### "FOR THE BLOOD IS LIFE."

See Deuteronomy, xii: 28. The blood being the source from which the system is up, and from which we derive our mental as well as physical capabilities, how important that it should be kept pure! If it contain vile, festering poisons, all organic fractions become enfectled. Settling upon mportant organs as the lungs, liver, and idneys, the effect is most disastrous. lence it behooves all to keep their blood in a perfectly healthy condition, and more especially does this apply at this parttoular ason of the year than at any other. No matter what the exciting cause may be, the matters what the exciting cause may be, the mal cause of a large proportion of all diseases is bad blood. Now, Dr. Pierce does not wish to place his Golden Medical Discovery in the catalogue of quack patent ostrums, by recommending it to cure very disease, nor does so recommend it; the contrary, there are hundreds of diseases that he acknowledges that it will e; but what he does that there is but one form of blood disease that it will not cure, and that disease is caner. He does not recommend his Discovery for that disease, yet he knows it to be the most searching blood-cleanser yet disrovered, and that it will free the blood and return of all other blood-poisons, be they animal, vegetable, or mineral. The Gold-an Medical Discovery is warranted by him octre the worst forms of Skin Diseases, as ll forms of Blotches, Pimples, and Erup-ions; also all Glandular Swellings, and he worst form of Scrofulous and Ulcerated ores of the Neck, Legs, or other parts, and all Scrofulous Diseases of the Bones, White Swellings, Fever Sores, Hip-joint and Spinal Diseases,—all of which belong o Scrofulous diseases. # Ayer's Hair Vigor,

For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. Faded or gray hair is soon restored to its original color with the gloss and freshness of youth. Thin hair is thick-

ened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sedi-ment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

For all the purposes of c. Laxative Medicine.

Perhaps no one medicine is so universally required by everybody as a cathartic, nor was over any before so universally adopted into use, in every country and anong all classes, as this mild but efficient purgative Pill. The obvious reason is, that it is a more reason in the client purpose in the client purpose is a cathartic, nor weak of the reason is, that it is a more reason in the client purpose in the

Their sugar coating preserves them ever fresh and makes them pleasant to take, while belix purely regetable no harm can arise from their use in any quantity. They operate by their powerful initien e on the internal viscors to purify the blood and stimulate it into healthy action—remove the obstructions of the stoma h, bowels, liver, and other organs of the cody, restoring their 'regular action to health, and by correcting, wherever they exist, such dorangements as are the first origin of disease.

Minute directions are given in the wrapper on the box, for the following complaints, which these Pills rapidly core:—

For Byspepsia or Indigestion, Listlesses, Lungmor and Loss of Appetix, they should be taken moderately to stimulate the stomach and restore its healthy tone and action.

For hiver Complaints and its various symptoms, Billious Healthache, Sick Healthache, Sink Healthache, Silk Healthache, Sullious Healthache, Sick Healthache, Sullious Healthache, Sick Healthache, Soulcond action or remove the obstructions which cause it.

taken, as required, to cange the alteries action of the system. With such change those complaints disappear.

For Brepey and Brepetcal swellings they should be taken in large and frequent desect to produce the effect of a drastic purge.

For Suppressions a large dose should be taken as it produces the desired effect by sympathy.

As a Disner Pill, take one or two Pills to promote digestion and relieve the stomach.

An occasional dose simulates the stomach and howels into healthy action, restores the ampetic, and invigorates the system. Hence it is often devantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these Pills makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.
