of Boston; Orson, in Woodstock, and one daughter, Miss Marie, at home. Mr. Mills leaves three brothers, Messrs. Abraham, Silas and Robert. The funeral arrangements have not yet been completed.

The Lambton county council is now in session here, the first meeting having been held Monday. A petition from Watford and one from Wyoming, asking that the county build a road, was refused. The council passed a resolution in effect that the county council would not build locks-up for separate municipalities. One of the most interesting subjects brought up since the opening session was a report read by Dr. Fairbank, chairman of the committee to the recent good roads convention. The doctor's report embodied the various subjects that were brought up at the convention, and clearly and logically showed that the time has arrived to construct first-class roads in this county. A motion for motion for a by-law on good roads was given.

Standard Oil Report.

A Sarnia businessman who was in Toronto recently, stated that the rumor which has been current not only here but in the States to the effect that the Standard Oil Company of the United States may centralize its interests in Sarnia, has been completely disproven. The local man during his visit came in contact with several prominent financiers of that city, and was considerably struck by the rumors. He is quite sure that the rumor is quite untrue. It is quite evident that more than a passing interest has been aroused by the report, and that the local inquiries are being made. The interest displayed by the outside press, especially in Toronto. All day.

## DIFFERENT NOW

Since the Slugger, Coffee, Was Abandoned.

Coffee probably causes more biliousness and so-called malaria than any one other thing, even had climate. (Tea is just as harmful as coffee because it contains caffeine, the drug in coffee.)

A Pl. Worth man says: "I have always been of a bilious temperament, subject to malaria and up to one year ago a perfect slave to coffee. At times I would be covered with boils and full of malaria poison, very nervous and had swimming in the head."

"I don't know how it happened, but I finally became convinced that my sickness was due to the use of coffee, and a little less than a year ago I stopped coffee and began drinking Postum."

"From that time I have not had a boil, nor had malaria at all, have gained 15 pounds good solid weight, and know beyond all doubt that this is due to the use of Postum in place of coffee, as I have taken no medicine at all."

Postum has certainly made healthy, red blood for me in place of the blood that coffee drinking impoverished and made unhealthy." Name given by Canadian Postum Co., Windsor Ont.

Postum makes red blood.

"There's a reason," and it is explained in the little book, "The Road to Wellville," in pkgs.

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.
