SUDDEN DEATHS EVERY DAY.

THE PUBLIC STARTLED

While there is Cause for Alarm there is Good Cause for Great Thankfulness. Men and Women can be Saved by PAINE'S CELERY COMPOUND, Nature's Marvelous Spring Medicine for the Cure of Heart Disease, Nervous Disorders of Brain and Body, Nervous Exhaustion produced by Overwork and Insomnia, Nervous Dyspepsia, Diseased Digestive Organs, Rheumatism, Poisoned and Impure Blood.

Thousands of testimonials from Canada's best people have been published, all asserting that Paine's Celery Compound is far superior to any other medicine in the world. The best physicians cheerfully and regularly recommend it, and the newspapers of the Dominion write about it in a way that they have never written about anything else. Young and old of all classes of society say Paine's Celery Compound always "makes people well."

An Interesting Event.

At the dinner given in the Russell House, Ottawa, to the members of the Colonial Conference, at which the late Sir John Thompson so gracefully presided, the famous vintage of 1889, champagne of G. H. Mumm & Co.'s extra dry, was exclusively chosen for the occasion.

Holloway's Corn Cure destroys all kinds of corns and warts, root and branch. Who then would endure them with such a cheap and effectual remedy within reach?

THE BAY GIVES UP ITS DEAD.

The Body of Young Shields, Who Lost His Life While Fishing, Found Yesterday.

The body of David Shields, the 12-year-old son of James Shields, the Queen-street west grocer, was found in the bay at the foot of Brock-street at noon yesterday. As published previously in The World, young Shields went with some half dozen other boys to the Brock-street crib for the purpose of fishing. He left his companions, saying that he was going to York-street, and started to walk along the crib in that direction. That was the last seen of him alive. Esplanade Constable Williams has been dragging the bay in the vicinity of the crib, in the hope if finding the body, but was not successful. A man named Porter conducted another search, with the result that the body was yesterday discovered near the cribwork between the two elevators. The funeral will take place to-day and will be private.

WANTED TO JOIN HIS MOTHER.

The Reason Joseph Bradford Gave for Gashing His Throat With a Penknife—He Will Recover.

Joseph Bradford, aged 28, residing at 99 Dovercourt-road, yesterday attempted to commit suicide by gashing his throat with a penknife. P. C. Weston found him lying in a lane in rear of Foreman's grocery store, 1092 Queen-street west, having been informed by a young lad that he observed a man run up the lane, take a knife from his pocket and deliberately stab himself in the neck.

Bradford was taken to No. 6 Police Station, where Dr. Lynd was called in and ordered the man's removal to the hospital. His wound is not serious.

Bradford is a machinist by trade, but a horse trainer by choice. Simultaneously with his conveyance to the hospital his mother's funeral was in progress, and the reason he gives for seeking self-destruction is a desire to join his mother. In the ambulance he made repeated attempts to reopen the wound in his throat. It is thought he will be all right in a few days.

MISSED HIS MAN.

The Defaulting Strathroy Bank Employe Is Still at Liberty.

The man located at Los Vegas, New Mexico, by the Guarantee Company, and who was supposed to be Patterson, the missing employe of the Traders Bank at Strathroy, who disappeared with $3000, turns out not to be the man. Mr. F. P. Hughes has returned from Chicago, whither he had proceeded on Monday evening, with a view to identifying the party who had been arrested at Los Vegas. After reaching Chicago, and just as he was about to step on the train for the west, he received a telegram stating that the party arrested had been identified as another man by responsible residents of the locality.

A Good Report.

The annual report of the Confederation Life Association will be found in another column of this edition of The World.

The Association make an excellent showing for the year 1894. The perusal of the report will show a decrease in the death claims as compared with 1893, and an increase in policies in force, lives insured, payments to policyholders, premium income, interest income, cash income and a very large increase in assets, amounting to $850,701. Considering that the year has been a depressed one this is a good showing, more especially as the expenses of securing business did not increase in like proportion.

This company still continues at the head of the list in the prompt payment of death claims. Last year cheque for claims was sent out (after receipt of completed proofs) by next return mail.

We have pleasure in calling attention to the report, which shows the Confederation Life to be a strong company and a progressive company.

East of the Don.

The Ladies' Aid Society of the First-avenue Baptist Church gave a concert last night in the church, in which the Cicillian Quartet, Miss James, Miss Burns, Orillia; Mr. J. M. Whyte and others took part. The program was entirely of sacred music and was well executed. There was a very large audience.

In Broadview Congregational Church a concert also took place, the program being of a miscellaneous character. Mr. A. J. Tullens, Miss Vera Fletcher, Misses Alice Gullens and Clarke (2), were the principal performers. The attendance was good.

On Thursday evening, about 9 o'clock, as one of the street cars was going west in Queen-street east, near Leslieville, a boy threw a stone at the passing car, breaking one of the windows and greatly frightening a lady who was sitting close by. The boy ran away and has not been apprehended.

Prof. Charles E. Dwight of Wheeling, W. Va., writes: "I regard Dr. Price's Baking Powder as perfectly pure and wholesome. I am using it in my own family, and it gives perfect satisfaction."

Trolley Collision.

A westbound trolley left the tracks yesterday afternoon on the incline just over the Dundas-street bridges and ran for several yards in an oblique direction, colliding with an eastbound car. The fender was smashed, the vestibule damaged, several panes of glass were broken, but no one was seriously hurt.

Knickerbocker Ice Company.

The Knickerbocker Ice Company advertise this morning that they have a large stock of the best quality of pure Lake Simcoe ice ready for distribution to their customers in Toronto. This ice was all pianed on the top before being stored, and is of the very best quality, in the best possible condition, and will be delivered at reasonable rates. The Knickerbocker Company have been steadily supplying Lake Simcoe ice to Toronto consumers since '81, and have increased the quantity of their output every year.

The Wabash Railroad

is acknowledged by travelers to be the best line to Chicago, shortest and quickest route to Kansas City, Texas, Mexico, California and all Southwestern points. All trains are superbly equipped with the finest sleeping and chair cars in America. Now is the time to take a trip to Hot Springs, Arkansas, the Carlsbad of America. Their efficacy in curing diseases has been known to the civilized world for generations and people of all nations have gone thither in successful search of health. Pamphlets, time tables and full particulars may at railroad agent, or J. A. Richardson, Canadian Passenger Agent, northeast corner King and Yonge-streets, Toronto.

Single Tax Association.

The Single Tax Association met last night in its new office at 72 Victoria-street. Mr. Allan C. Thompson has been appointed permanent salaried secretary of the association. A resolution was passed strongly condemning the recent action of the Ontario Legislature, which provides that speculative lots about two acres must be assessed as farming land, and warmly commending the course of The World and other papers that had opposed the measure.

There is danger in neglecting a cold. Many who have died of consumption dated their troubles from exposure, followed by a cold which settled on their lungs, and in a short time they were beyond the skill of the best physician. Had they used Bickle's Anti-Consumptive Syrup before it was too late, their lives would have been spared. This medicine has no equal for curing coughs, colds and all affections of the throat and lungs.

JOHN KIDD'S WIDOW IN TOWN.

Likely to Receive Her Share of the Estate Without Litigation.

Gertie Kidd, the 16-year-old widow of John Kidd, who died near Orangeville the other day, aged 96, has removed to Toronto, where she will reside with her brother in future. Gertie has entered claim for one-third of the estate of her deceased husband, but it is understood the other heirs have agreed to acknowledge her claims and avoid litigation.

An Easter Sunday Parade.

The Royal Grenadiers will parade for divine service to-morrow, Easter Sunday, to St. James' Cathedral, where Canon Du Moulin will preach. The full band of the regiment will play during the offertory. This is the first parade of the season and no doubt will be a large one. Bearskin caps will be worn, and in them the regiment strongly resembles the Grenadier Guards. The fall-in sounds at 2.45 at the New Armory, the route to church being along University, Simcoe, King and home by way of King, Yonge, College, Spadina-avenue and Queen.

A TORTURED CHILD

FOR TWO YEARS

Its Head Rendered a Volcano of Fiery, Itching Burning Pains.

So speaks Maxwell Johnson, 112 Annstreet, Toronto: My 6-year-old daughter, Bella, was afflicted with eczema for 24 months, the principal seat of eruption being behind her ears and on her face; her head was on fire with painful, burning itching, which was made worse by constant scratching and tearing it with her hands. We spent money without stint in constant endeavor to afford the little sufferer relief, every advertised remedy was tried; innumerable treatments with soaps and medicines and specific treatment by physicians having high endorsements in curing such diseases were of no relief in her case. A short time ago I purchased a box of Dr. Chase's Ointment, the first application of which showed the curative effect of the ointment; only one-half of the box has been used, with the marked change of an entire disappearance of the eruptions, and I can confidently say my child is permanently cured. Any enquiry cheerfully answered with enclosed stamp.

EASTER MEMORIES.

We Pass Another Half-Mile Stone in Our Lives.

"She died just two years ago this coming Easter," sighed the old man, "and perhaps before the next we will meet again." And so it is, Christmas and Easter mark two half mile stones in our lives, and anythig occurring at these times is indelibly stamped on our memory. From earliest childhood we can recall our Christmas and Easter times. How we looked in our stockings Christmas morning, and got up bright and early Easter morning to see the sun dance. With what vigorous appetites and strong resolutions we strove to eat the greatest number of eggs! As boys and girls we looked most anxiously for the Easter holidays and fervently wished the examinations were over. Later on we remember wearing our first "dude" suit on Easter Sunday, and Flo wore her first big leghorn hat. Then Harry was married three years ago this Easter, and it was only a few weeks afterwards when poor Laura died. And so we trace from Christmas to Easter and back again—two great landmarks in our lives, so far apart in childhood, but gradually getting nearer and nearer, until we become so accustomed to the road, that it seems that we have only to pass the one-half mile-stone to bring the other in sight. Even the merchant looks forward to Christmas and Easter as special times in trade. He knows that at these times people purchase their winter and spring goods, and is anxious to supply their wants—Guinane Brothers, two-fourteen Yonge-street, have determined to do their share, and no one will go without new spring shoes this Easter time if they can help it.

To-morrow will be remembered by all who enter their store as the Easter of 1895, and their children's children will tell it around their fire hearths. To give an idea of what they will do: Their men's Russia calf Piccadilly bals will be sold for one dollar and twenty-five cents, which is more than one hundred per cent. less than the regular price; their men's three dollar shell Cordovan bals will be reduced to one dollar and twenty-five cents. Every workingman in the city with sixty-five cents to spend can have a two dollar pair of boots for Easter, and every little boy and girl new shoes and slippers at one-half the original price. This may seem incredible, but to prove its truth make up your minds to test it, and you will be wearing a pair of the neatest and newest styles of spring shoes, at a price that will make you remember the Easter of 1895 for the balance of your life.

School Board Absurdities.

Editor World: I wish to call attention to the report of the Property Committee of the Public School Board in last Saturday's World. The proposed alterations and additions to the public schools are estimated to cost $115,500. In looking over the list of items I find that the estimated cost of each additional room to be added is, in nearly every case, $3000. As a sample I quote "Four additional rooms to Gladstone-avenue school, $12,000; four additional rooms to Queen Victoria school, $12,000." It seems to me these estimates are unreasonably large and require to be looked into. Besides, it is questionable whether increased school accommodation is needed at all, in view of the extraordinary number of vacant houses in the city. Another item deserves attention, viz., the demand for a play ground for McCaul-street school, estimated to cost $6000. Surely this is unnecessary, from the fact that said school joins the Queen's Park-avenue where there exists all the play ground that could be desired. As a set-off to this, many other schools differently situated are in great need of breathing ground—such as Duke-street school, which is hemmed in and greatly in need of more space for a play ground. In the expenditure of public money real and necessary wants should be supplied first and superfluous requests ignored. S.S.

If you would triumph invariably in the cooking, Dr. Price's Baking Powder is the best help you can have. Never known to fail.

Ottawa Baseball Club.

Ottawa, April 12.—At the annual meeting of the Ottawa Baseball Club reports presented showed a small deficit for last season, but it was decided to boom the game as much as possible during the coming summer. The officers elected were as follows: Honorary president, G. P. Brophy; honorary vice-presidents, J. E. Parker, R. J. Devlin, F. X. St. Jacques; president, F. I. Daniels; vice-president, J. E. Walsh; J. E. Hutcheson; secretary and manager, F. C. Chittick; committee, Georga Popham, G. Dearing, H. E. Baine and W. Annable.

It is reported that Baltz and Van Vliet of Philadelphia, who won the double scull and pair-oared shell races in the National Regatta last year, have decided to go to England and compete in both the single scull and pair-oared shell races in the Henley Regatta.
