A Word to the Wise.

There are other railroads, but if you can get a ticket via New York Central you know you will have not only the *best service* and make the *fastest* time but when you reach your journey's end you will find yourself in the centre of the city to which you travel, and having passed over the most comfortable route you will vow never to go by any other.

"A word to the wise is better than an unabridged dictionary to one who can't read."
