have ruled about the same with no change in prices and the general tone has been from steady to strong. Owing to a falling off in receipts prices advance a little. The approach of Thanksgiving Day and the resultant supply of all kinds of poultry is making things a little dull for butchers' cattle. Trade here has been generally slow and there have been too many inferior cattle coming for-

Export Cattle.—Very few of this class have been offered, and there were none of choice quality in the cattle yards here on Friday. Choice quality bring from \$4 to \$4.25; light exporters from \$3.60 to \$3.75. Export bulls bring all the way from \$3 to \$3.85 per cwt., according to quality.

Butchers' Cattle .- Choice picked lots weighing from 1000 to 1100 lbs. each were scarce on Friday's market, selling for from \$4 to \$4.25 per cwt. Loads of good cattle bring from \$3.40 to \$3.60; medium from \$3.25 to \$3.45; common \$2.85 to \$3.10; and inferior \$2.50 to \$2.75 per cwt.

Sto. kers and Feeders.—Choice heavy feed ers bring from \$3.50 to \$3.70 for steers, and bulls from \$2.50 to \$2.70 per cwt. The supply of feeders has not been large. On Friday stockers for buffalo sold at \$3 to \$3.25 per cwt., with a good demand. Stock bulls bring about \$2 per cwt.

Calves. - These are in lighter demand at Buffalo, where prices rule from \$6.50 to \$7.25. Calves are in good demand here at from \$3 to \$6 each, with yeals of heavy weight selling at \$5 per cwt.

Milch Cows. - The price for these varies all the way from \$25 to \$45, with choice milkers bringing \$50 each.

Sheep and Lambs.

There have been extra large supplies on the Buffalo market during the week with a very light demand. On Friday only about half the offerings were sold. Good export sheep are in fair demand here. Prices for ewes are from \$3.25 to \$3.40, with \$3.50 per cwt. for choice picked lots. Bucks bring from \$2.50 to \$2.75 per cwt. There was a large run of lambs on Friday, and the market is easier at \$1 to \$4 25 per cwt., or \$2.75 to \$3.75 each

Hogs.

In contrast with the market here the American markets showed an easier feeling during the week, and prices had a lover tendency. The hog market here is higher and firmer, and, though there were large receipts on Friday, prices remained firm. Choice bicon hogs, weighing from 160 to 220 lise each, unhed and unwatered, sell at \$4.25 to \$4.37¹² per cwt. off the cars, and light and thick, fat hogs at \$4 per cwt. One of the features of the week has been the advance in price of choice bacon hogs. A week or two ago these and thick, fat hogs sold for about the same money.

Cable reports show that the steep decline in bacon of a couple of weeks ago has induced a much better demand for Canadian bacon. and the market is steady at last week's prices, which are 43s. to 45s. for No. 1, and 37s. 6d. to 40s. for stout and fat sides.

BOOKS AND BULLETINS RECEIVED.

Evidence of J. W. Robertson, Commisby dence of J. W. Robertson, Commissioner of Agriculture and Dairying, before the Committee of Agriculture and Colonization, April, 1898. This pamphlet contains some valuable information on cold storage, illustration stations for farmers, and the methods of preparing fruit, eggs, and poultry for the British markets.

Principles of Plant Culture, by E. S. Goff, Professor of Horticulture in the University of Wisconsin. It is an elementary treatise designed as a text-book for beginners in agriculture and horticulture, and is published by the author, who resides at Madison, Wisconsin.

EADING COLLEGES OF CANADA

THE RAZOR STEEL, SECRET TEMPER, CROSS-CUT SAW

WE take pleasure in offering to the public a Saw manufactured of the finest quality of steel and a temper which toughens and refines the sirel, gives a keener cutting edge. This secret process of temper is known and used only by ourselves. Incess saws are elliptic ground thin back, requiring less set than any Saws now made, perfect temper from tooth to back. Now, we ask you, when you go to buy a Saw, to ask for the Maples Lear, Rayor Steel, Skert Temper Saw, and if you are told that some other saw is as good, ask your merchant to let you take them both home, and try them, and keep the one you like best. Silver steel is no onger a guarantee of quality, as some of the poorest steel made is now branded silver steel. We have the sole right for the "Rayor Steel" brand. It does not pay to buy a Saw for one dollar less, and lose 25 cents per day in labor Your saw must hold a keen edge to do a large day's work. Thousands of these Saws are shipped to the United States and sold at a higher price than the best American Saws.

Maple Leaf Saw Set

Directions.—Place the Set on the point of touth as shown in the above cut, and strike a very light blow with a tack hammer. If you require more set, file the tooth with more bevel. If you follow directions you cannot make a mistake. Be sure and not strike too hard a blow, and it will set the hardest saw.

Manufactured only by SHURLY & DIETRICH, Galt. Ont.
