#### BE FAIR TO THE LOCAL MERCHANT

Frequently people make a big mistake in thinking that they can buy cheaper from the mail order house. They jump at entirely wrong conclusions. It is only fair to the local merchants to give them an opportunity to supply you with goods. These merchants are your neighbors: they help to pay the taxes; they help to build up the town; they are alweys willing to give a donation for your church or for other worthy purpose. It is only fair therefore, to see what they can do for you before you send your money to Upper Canada. You should consider, too, the advantages of being able to see and feel what you buy ir stead of having to they are the are they are the they are the they are the they are they are they are the they are they are the the ing to "buy a pig in a poke". While the mail order house will take tack goods that are not satisfactory, yet the delay, where time is an element, is most annoying. Before you buy from mail order houses you should consider very carefully all phases of the subject.—Albert Journal.

### Do not teach our

Do not teach our young girls that they must not pass through a tom-boy period. There is a time in which the clean boy and girl live and enjoy in the manner and after the nature of sexless animals. During this period and in Natures own way, there come and in Natures own way, there come to the fore, principles that will be utilized to advantage at a later date when more clearly understood. Forbid the girl to ride bareback and to climb a tree, and you rob her own home, of the keen enjoyment of the athletic mate when the horn calls him to the chase, or the nations signal beckens him from her side to war. beckons him from her side to war.
