In the action of Havens v. Haney an order was made for the issue of a commission to Cleveland, O., for the examination of W. Brasig, scretary of the Cleveland Driving Prak. The action is to recover the amount of two promissory notes given as part payment for a stallion called Wayne Chief, sold by the plaintiff and one M. F. Roulo to the defendant. The defendant alleges that the plaintiff represented to him that the sire of the stallion was Vallier's Blackbird, which had a record of having trotted a mile over the Cleveland track in 2 min. 23 sec. By correspondence it has been ascertained by correspondence it has been ascertained by examining the secretary of the driving that no such record was ever made by a hiorse of that name on that track, and it is wished to verify this for use at the trial by examining the secretary of the driving track.

the motion to quash the bylaw of the The motion to quash the bylaw of the township of Etobicoke granting \$20,000 to the Toronto and Mimico Electric Railway Company was argued yesterday before Chief Justice Galt. The grounds on which the bylaw was attacked were bribery, intimidation and personation. Sixteen affidavits were produced to show that as many acts of personation had been committed at the election. There are in the municipality 188 votes. One hundred and twenty-four voted with the following result: 107 for the bylaw and 17 against. The juestion argued was how to dispose of the 16 illegal votes. To pass the bylaw 35 votes must have been cast in its favor, one more than half of the whole number of votes on the list. If the 16 votes were deducted from the number cast in favor of the bylaw only 91 would be left; four less than the required number to pass the bylaw. After a lengthy argument judgment was reserved. Mr. H. S. Osler appeared for the motion, which was opposed by Mr. Fullierton, Q. C.
