Coun. Montgomery reported that a new filing cabinet was needed for the Clerk of the Peace office as the present one was too small.

The Public Lands and Building Committee were authorized to procure the necessary cabinet.

Coun. Montgomery said he would like to bring to the notice of the Council the matter of the jail. The Sheriff complained that 10 cents a meal was not sufficient to supply even prison fare.

F. J. Golden moved that the price be fixed at 15 cents per meal. Carried.

Coun. McLean moved that a committee of three be appointed to draft a Resolution of Confidence in regard to the death of Coun. Arsenau. Carried.

Couns. Harquail, Alexander and McLean were appointed such committee.

The following resolution was unanimously adopted:—

Whereas God, in His infinite wisdom, has removed from our midst our esteemed Ex. Warden, Dennis A. Arsenau, who for many years was a much valued member of this Council for Dalhousie, and at the time of his demise represented the parish of Dalhousie.

Therefore Resolved that this Municipal Council in session assembled extend to his bereaved family its heartfelt sympathy in their hour of sorrow.

Further Resolved that this resolution be spread upon the minutes of this Municipality, and that a copy of same, signed by the Warden and Secretary-Treasurer be forwarded to the bereaved family.

Coun. Golden reported that the condition of the basement floor of the jail was very bad.

The Council went to jail to look it over and upon reassembling instructed the Public Lands and Building Committee to advertise for tenders for a concrete floor and repairs to stairs and have same attended to.

Coun. Harquail brought to the attention of the Council a poor family living out on the Tobique road. There was an old man, a woman and two children, and they were getting only ten dollars a month. This was not enough.

This discussion brought up the matter of a poor farm. Coun. Alexander spoke strongly in favor of such an institution, while Coun. Montgomery spoke against it.

On motion of Coun. Golden, James David McGavin, constable for the parish of Dalhousie.

The Council then adjourned.

LUMBERJACKS WORKING

IN FRANCE.

Canadian Forestry Corps Working With Canadian Machinery

One of the most interesting things about this war is the number of peaceful vocations carried on in connection as they would be carried on if there were no war at all.

One of the most extraordinary contracts of this sort, is the industry carried on by the Canadian lumbermen in the forests of France. I have lately visited a lumber mill well within hearing of the guns that are dealing havoc among the Germans on the Western front. They were very much within hearing on the still, sunny days I was there. They never ceased, and the sound was a continuous reverberation of a motor in which you cannot hear the separate strokes. Death and destruction was being steadily and remorselessly dealt out a few miles away, but the work went on peacefully in this beech forest, just as if it had been a timber concession far away in Canada.

But it is not so simple, quite as peaceful as this when the Canadian lumbermen settle down to a French wood. There was one short time ago on the very edge of the most fiercely-contested ground of the recent fighting. The Canadian lumberjacks got into it while it was still under the enemy's fire, and carried on their work under conditions rather different from those to which they had been accustomed. The machinery is Canadian, and was shipped over from Canada. The men are mostly experienced lumbermen over military age, who patriotically enlisted for the purpose in which they are doing such valuable work.

MAKE SEPTEMBER A

SUMMER MONTH

Sir George Foster Secures Enactment of Law.

Daylight saving cannot begin July and end on September 1 without robbing Canada of the greatest boon that daylight saving could confer upon the people of this country.

Daylight saving will make September a summer month. Sir George Foster secures the enactment of a law that will keep the hands of the clock from being turned forward until October 1st.

September, in Eastern Canada at least, is a summer month in its average temperature and an autumn month in its early darkness. The daylight saving scheme might leave the people with as much daylight after quitting time in September as the people now having after quitting time in August. An extra month will be added to the fleeting joys of the Canadian summer if Sir George Foster establishes September within the time zone of his daylight saving scheme.

Hundreds of delegates, representing all the Zionist organizations and others who have adopted the Zionist platform, have announced in favor of the establishment of a Jewish republic in Palestine, with Jerusalem, the ancient Jewish Metropolis, as the capital.

GOLDEN ANNIVERSARY OF

THE CONVENT AT CARLETON

Celebrated With Grand Ceremonies on July 3rd and 4th.

Carleton one of the oldest and prettiest little parishes in eastern Quebec was en fête on Thursday and Wednesday celebrating the 50th anniversary of the erection of the first convent built in the Bay of Chaleur. For half a century the institution has been in charge of the religious order known in Canada as the Sisters of Charity. On July 1867 the day of confederation the building was declared ready for occupancy. It has been the pride of the people of Carleton and surrounding parishes ever since, and the results of a solid education given have been felt far and wide. His Lordship Bishop Blais, of Rimouski, several priests and a large number of former pupils of the convent were present at the celebration. On Tuesday Pontifical High Mass was celebrated. The parish church was beautifully decorated for the occasion. The singing was perfect. An eloquent sermon was preached by Rev. H. Leonard, a native of Carleton. His Lordship the Bishop spoke briefly. In the afternoon at 2 o'clock a very interesting entertainment was held in the convent hall by the past year's pupils. At 5 o'clock a banquet was held, followed by a visit to the convent to witness the many improvements made during recent years. Further church ceremonies were held on Wednesday.

The decorations in the convent were exceptionally grand. Three nuns born in Carleton, sisters of Mrs. John Cullen, came down from the mother house in Quebec, to help organize for the feast. These are the Sisters Lefebvre who were first educated at the Carleton convent.

The late John Meagher, a native of Halifax, N. S., who carried on an extensive business for many years in the upper parishes of the Bay of Chaleur, with headquarters at Carleton, and who represented the County of Bonaventure, before confederation, devoted a part of the wealth he had accumulated while trading with the people, towards defraying the cost of the erection of a convent at Carleton, Bonaventure Co., P. Q., under the following circumstances.

In the year 1866, while travelling in the West Indies, he was attacked by fever, and attended by the sisters of charity, to whose attentive care he owed his life. Moved to tears at such courage and disinterestedness, for they refused to accept a certain sum he offered them in compensation, he then formed the resolution that if God should give him wealth, to establish a convent for the Sisters of Charity. Faithful to his generous and pious determination, he communicated some years later his project to the parish priest of Carleton, the late Grand Vicar Audet, who approved his design and executed the work. Thus the Convent in Carleton, County of Bonaventure, directed by the Sisters of Charity, and the first one built in the Bay of Chaleur, is a monument of his zeal for the education of the youth, and the welfare of Society.

fully decorated with the colors of the school, flags and bunting and potted plants. A splendid programme was rendered, each member of which was thoroughly enjoyed by all, after which refreshments were served.
