

Central Vermont Ry.—A conference took place May 11, between C. V. Ry. officers and the St. John's and Iversville, Que., town councils, respecting the construction of a railway and general traffic bridge across the Richelieu River, at St. John's. F. H. Fitzhugh, General Manager, stated that the company desired to raise the grade, and obviate the necessity of opening the draw for boats passing in and out of the harbor. The suggestions were approved and plans will be prepared for submission at a future meeting.

G.T. Pacific Ry.—The bill approving of the amended agreement respecting the construction of the G.T. Pacific Ry. has been given a third reading in the House of Commons. The G.T.R. is applying at the current session of the Dominion Parliament for an act amending the provisions of the act of 1903 incorporating the G.T. Pacific Ry. in so far as they

STREET CAR BRAKES

THE MOMENTUM BRAKE ENSURES:

1. **Absolute** and **steady** control down long and steep grades.
2. **Maximum braking** effect under all conditions of rail.
3. Minute **regulation** of braking power, thereby no skidding of wheels.
4. **Instantaneous release.**
5. **Economy. Certainty. Simplicity** of operation.

E. H. KEATING, Manager Toronto Railway Co., says:

"All of the motormen who have used these brakes speak in highest terms of them, and the men very much prefer cars equipped with these brakes to those with the ordinary description of brake."

"Regarding cost of repairs, I do not think they will amount to \$5 00 per annum."
