

DEATH OF 4,000 HEAD OF CATTLE.—It is stated that 4,000 head of cattle have died in Utah last winter on account of deep snows, which prevented their getting to grass.

STOCK SALE.—Mr. John H. Holden, Sidney Grange, has sold Ayrshire bull, General Brock (478) and heifer Cora 3d (692) for \$400 to E. R. Cowdon, Esq., Harbor Creek, Pennsylvania.

SALE OF SHORTHORN BULLS.—R. Gibson, Ilderton, Canada, has sold young shorthorn bulls to the following parties: George Frederick to Frank Shore, Westminster; Frankie's Duke to A. J. C. Shaw, Thamesville; and Prince of Bosanquet to Mr. Pollock.

A COW WITH A WOODEN LEG.—An English country paper records the following fact: A young cow on the farm of Mr. Wilson, in Barrowdale, Cumberland, recently broke her leg. It was amputated, and a wooden leg supplied, and she is now stumping about, doing well.

Among the horses to be taken to the Centennial from the County of Huron, will be four belonging to Mr. J. J. Fisher, of Colborne. "Simon Pure," heavy draught; "Young Peacock," coacher, and two colts. All are really fine animals, and will sustain the reputation that section has gained for fine horses.

AN OLD BROOD MARE.—Mr. A. F. Williamson, Aberdeen, Scotland, has a well-bred mare in her thirty-second year, who foaled a few weeks since a fine colt foal by Rinaldo. She has bred regularly for the last three years, and it is said she still looks wonderfully well, and her owner expects her to breed a few more foals.

THORNTON'S CIRCULAR.—We have just received Thornton's circular, from which we glean the fact that there were 2,315 head of shorthorns sold in 1875, at an average of \$513.50, against 2,161 animals in 1874, averaging \$356.90, showing that shorthorns have advanced in England in the past twelve months, one-third in price. The prices of 1874 were far in advance of any previous year.

ENGLISH SHORTHORN SALES.—From *Bell's Weekly Messenger* we receive the following result of sales occurring in England the third week of March: One hundred and five head of females were sold at fair prices, 28 at Balnesse, March 23d, selling for about \$13,000; 33 bulls sold at good prices; Royal Windsor, white, calved 1869, withdrawn at reserve bid of \$30,000. These sales showed an increased interest in shorthorns, and short pedigreed animals went at low figures.

IMPORTATION OF SHORT-HORN CATTLE.—Mr. F. W. Stone, of Guelph, has recently received ex Circassian, from Liverpool, the following valuable importation of fashionably bred Bates & Knightly Short-horns, viz:—No. 1—*Lady Adèle*—roan, calved Nov. 25th, 1869, sire, 2nd Duke of Collingham (23730), dam, Queen of Tyre by Archduke (17316). No. 2—*Damsel 2nd*—roan, calved Feb. 10th, 1874; sire, Baron Knowlmore (33957), dam, Damsel by Oxford Don (20451). The above are bred to 3rd Duke of Hillhurst (30975), which was sold at Lord Dunsmore's sale for 3,000 guineas. They were purchased at the Berkeley Castle sale in April last. No. 3—*Oxford Rose*—roan, calved Nov. 21th, 1873; sire, Oxford's Baronet (29199), dam, Grand Duke's Rose by Grand Duke 6th (19876), &c. No. 4—*Telluria 1st*—red, calved May 15th, 1875; sire, Baron Wild Eyes (33100), dam, Telluria by Oxford's Baronet, &c. The above were bred by Mr. T. Barber, Sproutley Rise, York-shire. No. 5—*Euphony*—roan, calved September 4th, 1873; sire, Knightley Wellington (31533), dam, Gossamer 1st by Cambridge (25705), &c. No. 6—*Athale*—roan, calved September 29th, 1873; sire Knightley Wellington (31533), dam, Gossamer 2nd by Cambridge (25705), &c. No. 7—*Lady Farblow 2nd*—roan, calved June 17th, 1875; sire Knightley Wellington (31533), dam Melody by Blue Gown (28051).

Shorthorn Sales.

As observed in our last issue three great sales came off in this city on the 14th, 15th and 16th inst. At the first of these, Mr. John Thornton, the great English stock auctioneer took an active part. The others were conducted by Messrs Page and Muir. The animals offered were in fair breeding condition, a few only being in high exhibition order. The following are the details of the first two:

Messrs. Cochrane, Beattie and Hope's Herd.
