QUEEN OF THE TURF.

"Alix" the Honored Favorite Who Again Notches the Trotting

Intermediate Lacrosse at Vancouver This Afternoon—The Amities Visit Nanaimo.

Fifteen thousand people yelled themselves hourse at Galesburg, Ill., Wednesday afternoon when the great trotting queen Alix beat the world's record by coming under the wire in 2.032. It was a noble performance from start to finish, justifying Williams' ast as to the fartness of the track and boast as to the fastness of the track and Jones' assertion about the ability of Alix to beat the world's record. The day was an ideal one for such an event, and the track was in good condition. It was 5 o'clock when Alix passed in front of the grand stand for a little preliminary work. Mo-Dowell was her driver. In the stand, when the time arrived for her to be sent off, were Jones and Monroe Salisbury, joint owners of the mare. The timers were Fred Secord, John Hussey, T. C. McDowell and Mo-Henry. Wilkiams was the starter. In the audience was Senator Cullom. It was 5 40 when McDowell finished Alix up. When all was in readiness Williams announced:

"Alix will-now go against the world's record, 2'04." The growd became silent, and for the instant there was great suppressed excitement.

The lagrosse-playing employes of the "Trovince" yesterday met, at the Cale-donis grounds, the Tamous aggregation of the Far West known as gegregation of the Far West known as the Concentration of the Far West known as th

excitement.

The stert was made in splendid style, Alix came as steadily and regularly saclock. Work, with head down and her short, pointed ears twitching nervously. Alix was given the pole, with the runner just to her right and a trifle behind. When she approached the wire for the start she seemed to be going a little slow, but she soon increased her pace. She was working like a machine, and yet so easily and gracefully that one could hardly imagine that she was going at such a tremendous clip. When the quarter was reached there was a general exclamation of: "Thirty and a half; she will beat it." From that to the half she seemed totify, making it in 1.012. The third quarter she increased her pace a trifle, going in

on the globb, just trotted by Alix. The first orguster was made in 30½, the half in 1,00 the search of the course and the search of

hat Dalglish and one of the Peeles will be able to make as low records on the Winner be with the Royal City men in this nipeg track as he has in the West.

The James Bay juniors and the Star juniors played a match at Beacon Mill yesterday, which was won by the Bays after a close and interesting struggle. The summary is appended :

For the Bays the Burnes brothers, C. Mo-Lean, Lawrence and N. Northcott dis-tinguished themselves by especially good play; while the same may be said for Dun-levy, Jesse, Kennedy and Robins of the Stars.

London, Sept. 21.—The team of English cricketers which is to compete in the international matches in Australia sailed to day

clamation of: "Thirty and a half; she will beat it." From that to the half she seemed to fily, making it in I-013. The third quarter she increased her pace a trifle, going in a stretch there was the greatest excitement. Some started to yell, but were suppressed, and Alix was moving down without apparent effort. Thus far there had not been a false step, a wabble of any kind. She seemed to fairly fly to get away from the horse that came thundering just behind. As she neared the wire many men glarced at their watches and said: "She will not make it." In the last few rods again she seemed to increase ther marvelous speed, and as she darted under the wire the shont went up from thousands: "She's done it; she's done it."

The cheering was prolonged, and it was some time before Williams could quiet the crowd so as to make himself heard. He then announced; "You have witnessed the fastest heat ever trotted by Alix. The first quarter was made in 301, the half in 1-013, the three quarters in 1 323, and the mile in 2 032." The crowd again cheered and thousands rushed into the track as Mc.

VICTORIA WINS IN AN EXTRA INNINGS. Navalmo, Sept. 12.—(Special)—The base-ball fratch this afternoon between the Am-ity club of Victoria and the Nanaimos proved a grand game, and hotly contested from start to finish. It lasted three full hours, ten innings being necessary to decide the victory. The Amities won, fourteen

TORONTO, Sept. 22—('special')—L. D. Robertson of the Atheaeum Club did some more fast work to-day at the Rosedale grounds, where, paced by a tendem, he rode the quarter in 27 4-5, from flying start, and the same distance in 31 3-5, from standing start.

THE "EADULANI" HOME.

Messra G. A. Wey and Frank B. Gibbs, arrived yesterday morning from Tasoma via Seattle in their sailing cance Kaiulani after a very pleasant craise down Puget Sound. They had spanking aft winds all the way to Tasoma and spent two very pleasant days at Chautauqua, the Vashon Inland summer resort. On the return trip they called in at Seattle and spent a day and a half there, proceeding up the Sound, calling at Smith's Island, After leaving there they encount the residence of his son, S. McC, Smith, St. which threatened to engulf them and were compelled to seek shelter, at San Jame Island. There they had to stay Thursday and Friday last, on account of heavy gales and left there yesterday arriving here with a good breeze. They travelled in all fully 280 miles and enjoyed themselves immensely.

Unstalled and unguarded the "firearm" that caused the schooner Favorite to be driven out of Behring sea lies peacefully on its beak in Hibben & Co.'s window. A placard above informs the passing public as follows: "Big gun seized on the sealer Favorite in Behring sea by the combined efforts of U.S.S. Mohican and H.M.S. Pheasant." The "monster" has barrels fully a footlong and has been cut off at the but till it resembles an old-fashioned flint-lock horse pistol. No doubt the Mohican's officers thought it was a new species of inferral machine, which, properly baited, would be swallowed by a seal and explode is the interior. That seems to be the only way it would work to good effect.

The sealing schooner City of San Diego arrived home from the Copper Island coast late last night with a catch of 1,550 skins. During her cruise one of her boat's orew had a narrow escape from drewning. When sealing about five miles distant from their schooner one day in the early part of August last, the hunter of the boat prefirst
